## Local and Other Items.

THERE will be a meeting of the City Council this evening at 7.30 o'clock.

THE Bishop of Ontario has appointed Archdeacon Parnell, of Kingston, his Commissary during his absence from the Diocese in England.

IT is reported that Mr. P. Sinclair, the day before yesterday, said positively that he would not be a candidate in the coming general election.

The Workingmen's Mutual Building Society, Montreal, is in financial difficulties, and will probably have to go into liquidation.

Mr. Lecavalier, the member for Jacques Cartier, is the Opposition whip in the Quebec Legislative Assembly, and Mr. Charles Langelier, member for Montmorency, is the Government whip.

From the opening of navigation to May 28th, there were shipped from the St. Lawrence to Europe 1,285 tons of phosphate. It is estimated that the total shipment this season will reach 7,000 tons.

I. O. O. F.—Regular convocation of "Port la Joie" Encampment, No. 13," for the nomination of officers, will take place at Oddfellows' Hall this evening, at 8 o'clock. Visiting Patriarchs cordially welcomed.

COLLISION.—On the night of Sunday last an unknown ship collided with the *Ralph B. Peake*, of this city, while the latter was *en route* for Montreal—carrying away the maintopsail yards, and mizzen topmast.

CHURCH APPOINTMENT.—As the Venerable Archdeacon Read has obtained twelve months leave of absence from his Archdeaconry, the Bishop of Nova Scotia has appointed the Rev. G. W. Hodgson his Commissary for the Island.

TALL RYE.—The tallest stalk of rye discovered as yet, this year, in the Ottawa Valley, is one seven feet, presented to the Renfrew *Mercury* by a Mr. Ward. About the tallest rye in this city is six feet two inches, and it has a peculiar fondness for stalking about bar-rooms.

THE steamer *Worcester* arrived from Boston last evening, with a cargo of general merchandise, and the following passengers: Miss Lizzie Dean, Miss A. McKinnon, Benjamin Holland, Miss Godfrey, Peter Orchard, H. D. Farrow, Miss Maggie McLeod, Miss E. Farrow, Miss Maggie Leet, Mrs. McKenzie, Miss Mary A. Brehaut, Mrs. Taylor, Miss McLeod, Mrs. McKenzie, Mrs. Pard, Miss Lantern.

THE statement respecting the firing of a gun on Rochford Square last Saturday evening was incorrect in one particular. Referring to Mr. Carroll, whose windows were broken by the shot, the statement was:—

"He suspects a fisherman who resides at the North side of Square, of being the party who fired."

We are assured, on good authority, that Mr. Carroll had no grounds for such a suspicion, and that the person to whom allusion was made was unjustly accused.

GOOD SHOOTING.—On Saturday evening some very good shooting was made at Kensington Range. Mr. R. B. Huestis, 2nd Battery Artillery, out of a possible score of 140, made 109 points. This would be counted good shooting anywhere: At 200 yards 2?444—16; at 400 yards, 2255554—28; at 500 yards, 4555554—33; at 600 yards, 445450442—32; making a total score of 109.

QUITE a commotion was caused shortly after twelve o'clock last night, by the continuous blowing of a steam whistle. A number of persons thinking it was a signal of a fire, roused themselves, and, after ascertaining the cause, went back to their several slumbers somewhat "sold." It proved that an escape of steam from the tug "Winnie" was the cause of the alarm.

## Souris Items.

The farmers in this section have looked sad on account of the drouth. But a great change came over them last week. The loud thunder and sharp lighting, accompanied by plenty of rain of last Wednesday night, would not allow them to sleep, and have changed the colour of the grain and grass, as much as the sad countenance of the farmer. Crops, of all classes look well.

Much excitement prevails here, as to the change of the location of the Railroad and the site for the depot. Many want it nearer their door. Others farther away. All are of one mind, that it must be moved out of the sand pretty soon or be lost; so any place will suit better than where it is.

