N.S. Minister of Mines Visits Toronto

TORONTO, May 11—(C.P.)—Hon. Michael Dwyer, Nova Scotia Minister of Mines who assisted in the rescue of Dr. D. E. Robertson and Alfred Scadding from their 10-days entombment in the Moose River gold mine arrived here Saturday night.

"Purely a personal trip, social and a few odd little business things to take care of," Mr. Dwyer said. He will spend a few days in Toronto and possibly a few days in Cleveland, where he has relatives.

"And I have the idea in the back of my mind that maybe we might be able to sell some Nova Scotia coal up this way," he added.

Mr. Dwyer denied he had come to Toronto to assist in distributing the Moose River rescue fund.

"I have not come for that purpose for the simple reason that the Nova Scotia government naturally cannot participate in that work," Mr. Dwyer said. "That is a misconception of the situation. That is a voluntary offering of the people it cannot be an official action."

VERNON RIVER WOMEN'S INSTITUTE

The regular meeting of the Vernon River Women's Institute was held at the home of Mrs. John Currie, Tuesday evening, April 14th with an attendance of nine members and seven visitors.

Meeting opened by singing. Ode followed by repeating creed in unison. Roll call was answered by "How I can improve Institute."

The minutes of previous meeting were read and adopted. Reports from sick committee were heard. Mrs. James Wilson and Miss B. Stuart were appointed on sick committee. Miss Irene Curley and Miss Marie Macdonald on program committee for next month.

The program for evening consisted of reading by Mrs. John Curley, recitation by Miss Cecelia Currie. Contest put on by Mrs. Irving Tweedy won by Mrs. Everett Stuart. Contest put on by Mrs. John Curley won by Mrs. Norman MacMillan.

Mrs. Irving Tweedy invited members to her home for May meeting. Roll call to be answered by singing. Meeting closed with singing National Anthem. Refreshments were then served by the hostess and a social time spent.

Watch the Lawns For Chinch Bug

The chinch bug is a small gray and white insect which injures many plants of the grass family by sucking out the sap and causing the leaves to turn brown. It commonly feeds close to the soil surface and is not seen unless looked for. In the Maritime Provinces it is particularly a pest of lawn grasses and in 1931 was very plentiful in many Nova Scotia lawns. The development of the insect is favored by hot, dry weather and retarded by frequent rains. After a hot summer, the insects are often numerous. They pass the winter as adults and begin feeding and breeding in April. The indications from reports to the Entomological Branch are that chinch bugs may be abundant in 1936 and lawn owners are therefore cautioned to watch for the pest and to take early steps to prevent injury wherever it is found. Circular brown patches on lawns are a common indication of its presence. If the insects are found in any numbers around the outside of such patches, treatment with a contact insecticide should be given at once. The grass on infested areas is generally killed or weakened to such extent that it is unable to take possession. Hence, on an area of any size it is desirable to remove the turf and reseed or reseed in early spring, giving sufficient nitrogenous fertilizer to aid in maintaining good growing conditions.

When Poisons Clog KIDNEYS and Irritate Bladder

JUST DO THIS

Go to your druggist today and get this safe, swift, and stimulating—ask for Gold Medal Haazlem Oil Capsules and start at once to flush kidneys of acid and poisons. That's the way to bring about healthy kidney activity and stop that bladder irritation which causes scanty passage with smarting and burning as well as restless night. Remember, the kidneys need flushing as well as the bowels, and some symptoms of kidney weakness are: Getting up once or twice during the night—putty in legs—backache and moist palms. But be sure and get GOLD MEDAL Haazlem Oil Capsules from Haazlem in Holland—the price is small (40 cents), the good results will follow.

Sir James Barrie's 76th Birthday

LONDON, May 11—(A.P.)—Sir James M. Barrie spent his 76th birthday quietly Saturday in the famous flat where the immortal Peter Pan was born.

Callers who were not allowed to see him were assured by his Scottish housekeeper that the famous author was "verra weel, thank ye kindly."

Sprigs of heather brought greetings to the "author who will never grow old" from his native Kilmuir, while other friends remembered him with flowers and telegrams.

LAKE VERDE

The many friends of Mr. P. M. Callaghan will be glad to learn that he is able to be around again after a two weeks illness.

Mr. Earle Acorn has returned home from a short visit to Amherst, N.S., the guest of his brother, Mr. S. V. Acorn.

We regret to report that Mr. John Kelly had the misfortune of breaking his arm a few days ago, when he fell from a truck wagon, on which he was driving.

The pupils of this district are making rapid progress, under the careful training of their teacher, Miss Anne Gill.

Miss Reta Gormley, St. Theresa's, is spending a few days here, the guest of Mr. and Mrs. P. M. Callaghan.

