# Blood Disorders

are simply kidney disorders. The kidneys filter the blood of all that shouldn't be there. The blood passes through the kidneys every three minutes. If the kidneys do their work no impurity or cause of disorder can remain in the circulation longer than that time. Therefore if your blood is out of order your kidneys have failed in their work. They are in need of stimulation, strengthening or doctoring. One medicine will do all three, the finest and most imitated blood medicine there is.

The Transvaal War  
 PRIVATE A. RIGGS.  
 A correspondent of the Halifax Herald writing from Paardeberg says: "G" company lost very heavily, some five or six being killed and nine or ten wounded. I must here bear testimony to Private Alfred Riggs of "G" company, (belonging to Charlottetown.) Alfred Riggs was an earnest Christian worker. His religion was no put on thing with him. On board the Sardinian, coming out, he took an active part in the religious meetings held by Mr. Fullerton and Dr. Barrie. He was indefatigable in asking men to give their souls to Christ, and when he asked it he meant it. He was quite a lad, and his face was illuminated by a bright and happy smile, which only truly-found grace can impart. I remember talking with him on board the Sardinian, and he told me he did not think he would ever see Canada again, but he added, "all is for the best" and "I am quite prepared" These words may seem like so much idle chatter, but if only half the true knowledge of the noble character of Alfred Riggs were known it could only serve to inspire. There is one thing more about this heroic Christian worker I have to tell the people of Prince Edward Island. When the body of Alfred Riggs was found it was the body of the British soldier in Africa nearest to the Boer entrenchments. Prince Edward Island should well afford some sort of a niche to perpetuate the memory of one of her sons as brave a soldier as ever left the shores of Canada. The body of Alfred Riggs was found riddled on top of the Boer entrenchments. The fatalities through war alone so far indicate that there is not one company which will march back to its place of origin intact.
