PC's record Seen unfit for job

"It is impossible for the Conservatives with their disturbing record of disunity to give Canadians the decisive leadership a great country like ours must have," Ira Lewis, Liberal candidate, said in an enthusiastic address in New Haven last night.

Speaking at the meeting was Mr. George Dixon, Clyde River, president of the 2nd District Queens Liberal Association. On the platform with the candidates Mr. Lewis and Allison Gillis were George Kison, Richard MacPhee and Fulton Robertson.

In introducing Mr. Lewis to the crowd Mr. Kison, a former member of the provincial Legislature, termed him "a good farmer and one of our best leaders in the House of Commons".

FARM INCOME

Dealing with the farm situation the speaker compared the income of the Maritime farmer in 1961 of \$1,004 with that of the western farmer at \$1,412 and the eastern producer's income receive the same consideration from government in sales aid.

Mr. Lewis stated the Liberals, if elected, proposed to have established a position of Associate Minister of Agriculture with the office holder to be from Eastern Canada. This, he said, would give the eastern farmer proper representation in agriculture.

He noted the bad situation in dairy farming due to an over-production of butter and said his party proposed to provide a milkster; light wide increasing in afternoon to south-east 20. Low-high at Edmonton, 30 and 43.

PCs Lack Policy Says Pickersgill

In a speech sparked with humor, Hon. John W. Pickersgill last night told a Summerside audience that the Liberal party had no program in the last parliament, and still has no program for the current election campaign.

Speaking on behalf of the Prince Liberal candidate J. Watson MacNaught, Mr. Pickersgill said the Liberal program offered the people of Canada work and living security and peace, equality and unity.

The Liberal party, he said, believed in the motto of the program: Canada to see there is work and income for all Canadians, to do everything possible to provide for security and peace; and that all Canadians should have equality and justice.

Referred to by his introduction by Mr. MacNaught, as "the Minister's spokesman in Ottawa in the last parliament," Mr. Pickersgill said a Liberal government would do everything possible to provide for security and peace; and that all Canadians should have equality and justice.

He said the Liberal party had should be more farm and fish processing facilities in P.E.I. and noted the Liberal had pledged to give the Atlantic Development Board funds with which to make such things possible.

Striking the Canadian unemployment problem, Mr. Pickersgill said the Liberals were not satisfied with the situation that currently has more than five million persons looking for jobs. He said it is Liberal policy to see that every able person willing to work will have the opportunity to earn a decent living.

He called attention to the Liberal plan to have an Eastern Minister of agriculture, and a western minister of agriculture so that better attention could be given to this important aspect of the Canadian economy.

In his last year as federal minister of Immigration, Mr. Pickersgill said that some 200,000 persons immigrated to Canada, but noted that year under the Conservative government more people left Canada looking for work than immigrated to the country.

He said the Liberals had left an unemployment in a surplus of more than 850,000 persons, and that unemployment under the conservative government would be 1,200,000 persons.

He thanked the people of Prince Edward Island for the warm welcome he has always received here, noted that he had been Watson MacNaught who had helped and assisted him when he first was elected to government in Ottawa, and said Mr. MacNaught is a member who was not afraid to raise his voice in parliament for the people he represented.

He pointed out the contribution Mr. MacNaught could make to this country as a result of his previous experience in parliament, and said that, along with Mr. MacNaught, he would have three Liberal members from Prince Edward Island in the next government of Canada.

The meeting was under the patronage of William Burns, president of the East Prince Liberal Association. Platform

Sportmen Informed of Conservation Steps

Charles Bartlett, wildlife biologist, Sackville, N.B., was guest speaker last evening at a sportsmen's dinner held at the YMCA to raise money for the Harvey Moore Memorial Scholarship Fund.

"Wintering and migrant black ducks are under considerably less hunting pressure than are our breeding birds, and steps should be taken soon to divert some of this pressure from locally raised birds to our migrant and wintering populations."

Studies suggest that the number of waterfowl breeding on the island can and must be increased if high-quality hunting is to prevail, he stated.

Mr. Bartlett said opportunities for providing more waterfowl breeding areas were excellent.

Mr. Stewart, who is also provincial secretary and minister of municipal affairs, turned his attention to his other departments and spoke of the highway traffic situation.

He quoted figures which indicated the number of passenger vehicles registered in this province had practically doubled in the past 10 years. He stated in 1952-1953 the registrations were 11,662 passenger cars and 4,965 trucks. Three years later these totals have risen to 22,097 and 7,313.

Of that increase, Mr. Stewart noted that for the 1952-63 there were 1,257 more passenger vehicles and 1,000 more trucks. More drivers licensed than in the previous year.

"All these facts have a tendency, and do in fact, increase the density of traffic on our highways and thereby also increase the possibilities of accidents," he said.

On this score he told the Legislature last year there had been 21 fatal accidents in which 24 people were killed. The year previous there had been 13 fatal accidents and 15 people were killed.

Discussing the demerit point system the provincial secretary said 2,853 drivers had been involved last year and there had been 87 suspensions of licenses. Of the 87 suspensions, 15 had been 12 or more points over a two-year period and seven others had been 10 or more points over a two-year period.

The minister said the most frequent offence causing loss of points was exceeding the 15 miles over the speed limit. There were 904 such last year. Other offences were 833 failing to stop; 336 speeding 15 miles or more over the speed limit; 215 insufficient equipment; 210 driving with no driver's license.

Other offences were working well and having the deterrent effect for which it was planned.

Mr. Stewart paid tribute to the Marshfield Women's Institute for winning the Carol Lane award in a Canada-wide competition sponsored by the Canadian Highway Safety Council.

Guests included J. George McKay, M.A., and John Barr, president of the Summerside Liberal women's association.

CATTLE KILLED WHEN ROOF COLLAPSES

A shed attached to a barn belonging to Earle Rankin, Mr. Herbert's neighbor, collapsed early this morning, killing two and injuring three of his 22 cattle.

Shorthorn cattle, Mr. Rankin, with the help of neighbors, was able to rescue the remaining 22 cattle from the shed. The accident occurred around 6:30 Tuesday morning.

West River Causeway Opening Set for Tomorrow

Expansion of the causeway opening over the West River at Meadowbank or provision of a second causeway was suggested in the Legislature yesterday by Lloyd MacPhail (P.-2nd Queens) as he spoke in the debate on the Speech from the Throne.

He said that since the causeway built in 1950, small fish and other production have become almost non-existent above the causeway.

"Veteran fishermen," he said, "say the present spillway is too small and a larger one, and a second one, should be provided to allow the water in more completely. Less of the recent disappearance of smelts and darters is in the thousands of dollars."

"I recommend that the matter be investigated and action taken to restore this small industry to the area."

Mr. MacPhail suggested that the government should encourage in its plans to introduce electoral reform legislation.

He referred to the "Progress report on a 2nd Queens" as a "document of progress" and said that many persons have said so. He said that the free world has an election act like ours, and more realistic and democratic would be acceptable."
