Fawcett TORRID-OIL

For almost two decades Fawcett Torrid-Oil ranges have been known and respected for their dependability — economy — convenience — quality — and safe care-free operation. A range designed specifically for oil and given Canadian Standards Approval for safe, efficient operation.

Check these FAWCETT quality features:

- Exclusive, patented, "Synero-matic Draft" which automatically synchronizes both air and oil supply for clean, carbon-free, efficient operation.
- Oil-air control valve has safety float chamber to prevent flooding of burner.
- Blower operation automatically controlled by oil-air control knob.
- Burner automatically goes down to low fire in case of electrical power failure.
- Draft regulator automatically maintains constant flue draft for most efficient operation.
- Oven temperature control automatically maintains desired temperature.
- Electric clock and four hour timer lets you know when cooking and baking is done.

All these and many other features including up to 26% saving on oil consumption are yours with a FAWCETT TORRID-OIL

The "fabulous 400" by TAPPAN

The superbly modern look in ranges!

A new approach to both styling and cooking convenience—a range that can be installed at any height, replacing an existing conventional range, or "built-in" with your cupboards. This truly fabulous TAPPAN electric range has every convenience included to assure reliable and carefree cooking.

- Exclusive chrome lined oven, the fastest in the world, reflects and circulates heat evenly
- Double oven in 40 inch model (as illustrated), single oven in 30 inch model
- Fully automatic clock controlled oven
- Automatic roast control with insertion meat thermometer
- Built-in rotisserie for deliciously seasoned barbecued meats
- Full width glass oven-doors
- Thermostatically controlled top surface element won't let your food burn, makes all your cooking utensils automatic.

All these features and many more are included in the "fabulous 400" built by TAPPAN, world's largest manufacturer of "built-in" ranges.

BE SURE TO SEE THIS RANGE AND THE FAMOUS TAPPAN BUILT-INS NOW ON DISPLAY AT CROCKETT & STOREY LTD.
