Old Shooting Iron Replaces Fishing Rod

Away go the fishing rods, nets and reels for another season of trout fishing is over. Now—many an angler becomes the keen hunter who as the hunting season approaches, rescues his gun from the basement or attic and with glorious thoughts of the sport to come —breaks his gun, looks down the barrel and then settles down to an evening of "spit, polish" and oil, on the old shooting iron.

Since the war, the shooting of Hungarian partridge, pheasant (cock ring neck), duck and geese has become a widely popular sport. The abundance of these has lured many a hunter from not only the Maritimes, but from regions as far south as Miami and as far west at California.

The sight of non-resident hunters arriving each year has caused some native hunters to think that the quantity of the birds is endangered; besides inwardly saying "less for us". However anyone having these worries can disqualify them for three very good reasons. The Department of Industry and Natural Resources will issue no more than 200 licenses to non-residents per year. This number has not yet been reached. Last year saw the most hunters seeking out the birds on the ploughed acres and stubble fields of the province, when 147 non-resident licences were granted, of which 15 were in the persons of New Brunswick and Nova Scotia hunters. Greatly topping this number was the 4,251 angling and hunting permits granted to Islanders. Secondly the bag limits for a day offers the greatest protection.

Seasons And Bag Limits

The open season and bag limit for Hungarian partridge, native partridge, pheasant, duck and geese are: Hungarian partridge, October 1st to November 11th. Bag limit, eight birds per day. Native Partridge: Oct. 15 to Oct. 31. Bag limit, three birds per day. Pheasant: October 1st to November 11th. Bag limit, three cock birds per day. Duck (other than Wood Ducks): October 1st to November 26th. Bag limit, seven birds per day. Geese other than Brants): October 1st to November 26th. Bag limit, five birds per day.

Lastly, as a Winsloe cabin owner stated, the birds have more to fear from the long cold winters which have proven more lethal than the cartridges from any hunter's gun.

The Hungarian partridge seems to be the favorite prize to bag among hunters and especially among the non-resident hunters. These birds are not natural to the Island. The Huns were introduced to the Island in 1928, when a dozen pair of Huns were given to freedom of the fields and shrubbery of the province in which to make their home. The Hun is a small, quick bird, his feathers blending with the colours found in his habitat. A hunter needs an especially alert eye and a quick trigger finger to spot and bag this bird. Also, a well-trained dog is a great asset when seeking these birds.

Mr. Raymond R. Camp of the New York Times, who has made several trips to the Island, commented in the column "Wood, Field and Stream"—"stubble fields seem to be the preferred feeding, dusting and resting grounds for the Huns, and more perfect shooting conditions would be difficult to find."

Friendly Farmers

The friendly and often helpful suggestions of the farmers in aiding hunters to find a good size covey of Huns and the locale of other birds, is greatly appreciated and particularly by the visiting hunters who are often strangers to our province. One such hunter was so unfamiliar with the Island and its mode of living and convenience that he carried a very large box along with his baggage —which was to stave off starvation if necessary. This box contained a case of milk and a case of cream. Like the man who brought coal to Newcastle! However this hunter like many others departed from the Island a week later happy over the hunting, hospitality and accommodations which the province was able to offer.

The best hunting, particularly for Huns, can be obtained if the hunter has a well-trained hunting dog along with him. Many hunters bring their dogs while others arrive here preferring to rent them. But there are never enough available to supply the demand. A cabin owner who often acts as guide for his guest hunters, told me of several hunters whom he takes out who often prefer to watch the actions of good dog work, rather than shoot the birds in flight.

There are conflicting reports about the prospects of shooting this year. Some experts say there are more birds, some say there are less. However, there are the same number of lanes to walk down, shrubbery to trample through and fences to climb over. One hunter counted the fences he scrambled over in one day of hunting—117 fences in all. Whether or not you anticipating hunters participate in such a hurdle-jumping marathon in your hunting escapes—Good luck and good shooting to you all.

Canada To Help Build Cement Plant

OTTAWA, Sept. 21 —(CP)— Canada is going to finance and build a $5,000,000 cement plant in the wilds of the Punjab in Northern Pakistan.

It is one of the biggest steps yet to implement Canada's share of the multi-billion dollar Colombo Plan for building up countries in South and Southeast Asia.

The plant, to be built by a firm formed by five Canadian firms, will be financed out of the $25,000,000 parliament has voted as Canada's share of Colombo aid this fiscal year.

The five firms banded together when the government couldn't find any single one to tackle the big job. They are Dominion Bridge Co., Ltd., Canadian General Electric Co., Ltd., Dominion Engineering Works, Ltd., Fraser-Brace Engineering Co., Ltd., all of Montreal and H. G. Acres Company of Niagara Falls.

The plant will produce more than 100,000 tons of cement a year for a big irrigation and reclamation project.

