

LOCAL AND OTHER ITEMS.

See Beer Bros. bargain corner. Look out for it—The letter of Mr. Charles Heitz on the sewerage question, will appear to-morrow.

The Elliott.—The steamer Elliott, Captain Angus Brown, will leave Charlottetown for Barbadoes and Trinidad, calling at Bermuda, on or about December 1st.

WORTH SEEING.—The last number of the Philadelphia Sunday Item gives almost a column to a criticism of the amateur theatricals recently given in the Masonic Temple of this city. The Item is for sale by Mr. R. H. Mason.

THUNDER AND LIGHTNING.—A thunder and lightning storm with heavy rain passed over some sections of Nova Scotia on Sunday night, and considerable damage was done. At Liverpool a dwelling house on the main street was struck by lightning and badly damaged.

Y. M. C. A.—Young men (especially the active members of the Association) are requested to remember the prayer meeting in the lecture room to-night at 8.30. All men are invited.

MECHANICAL DRAWING CLASS.—This evening in the class room.

POLICE COURT.—To-day, William McCabe was arraigned before His Honor on three separate charges of assault, the complainants being W. H. Irving, Thomas McCarrill and John Francis. He pleaded guilty to all three charges and was sentenced to two months in jail with hard labor for each—six months in all.

FROM BOSTON.—The steamer Carroll arrived from Boston this forenoon with a general cargo and one following passenger: Mrs. Allen, Miss Macdonald, Miss Williams, Mr. H. C. McMillan, Mr. D. J. Macdonald, Carl Bryan, Joseph Flacker, Jas. Sear, P. Larkins, John Sullivan, Daniel Clark, Donald Macdonald, H. McPherson, Jas. Nuttall, Mr. McPherson and Mr. McKenzie.

ANOTHER STEAMER SOLD.—It is stated that the Yarmouth Steamship Company have sold the steamer Boston to the agents of the Brazilian government to be fitted up as a war cruiser. It is said \$320,000 in guaranteed Brazilian bonds was offered in payment, but gold was demanded. President Baker left Yarmouth for Boston on Saturday evening, employed by the directors, it is believed to conclude the sale. The steamer cost \$220,000 and has never paid the company.

THE CHARLOTTETOWN SANITARY ASSOCIATION.—At the meeting held last night the Charlotetown Sanitary Association appointed a committee to secure suitable rooms in a central place on Queen Street in which to hold their future meetings. It is expected that the rooms will be ready for the accommodation of the members early next week. A programme will then be prepared, which will be duly announced through the press. In the meantime the members roll can be seen at the office of D. Nicholson, of the firm of Hickey & Nicholson, Queen Street. The motto of the Association, "Pure Air, Pure Water and a Pure Soil," cannot fail to commend itself to all who would desire to see our good old city attractive, clean and prosperous.

AGAINST COPPERS.—The ministers of the different denominations in Moncton have apparently entered upon a crusade against copper collections, and some of them have intimated quite plainly that nothing but silver should be put upon the plate. According to a late despatch, some remarks in this connection by Rev. Mr. Read in the Central Methodist church, have given rise to considerable comment. He was speaking of the obligations to give imposed upon the people, and referring to bankruptcy he considered that a man who becomes insolvent had as much right to consider God as any of his earthly creditors. God was entitled to a share of the proceeds of a bankrupt estate, and in case any creditor was preferred, that creditor should be God.

A NEW INDUSTRY.—At Baile, Montana, according to an exchange, a new industry has been found for the chicken raiser. A settler named McConville killed one of his chickens, and on cleaning it found some small gold nuggets in the crop and gizzard. Having about thirty more chickens on hand, he began killing and examining them. In each of them he found nuggets, the total amount gathered from the thirty-one being \$287.55, an average of \$12.50 a head. The gold was sent to the State Bank and announced 15 karat fine. Mr. McConville bought fifty more chickens and turned them out in the gold field in the vicinity of his hen-coop. Later, as an experiment, one of them was killed and \$2.50 in gold was taken from it. Mr. McConville expects to be a millionaire if the chickens hold out. He has apparently struck something better than the hen that laid the golden egg.