Soon arrangements will be made to build a new road to the Breakwater. Many are looking for a chance to grab a few dollars of the public money. Also, next comes the repairing of breakwater. This bubble is ready to be pricked; as the time is drawing to a close to let out the contract.

A large business is being done at this place in canning lobsters. Double the amount has been packed this season that there was last year at the same time; over 2,000 have been put up daily. The past week Mr. Haley has quite a posse at work—old and young. Mr. White, of Nova Scotia, has charge of the Factory, and everything moves on like clock-work under his skillful management.

Mr. Fuller, of the "Fuller House," is coining money out of the Gulf, by curing a large amount of fish. Very fine specimens of cod have been caught of late. Mr. F. believes in doing instead of talking, as can be seen by the brine if they visit his establishment.

Mr. D. McCarthy, in the employ of C. C. Jones, met with a bad accident last Monday. He drove a pick into his foot some three inches while sinking a tubular well at Mr. Haley's Lobster Factory.

The new Lockup and Court House is being fitted up; and will add one more new building to the place.

## Defeat of the Joly Government.

## *Price Refuses to Vote!*

### Further Discussions Going On.

*(Special Despatch to Examiner.)*

MONTREAL, June 11.

The Government were beaten by a majority of one on Chapleau's amendment to the address—Price refusing to vote. After the vote to-day, Watts, of Drummond and Arthabaska, proposed a motion of confidence in the Government, when Chapleau moved, that as the Government was in a minority, it should resign.

The discussion on the amendment is proceeding, and a division may be taken to-night.

## The Berlin Congress.

### IMPOSING CEREMONIES.

### PRELIMINARY WORK.

### Sketch of the Programme.

*(Special Dispatch to Examiner.)*

BERLIN, June 11.

All the Plenipotentiaries will have arrived here by Wednesday except the Turkish, who cannot reach the city before Friday or Saturday.

The Plenipotentiaries will be received on Wednesday in State audience by the Crown Prince, and they will be conveyed to the Palace in State carriages.

On Thursday afternoon the Congress will meet for the first time, and after the transaction of necessary formalities, such as the verification of the several powers of the Plenipotentiaries and the appointment of officials.

The proceedings will be opened by Prince Bismarck, as President, by submitting his memorandum of the resume of subjects to he treated directly by the Plenipotentiaries, each of whom willl receive a copy of this document. The business of the first sitting will be confined to the settlement of the question, whether or not Congress shall invite Greece to participate in its transactions.

A state banquet, at the castle, will be given the Plenipotentiaries and their suites, on Thursday or Friday evening.

It is highly improbable that Roumania or Servia will be accorded direct access to Congress, either with full or consulative powers.

The original anticipation that the Congress would complete its labors in a fortnight, is thought likely to be realized. Commissioners will then be sent to Turkey to settle details. The result of the Congress, it is anticipated here, will not be unfavorable to Russia. She will probably get a portion of Bessarabia and Armenia, the latter including Kars and Ardahan certainly; and, perhaps, also Batoum, but not Bayazid.

Wilhelm's street is in a great stir of anticipation. Newspaper correspondents from all parts of the world are already here. A report is current that the Bonaparte, Orleanist and Bourbon interests are to be privately advocated during the Congress by gentlemen deputed for the occasion, hope being entertained by Monarchist parties in France that a conservative re-action will shortly set in at Berlin and that Monarchy may have another chance at Paris.

SCHOONER CAPSIZED.—The schr. Daddy, lumber laden, from Miramichi for Charlottetown, was capsized off Cape on Friday morning last. It was blowing fresh and the crew narrowly escaped drowning. They managed to take to their boat, and were shortly afterwards picked up by a passing vessel and landed at Point du Chene. The tug Henry Aitken which happened to be at that port at the time, was dispatched to the disabled vessel's assistance, and succeeded in towing her into Shediac. The Daddy got water-logged the previous night and lost her deck load. She has since been righted.