Girl Guide News

Fall Opening

Hello Guides and Brownies. Are you all ready for another season's Guiding? Have you planned what badges and tests to study? If not, now is the time to start thinking.

Homemaker Badge

Now is the time to do the part of your Homemaker Badge that says: "Make, buy —herself, jams, preserves, or pickles for storage." Have some adult outside your own family see you do it and sign a note to that effect. Then next winter when you are ready to pass the badge take a bottle of your own jam and note to the examiner.

Guide Stores — New Location

The Supervisors of the Women's Institute have again consented to keep the Guide cupboard in their Institute Rooms. PLEASE NOTE: The Women's Institute Offices are now located at 134 Richmond Street, Second Floor. Guide Stores will ONLY be open on TUESDAY AFTERNOONS from 2-5 P. M. Please get your requirements then.

Park Corner

The Field Secretary found very enthusiastic guides at French River Hall on Friday, September 12. The Guides come from several districts — Long River, Park Corner, Spring Brook, and French River to attend Guides on Friday nights. They are all working hard to finish the Second Class Tests. Their Leaders, all busy Teachers, are — Eliza Campbell, Jean Campbell and Nellie Montgomery.

Hampton Lones

The Lone guides at Hampton met at the home of Mr. Boyd MacQuarrie on Saturday afternoon. The Guides, along with Miss Carrie Holman, the Field Secretary, and Miss Heather Lantz, proceeded to the shore and got busy on their test work, doing Semaphore, Knots, and Tenderfoot. It got rather chillly and the fires were welcome. The girls cooked wieners and made toast. Before leaving for home we sang songs around the fire, closing with the Guide Hymn, Evensong and Taps.

Meeting Of Girl Guide Executive

Girl Guiding in Prince Edward Island got off to a good start when plans were made at the Provincial Executive meeting for the training of Guiders during the month of Ooctober. Miss Iphigenie Arsenault, Division Commissioner, presided at the meeting due to the absence of the Provincial Commissioner through illness. Miss Shirley Cameron, a Blue Cord Diploma'd Guider from Toronto, will spend October on the Island when she will visit each district where Guiding is active in the hope of assisting Guiders—present ones as well as prospective ones—with their important work. A Committee was appointed to make up an itinerary for Miss Cameron with Mrs. G. E. Hartlen as chairman along with Mrs. W. J. Rodd, Miss Phyllis Cutcliffe, Miss Suzanne MacKinnon, and Mrs. Alex Horne of Summerside.

Mrs. James Cerry, Finance Chairman, gave a financial report and spoke of the co-operation received in connection with Raisin Day, the proceeds of which were most satisfactory.

Mrs. Darrell MacGuire, secretary-treasurer, emphasized the growing need of funds if Guiding is to continue and expand in this province. Already the budget for the year ending next March has been exceeded and in no way could the expenses have been cut down.

Miss Gladys Hart, Camp Commissioner, stated that a Provincial Camp had been held at North Rustico during July when 116 campers were in attendance. The camp was most successful, but those in charge felt it was too large and hope that during the winter many Guiders will qualify for their Campers' Licence.

Miss Lillian Duchemin, Public Relations Commissioner, reported on the successful Maritime Commissioners' Conference which had been held last spring, and announced that a gift of one hundred dollars was being given to the Provincial Girl Guides by the Executors of the Estate of the late Mrs. R. H. Rogers. Mrs. Rogers was an untiring worker with the Girl Guides, and a former Commissioner, and this gift will be gratefully received in memory of a beloved member who has passed on to her reward.

Miss Suzanne MacKinnon gave a most interesting account of the National Camp held at Ottawa which she attended in July along with Miss Phyllis Cutcliffe and twelve Island Guides.

The Semi-annual meeting of the Provincial Girl Guides is to be held during the month of October, place and date to be announced when plans are finalized.

There was quite a discussion held on the matter of permanent camp grounds. This is to be looked into further along with the possibility of licensing campers.

Miss Carrie Holman, Lone Guide Commissioner, reported growing interest and members in the Lone Guides — especially in Prince County.

At the conclusion of the meeting, lunch was served by Mrs. Gordon Avard and Mrs. James Cerry.

R.C.A.F. Flyers Win Island Softball Title Defeating L.Y.C. 6-5

The R. C. A. F. Flyers won the Prince Edward Island softball title in two straight games, defeating the Charlottetown L. Y. C. team at the Airport diamond by the score of 6-5. The game was a crowd pleaser, producing some good hitting and steady fielding.

The L. Y. C. team started to get to starting R. C. A. F. pitcher Nelson in the seventh and he gave way to Armstrong who effectively stopped the bats of the visitors. For the R. C. A. F. Armstrong led the attack with 3 hits in 4 trips. Bibeault and Cox were next with two bingles in four tries, and Bibeault hit a home run in the fifth frame, and Cox a triple in the sixth inning.