A FIGHT IN COURT.—There was a lively scene in the court at Shediac on Monday, during the trial of some Scott Act cases. Mr. F. A. McCully was prosecuting, and Mr. E. H. McDonald was defending. It appears that Mr. McDonald was in the act of establishing that convictions had been obtained in the same cases that were now before the court, and consequently a second conviction could not be secured on the same evidence; and being interrupted by Mr. McCully, the passes between the two gradually got down to extreme personalities. The counsel for the defence finally sent in a rejoinder that was apparently very obnoxious to the Scott Act prosecutor, and it acted like magic on his nerves. He jumped to his feet, striking and hitting at Mr. McDonald, but owing to the agility of Mr. McDonald, the blows fell short. Sheriff Sweeney happened to be in court, and came to the front to round No. 1 had been declared quits. The Sheriff managed to separate the combatants, and in spite of their kicking and clawing contrived to keep them apart. The fracas ended in the adjournment of the court, as the magistrate did not consider it advisable to continue the sitting in the absence of the sheriff who had to leave town.

AN AVALANCHE of Handkerchiefs is the attraction at our Store TO-MORROW. We've got the goods—thousands of them. We bought them cheap and we are going to sell them at sensation prices. SILK, LINEN and COTTON, for MEN, WOMEN & CHILDREN. There may be some left after the Store closes to-morrow evening—there probably will be—but thousands will be missing. Call to-morrow and secure the "creme de la creme." BEER BROS. Our display of Fur Goods to-morrow will also be very interesting. Weather Bulletin. Toronto, Nov. 15, 10 p. m. Unsettled and rainy.

ONLY AN UNDERSTANDING.

I'm not engaged to Flossy, she's not engaged to me. She would tell you, if you asked her, we're both of us quite free; I've never said I love her, she has never said that she, Were I engaged to Flossy, would be engaged to me!

Yet when I think of Flossy, and when she thinks of me, Sweet hopes come crowding to our hearts, and we forget that we Are happy over nothing, for you can plainly see I'm not engaged to Flossy, she's not engaged to me!

MINERALS OF NEW SOUTH WALES.

The mineral resources of the colony are incredibly large, the coal measures extending from the 29th to the 36th parallel of south latitude, and reaching to the sea along many miles of coast. The seams are of great thickness, and the coal is raised in considerable quantities for export as well as for home consumption. Gold is found in many parts of the colony, and fresh discoveries are frequently made. Other metals include antimony, bismuth, kerosene shale, etc. Diamond and other gemstones are also frequently found. There are immense deposits of tin in the northern parts of the colony, the area of stanniferous country being estimated at 8,500 square miles. Iron of excellent quality is plentiful, and in many places is found in close proximity to coal. Other metals include antimony, bismuth, kerosene shale, etc. Diamond and other gemstones are also frequently found.

NEWS NOTES.

Henry Labouchere, in a letter to the press, declares the killing and wounding of 5,000 Mataeles by the British, is, in his view, not war, and that it is a disgrace to the liberals for the government to permit such wholesale murder.

On Saturday night the home of a negro named Evans, at Bardonia, Ky., convicted of rape, was blown up with dynamite. Evans' aged mother, his wife and daughter, who are known to have returned here on Saturday night, are nowhere to be found, and it is believed they were blown to atoms.

The Cologne Volks-Zeitung announces that Mgr. Satolli, the Papal Delegate to the United States, will be elevated to the Cardinalate at the next Papal Consistory. The paper adds that the present Papal Nuncio at the Hague will replace him as Papal Delegate to the United States. The Papal Nuncio at the Hague is Mgr. Rinaldi.

U. S. cruiser Columbia, which sailed from Philadelphia on Saturday morning for her official trip off the Atlantic coast, arrived at Boston early Monday morning. Her run at sea was the quickest ever made by a United States war vessel, beating the New York time over two hours. On Thursday the trial will take place, weather permitting, over the measured course between Cape Ann and Cape Porpoise. The average speed of the run from Philadelphia was 14 1/2 knots per hour. Those on board are hopeful that 22 knots or over will be made on the official trial, which would make the Columbia the fastest warship in the world.

PROHIBITION.—Prohibition is our watchword. Remember the meeting in Philadelphia on Thursday evening. Mayor Haviland will take the chair at 8 o'clock. Collection in aid of the literature fund.

