CUT THIS OUT AND SEND IT TO US.

The Examiner Publishing Co.,

Charlottetown, P. E. Island.

You will please send to my address the DAILY EXAMINER for 12 months from date, for which I agree to pay 35 cents a month, it being understood that you are to have sent to my address for one year, without extra charge, McCLURE'S MAGAZINE, commencing with the current number.

Name..... Address.....

Date.....

CALL AT OUR OFFICE and see the entertaining and finely illustrated McCLURE'S MAGAZINE, which has among its contributors the most famous authors in America and England, including R. L. Stevenson, Rudyard Kipling, A. Conan Doyle, Octave Thanet, William Dean Howells, Bret Harte, Clark Russell, Joel Chandler Harris, Thomas Hardy, J. T. Rowledge, Jerome K. Jerome, Frances Hodgson Burnett, Theodore Roosevelt, Joaquin Miller, Gilbert Parker, John Burroughs, Hamlin Garland, Prof. E. S. Holden, Prof. C. A. Young, H. H. Boyesen, Robert Barr, Henry M. Stanley, Archibald Forbes, Andrew Lang, and many others.

Each number of McCLURE'S MAGAZINE contains two illustrated interviews with famous people. Jules Verne, Frances Hodgson Burnett, Tessander, the famous French Balloonist, Archibald Forbes, Thomas A. Edison, F. Hopkinson Smith, H. H. Boyesen, Alphonse Dauzet, Camille Flammarion, Edward Everett Hale, Professor Graham Bell and many others, have furnished material for especially prepared interviews, which will appear fully illustrated in this magazine.

HENRY M. STANLEY will contribute, especially for young readers, a story of AFRICAN ADVENTURE.

NATURAL HISTORY AND ADVENTURE.—There will be several articles written by Raymond Blathway, who has been called by Mr. W. T. Stead the best interpreter in England, from material furnished him by Carl Hagenbeck, of Hamburg, the great animal importer and trainer. These articles deal with the Capture of Wild Beasts, the Training of Wild Beasts, the Transportation of Wild Beasts, the Adventures and Escapes of Carl Hagenbeck. The series will be illustrated by an English artist of great skill in drawing animals.

JOHN BURROUGHS, C. F. HOLDER, DR. C. C. ABBOTT, and other writers famous for their work in this field, will contribute to the Magazine.

Of interest to both Young and Old will be PROF. R. L. GARNER'S AFRICAN EXPEDITION TO THE GORILLAS. Arrangements have been made, in connection with a leading English review, to publish Professor Garner's letters descriptive of his present expedition to Africa. Professor Garner is noted the world over for the curious and interesting investigations he is making in the speech of monkeys. He sailed for Africa last September for the purpose of further pursuing his studies in the native haunts of the gorilla. The illustrations of these articles will be from photographs taken by Prof. Garner in Africa.

McCLURE'S MAGAZINE also contains most interesting articles under the heads: "The Edge of the Future," "New Knowledge," "Knowledge of Immediate Value," "The Present Hour," "Stranger than Fiction," etc.

We are offering this splendid Magazine with THE DAILY EXAMINER for only \$4.00 a year, payable in advance or in monthly instalments of 35c. as desired.

We make this exceptional offer in order that we may secure a large number of new subscribers, but all who are already subscribers may avail themselves of this opportunity to secure practically free this great popular Magazine. Address:

On Saturdays will leave Cranberry Wharf for Charlottetown at 6 o'clock, and will leave Charlottetown for Cranberry Wharf, arriving there about 6 o'clock.

L. C. OWEN, Agent, Charlottetown.

W. H. ROGERS. AMHERST, N. S., May 27, 1893. THE GROSSER DYSPEPSIA CURE CO. GENTLEMEN—I am 71 years of age. Have been afflicted with sick headache most all my life, which developed into Dyspepsia of a mild type about twenty years ago, and has continued to grow worse until during the past seven or eight years I have not been able to take a drink of cold water or milk, as they would produce severe pains and sometimes vomiting. I have been subjected to severe pains in the chest, with hiccups, which have been more frequent during the past three or four years. My month was turned up in the mornings, accompanied with bad breath. My case was yearly growing worse. During all this long period I have tried many popular medicines, as well as prescriptions from the regular medical practitioners, but without producing any improvement. In the fall of '92 I concluded to try a bottle or two of your medicine and such were its effects that I continued it and now I can drink cold water or milk without any inconvenience. Those dizzy pains are all gone and my mouth is as sweet as a baby's. In short, your medicine has cured me and I am sure that all Dyspepsias can be cured by its use. (Signed) W. H. ROGERS, Late Inspector of Fisheries for Nova Scotia.