The auction sale at Fred Duffy's on April 30th was largely attended but owing to the farm not being sold, very few moveables were disposed of.

Mr. Joseph McKinnon, St. Peter's, has purchased the property owned by the late Mr. W. P. Cairns. Citizens welcome Mr. and Mrs. McKinnon to our district.

Mr. Joseph Lacey, general merchant, is planning the erection of a new store and dwelling. We wish Mr. and Mrs. Lacey success in their new undertaking.

Mr. and Mrs. James Redmond are spending a well earned vacation in Phoenix, Arizona.

Messrs John McEachern and Edwin Trainor, Hermitage, were recent visitors here, the guests of Mr. and Mrs. Owen Callaghan.

We understand the Lake Verde Dairy Co. is starting to operate on May 15th. The directors and managers of this company are to be congratulated on carrying on during the past few years of depression without having a dollar of debt on the building or the equipment, at the present time.

A very interesting debate took place here on Tuesday evening, between the Waterville Study Club and the Lake Verde Club. The subject "Resolved that the soldier has done more for his country than the statesman" was ably debated by both sides. The speakers from Waterville who upheld the resolution were Harry Mortimer, John Hughes, Angus McNeill, John Murray, and D. J. Hughes. For Lake Verde Owen Callaghan, Edwin Trainor, Anne Gill, Allen Callaghan, James Redmond, William Rooney, Joseph Lacey and Irene Curley. The judges, John H. Callaghan and Francis Trainor gave their decision in favour of the resolution. Francis O'Donnell acted as chairman. The week previous the Lake Verde club visited Waterville. The subject discussed was "Resolved that Poverty tends to develop a better character than riches." Lake Verde winning the decision by a few points. J. T. Grimes acted as chairman, and Seymour Hughes and Ivan Redmond, Judges.

BALDWIN ROAD WOMEN'S INSTITUTE

Report of the Baldwin Road Women's Institute.

The monthly meeting of the Baldwin Road Women's Institute was held in the schoolroom April 23rd. Roll call was responded to by twelve members. The meeting opened by singing "That Silver Haired Daddy of Mine," followed by roll call and reading and adoption of the minutes of the previous meeting.

After some discussion on ways and means of making money it was decided to hold a dance in the near future to increase the funds. Money was voted for a Mass for the repose of a recently deceased member. Messages of sympathy were sent to two members who have suffered the loss of their sisters.

After a social half hour the meeting closed with the National Anthem. The May meeting will also be held in the schoolroom when roll call will be answered by gardening hints.