Jack Hennessey was the leading sticker of the L. Y. C. aggregation, getting three hits in four trips, all of them beautifully placed bunts. Lannan made a spectacular catch of Dunster's fly back of second, in the seventh inning, the second sicker taking a tumble after snaring the Texas leaguer and injuring his shoulder.

LOS ANGELES, Sept. 21 — (AP) — Vic Seixas of Philadelphia upset Australia's Frank Sedgman in an amazing straight set triumph, 6-4, 6-4, 6-4, to win the men's singles title in the Pacific southwest tennis championships today. It was the first defeat for Sedgman — world's top amateur — in a major tournament since early last season.

New Air Battles

head) Division had driven off the last stubborn Red defenders early Sunday after 9 1/2 hours of fighting.

It was the sixth time Old Baldy had changed hands since mid-July.

The triumph was countered by an Allied setback on Kelly Hill, 7 1/2 miles to the southwest.

Report On Korea

WASHINGTON, Sept. 21 — (AP) — A United States congressional committee has returned from Korea convinced that the stalemated war is costing the Chinese Communists heavily and is profiting the Allies, one of its members said today.

This view was expressed by Rep. Fisher (Dem. Tex.), acting chairman of a House of Representatives armed services sub-committee which toured front-line positions in Korea.

Fisher told a reporter the consensus of the 10-member group was that the present battle line permitted the Allies to inflict maximum strain on the Communists at minimum cost.

He said committee members also agreed generally that Chinese Nationalist troops should be sent to Korea and, with South Koreans, should eventually replace Americans at the front.

The committee, in a forthcoming report, may recommend the use of Nationalist forces and may include other proposals, Fisher said. But the primary purpose of the month-long inspection, ending last week, was to review military construction projects, not to formulate military policy, he added.

He said the Chinese now are manufacturing most of their own war equipment in Manchuria, although they were originally supplied from Russia.

Peakes Bombers Capture County Baseball Title

Peakes Station Bombers defeated Murray River Larrupers 13-6 at Peakes yesterday taking the five-game series 3-0 for the King's County championship. Some 900 fans attended.

After the game John A. MacDonald, president of the King's County League, presented the trophy to Peakes' captain, George Smith, and congratulated the team on their good showing in the series and wished them the best of luck in the Island playdowns.

Young Earl MacKinnon went the full distance on the mound for Peakes and surrendered 11 hits, struck out seven men and walked one.

Barry Hugh, the losing pitcher, likewise went the route for the Riverites. He was touched for 17 hits, fanned three and walked four.

Reggie McIntyre, Peakes' second sacker, led the hitting parade by getting four in five trips. One was a double. Barry Hugh and Bob Munn had two hits in five trips. M. Devine and M. Handrahan had each three hits in five trips.

ness, that they might do likewise. He asked the congregation not to regret change, but to regard it "as a sign of life and progress," to make it an opportunity for renewal of their efforts, and asked their prayers for the new incumbent, and for himself in his new work as lecturer and chaplain at King's College.

Following the evening service, a reception was held, honouring Canon Malone and Mrs. Malone, in the Sunday School room. Acting as chairman, Mr. J. O. Hyndman presented to Canon Malone an illuminated address, expressing the feelings of all on the occasion of his retirement, and a gift from the congregation. Miss Helen Acorn presented Canon Malone with an electric clock, gift of the young people of the parish, and one of the younger members of the congregation presented a beautiful bouquet of red roses to Mrs. Malone.

Excellent refreshments were served by members of the Woman's Auxiliary, following the presentations.

In expressing his thanks for their gifts, Canon Malone remarked that of all the places he had been, this holds the first and warmest place in his heart. Thanking them for their efforts in the past, paying tribute to the vestry, to the young people, and to the Rev. W. G. Hogg for his assistance, he asked them to give the same support and co-operation to the new incumbent, the Rev. G. E. Moffat, that the greatness of St. Peter's Cathedral may continue.

Although Canon Malone, with Mrs. Malone, is leaving shortly for Halifax where he has accepted a post at King's College, he expects to return to Charlottetown next spring, when he will be warmly welcomed home.

Local Man

Clubs, Canada's only solely National Service Organization, numbers about 300 clubs in Canada's 10 Provinces with a total membership of approximately 10,000 Kinsmen. The first Kinsmen Club was founded at Hamilton back in 1920 by Harold A. Rogers and both Founder Hal and Mrs. Rogers were in attendance at the convention last week in Vancouver.

Mr. Gaudet is the first Prince Edward Islander ever to be elected to the National Presidency.

Mr. Gaudet, 32, joined the Charlottetown Kinsmen Club on its Charter Night in 1938; Was President in 1947 winning for the local club that year the Association's coveted Boake Efficiency Trophy for the most efficiently administered Club in the Association; Served as Deputy Governor of District No. 7 which comprises the 4 Atlantic Provinces in 1949-50; District Governor of that District in 1950-51; And was National Vice-President this past year.