PUTNERS EMULSION IS THE BEST TAKE NO OTHER CARD!

We take this opportunity of thanking our numerous friends and customers in Town and Country for the generous support extended to us during the last twenty-five years, and of asking for the continuance of their favors. We have sold our entire stock of Groceries, but not our business, to the McKay Woolen Co., and transferred our lease to them. We therefore beg to announce that we have rented the new and commodious Brick Store of Messrs. Dodd & Rogers, Queen Street, one door north of the Old Stand, which will be fitted up in first-class style, and where, in the course of a few weeks, we will offer for sale at lowest possible prices a new and varied stock of GROCERIES second to none in the Provinces.

J. D. MACLEOD & CO. N. B.—We will be found, until our New Store is ready, in WHITE'S BUILDING, occupied by W. B. Robertson, Esq., two doors north of the Old Stand.

J. D. M. & CO. Charlottetown, Sept. 15, 1893—1y 1n then eod & wky

What is CASTORIA

Castoria is Dr. Samuel Pitcher's prescription for Infants and Children. It contains neither Opium, Morphine nor other Narcotic substance. It is a harmless substitute for Paregoric, Drops, Soothing Syrups, and Castor Oil. It is Pleasant. Its guarantee is thirty years' use by Millions of Mothers. Castoria destroys Worms and allays feverishness. Castoria prevents vomiting Sour Curd, cures Diarrhoea and Wind Colic. Castoria relieves teething troubles, cures constipation and flatulency. Castoria assimilates the food, regulates the stomach and bowels, giving healthy and natural sleep. Castoria is the Children's Panacea—the Mother's Friend.

Castoria. "Castoria is a compound medicine for children. It is pleasant and is used by millions of mothers. It is a harmless substitute for Paregoric, Drops, Soothing Syrups, and Castor Oil. It is Pleasant. Its guarantee is thirty years' use by Millions of Mothers. Castoria destroys Worms and allays feverishness. Castoria prevents vomiting Sour Curd, cures Diarrhoea and Wind Colic. Castoria relieves teething troubles, cures constipation and flatulency. Castoria assimilates the food, regulates the stomach and bowels, giving healthy and natural sleep. Castoria is the Children's Panacea—the Mother's Friend."

FIRST-CLASS SILVER & GOLD WATCHES AND OTHER GOODS. E. W. TAYLOR, CAMERON BLOCK.

Charlottetown, September 11, 1893.

THINGS WORTH KNOWING. USEFUL SUGGESTIONS FOR THE HOUSEHOLD AND FARM.

Many suitable to the Season While Others Are Worthy of Careful Preservation.

A liquid that will cause solder to adhere to brass, iron and similar substances may be made as follows, says The National Druggist. Dissolve six parts of granular zinc in twenty-four parts of hydrochloric acid, and when effervescence ceases, add one part of chloride of ammonium. Then add two parts of alcohol. Keep the solution in a glass stoppered bottle.

To Re-Japan Trays. Old trays may be re-japaned by the following process, says a writer in The Technologist: First clean them thoroughly with soap and water and a little pumice stone; then dry by wiping and exposure to the fire. Next, get some good copal varnish, mix it with some bronze powder, and apply with a brush to the denuded parts. After which set the tray in an oven at a heat of 212 degrees until the varnish is dry. Two coats will make it equal to new.

Label Paste. One of the best pastes for sticking labels on tin cans is made by mixing one pound of the very best flour with six to eight ounces of brown sugar. Boiling water should be used as with ordinary paste. This paste will be likely to stain linen, and in that case when the sugar has dried, it is necessary to make the paste every day as required for use, as it turns out very quickly.

Non-Erasable Ink. An ink that will resist all chemical agents may be made, says a German authority, by mixing 20 parts of caustic potash, 10 parts, by weight, of leather scraps, cut fine, and 5 parts of sulphur. Place in an iron kettle on a sand bath, covering the mass until it first becomes dry and then by the continual heat again becomes sticky. The product is then dissolved in water, strained, and preserved in well-stoppered bottles.