Had Wide Range For Adventures

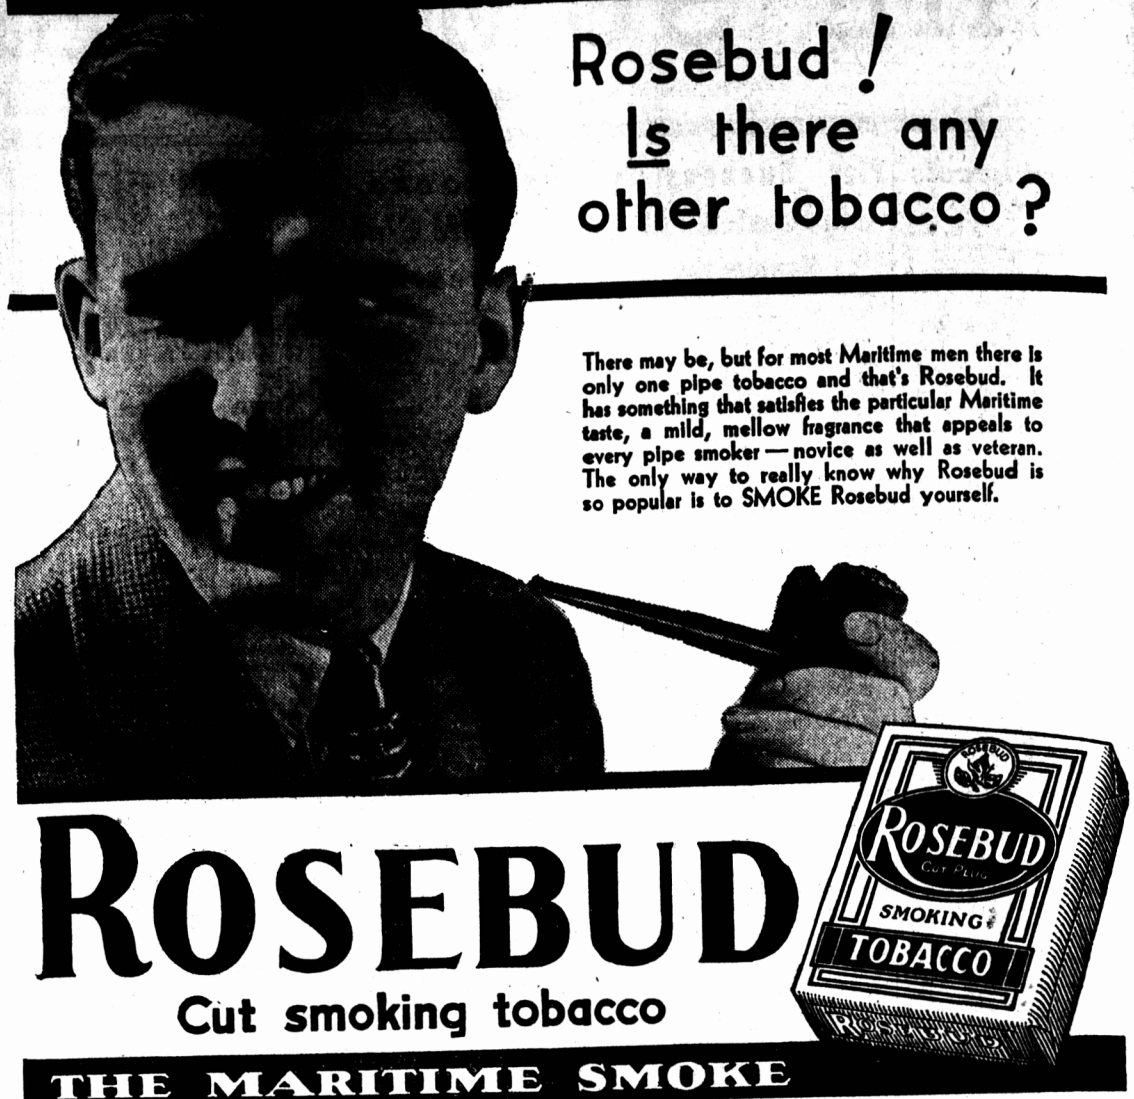

TORONTO, May 11—(C.P.)—"There is now a great woman in Toronto at the moment and very simple withal because, perhaps, she is so greatly gifted, because her experience is so wide," writes Bride Broder in The Mail and Empire.

Evelyn Willan, she has written months-in-training in a Toronto hospital, and a masseuse at Christie Street Hospital, has lived for years in the precincts of the great temple of Bethos I at Abydos, where she is director of research under the Egyptian Exploration Society, once a pupil in composition of Dr. Esley Willan, she has written months in Vienna; she is a botanist—her description of the flowers that spring up in the desert after a thunderstorm, shows the artist she also is; she has collected cooking recipes in various parts of the world—they all come in handy; she remarks, on passing, adding "and when the worst comes to the worst," makes dresses.

Rosebud!
 Is there any other tobacco?

There may be, but for most Maritime men there is only one pipe tobacco and that's Rosebud. It has something that satisfies the particular Maritime taste, a mild, mellow fragrance that appeals to every pipe smoker—novice as well as veteran. The only way to really know why Rosebud is so popular is to SMOKE Rosebud yourself.

MR. ALEXANDER CAMPBELL

After a brief illness in the 86th year of his age, Alexander Campbell of Alliston, passed peacefully to his reward, April 16th.

The deceased was a man of sterling character and highly esteemed in the community in which he lived the greater part of his life.

He was a man of strong conviction, a splendid Christian character and member of the Church of Christ.

He leaves to mourn his passing and cherish his memory, besides a sorrowing widow, three sons; and one brother: Herbert at home; Isadore in Winnipeg, Man.; Richard in Maldstone, Sask.; William, his only surviving brother at Winsloe, P. E. I.

Funeral services were conducted at his late home at Alliston, by Rev. E. Armstrong, Interment took place in Peizer's Road Cemetery.

A very large assembly at the home evidenced the esteem in which the deceased was held.

He rests for his labors and his works do testify.

the Red Sea—she photographed some of the formations through seven feet of water—to the porphyry deposit upon which the Romans drew; from the Mohammedan feast of Ramadan, that so wears on the minds and bodies of the faithful, to the strange effects of working among the remains of formed dynasties long dead. She turned aside to speak with profound pity of the sores and the sicknesses of the natives and of the religious

difficulties that lie in the way of attempts to cure.

"The third volume of Miss Calverley's standard work on the survey of the temple, with every inscription, every decoration fully reproduced, is just off the Chiswick Press, in England, and three more volumes are planned. With a young face, under a glory of clustering brown curls, and the easy word with which she hides amazing scholarship, Miss Calverley is far

removed from the popular conception of the woman devoted to scientific discovery. She is a charming woman who has walked with Queens and Princesses and can call the savant friend."

A necessity for evening wear seems to be a matching or contrasting jacket. Falles and novelty piques are favorite fabrics.