CITY TAXES.—The list of defaulters in real estate taxes is now ready, and will be published on the 25th inst. Those who have not yet paid up should do so at once and save trouble and expense.

Colonial House, MONTREAL. We have pleasure in stating that our new FALL and WINTER CATALOGUE is now ready, and is being mailed to country customers. Those not receiving a copy within the next few days will oblige by writing for one. We have taken considerable trouble this year to make this Catalogue as complete as possible by adding prices and illustrations, and trust that our customers will consult it in ordering. Toys and other Christmas goods are omitted from this Catalogue, as we will issue a supplementary book for these things alone, and this will be ready in good time for the holiday season. Mail orders promptly and carefully attended to. HENRY MORGAN & CO., Montreal. November 9 1893—tu th sat

That Charlottetown wants Sewerage. " we want an Electric Railway. " all the Streets should be Macadamized. " no more plank ways should be laid. " permanent walks are more economical. That we don't want a second Pipe from the Pumping Station. " the City cannot afford it. " no ads. be allowed on the Waterworks Accounts. " it is folly to think of Sewerage. " the City is good enough as it is. That everyone has a right to their own opinion. " we have a fine stock of Flannels. " our Mantle Department has been a great success. " we keep good goods. " we ask fair prices. That our Ladies' and Children's Underclothing is A. J. " they are selling rapidly. " we offer very special value in Ladies' Jackets. " our Ladies' Ulsters are a wonderful bargain. " we can fit any Child with a Jacket or Ulster. " our Children's Garments are good and cheap.

I WANT YOUR OWN MAKE! Be Sure and Give Me Your Own Make! Remarks like these are often heard now at GOFF BROS., when people are looking for GOOD STRONG BOOTS, to stand the wet Fall weather. WHY IS IT? TO-DAY the World's Columbian Congress of the Salvation Army opens in New York City. Staff officers from twenty-six States are in attendance, besides field officers, local officers and bandmen from all Eastern States. Slum, Swedish, Hindoo and German contingents are also present. It is the largest meeting ever held by the Army, and the programme includes two big parades. Our programme includes a list of first-class values—better values we have never shown—and we venture the assertion (backed up by abundant proof) better values than any house in this city. Our large increase of trade for the last year is an evidence that the public know when they are treated right. We advertise nothing but what we can back up with hard-earned facts. Some can sneer and make an effort to depreciate our well-earned laurels as "THE KING OF TAILORS," but we rest on the good judgment of the community, in the future as in the past, in our ability to uphold the dignity and pre-eminence of the Star Tailor. WE STAND ON SOLID GROUND—gainsay it if you will—when we say that our Goods, our Fits and our Workmanship have no superior in this Canada of ours. So when you conclude you want anything in our line rest assured you can get THE BEST when you patronize the STAR TAILOR.

SOMETHING FOR NOTHING. Is not often obtainable, but those who buy FURNITURE and other goods from us this Fall will buy at LOWER PRICES than have ever been made on goods of EQUAL MERIT. One thing we boast about is the NEWNESS of our goods. Our sales are always up to and sometimes beyond our capacity of production; hence we have no old stock, five and ten or more years old. Such goods, even if offered at HALF PRICE, are not CHEAP. Everyone has enough heirlooms in their houses without buying more. We have not been "thirty years in the fur trade," and don't know anything about "wool," nor have we any little "yarns" for the public to listen to; but when you want a big dollar's worth of FURNITURE try

Mark Wright & Co. Charlottetown, Oct. 2 1893. City of Charlottetown (\$6,000) Water Debentures. I will sell by Auction, at my Sales Room, on THURSDAY, the 16th day of November, instant, at 12 o'clock, noon: Ten \$500 City of Charlottetown Water Debentures. These Debentures give 5 per cent. interest, and are not payable for twenty years. I would ask investors to note the length of time these Debentures have to run, as the longer the term the more valuable the investment becomes. Most of the Canadian Bank Stocks yield only from 4 1/2 to 5 per cent, with a double liability behind them; Insurance Stocks cannot be depended on to yield a regular income. But a sound Debenture is a financial sheet anchor, and can be trusted to yield its interest and pay its principal when due with unfailing promptitude. R. BEAIRSTO, Auctioneer.