Ink for Rubber Stamps. From a German source The National Druggist receives this general formula for an ink free from oil for use with rubber stamps: Make a mixture of one part each of distilled water, white vinegar and alcohol, with seven parts of glycerine. For color add a little aniline blue or one part of aniline blue, methyl violet or lozin.

Universal Insecticide. Add an ounce of oil of cedar and one ounce of oil of wintergreen to 16 ounces of alcohol. This may be applied with a brush to all crevices where gnats or insects are suspected, with most satisfactory results.

Destroying Parasites on Plants. The following is recommended by the British and Colonial Druggist as the best preparation known for killing insects on plants: Rub one pound of sulphurated potash as fine as possible, and mix it intimately with four pounds of oil soap. A large teaspoonful of this should be mixed with each gallon of soft water, and the plants well sprayed with the solution.

A Remedy for Toothache. Melt white wax or spermaceti, two parts, and when well and add carbonic acid crystals, one part, and chloral hydrate crystals, two parts; stir well until dissolved. While still liquid immerse thin layers of carded absorbent cotton wool and allow them to dry. When required for use a small piece may be dipped in oil of turpentine, warmed, and it can be inserted into the hollow tooth, where it will solidify. The case produced by this simple method is really very great.

To Take Mites Out of Linen. Run the linen with fine soap; then scrape some fine chalk, and rub it also on the linen. Lay it on the grass as it dries, wet it a little, and it will come out in twice doing.—Chemist and Druggist.

The Pharmaceutical Era says that an excellent remedy for chicken cholera may be prepared by mixing one ounce of precipitated chalk, half an ounce of powdered cayenne, and one drachm of carbonate of iron, adding sufficient syrup of poppies to make a mass. The diet of the fowls should be changed, whole meat or rice being substituted for the usual food, and a small piece of the above mass crammed down the throat twice a day.

Application for Poison Ivy. Add half an ounce of lime water, carbonate of zinc to two ounces of lime water and two ounces of glycerine. Apply the mixture to the inflamed surfaces with a piece of soft, old muslin.—Pharmaceutical Era.

Wash for Sunburn. When the skin is red and inflamed the following is said to afford relief. Mix one part each of carbonate of lead and powdered arrow root, two parts of olive oil, and eight parts of the ointment of rose water. Apply lightly to the surface.

Ointment for Red Hands. After the hands have been thoroughly washed with an easy lathering soap and dried carefully, the ointment should be well rubbed in. This is made of two parts of Lanolin and five parts of liquid paraffin, to which 20 grains of vanillin and one drop of oil of Rosemary are added. The ointment is best kept in an artist's color tube, from which the contents can be squeezed out when desired.

The Beauty of Wild Shrubs. The amateur will find nothing better worth taking into the home grounds than the native shrubs, vines and trees of his own country and neighborhood. He will probably not be convinced of this until he sees the wild shrubs in flower from the last of May till the earliest frost brings out its catkins in autumn. Then, if he has any eye for the beautiful, he will covet such plants, mark their site and transfer them when out of flower. One can have little idea of the growth into which these shrubs can be encouraged, or the fine setting they make in familiar soil and climate.—Housewife.

The Doctor Passed Him. GRAVENHURST, Sept. 18.—About a year the newspapers contained of the curious case of Sam Murray, a railroad brakeman, of this place. He was paralyzed, as a consequence of an injury received while coupling cars, and for two years was unable to work. Several doctors, among them some Toronto specialists, pronounced him incurable and his case hopeless. The Grand Trunk Railway Company paid him his full disability claim, and the Brotherhood of Railway Trainmen was about to pay a similar claim, when Murray astonished everybody by a return to health. It was proven at the time, beyond the possibility of a doubt, that Murray's recovery was due to Dodd's kidney pills. A few days ago Murray applied to a life insurance company to take out a policy on his life. Two physicians have just examined him, pronounced him a desirable risk, and recommended the company to issue a policy. That's the kind of work Dodd's kidney pills do.

A Comfort Sometimes. When health is far gone in Consumption, then sometimes only ease and comfort can be secured from the use of Scott's Emulsion. What is much better is to take this medicine in time to save your health.

Sportsmen, Attention! Send for our catalogue of Portable Boats and Canoes. They are unequalled for Fishing, Shooting and Cruising. Sportsmen can reach any lake or river with them and can carry them as baggage. Weigh from 35 lbs. up. Price from \$25.00 up. Invest in one and save time and money. ACME FOLDING BOAT CO., 241 St. James Street, Montreal.
