**"THE LADYSMITH"**

The Ideal Hat for Golf or Outing.

Made of white, soft, fancy Japanese Braid (the same as is used for men's hats), and trimmed with loose folds of silk. The edge of the brim is also bound with silk. The brim is curled, but the flexibility of the braid permits it to be turned down in front, or back, (for extra protection from the sun), or turned down all round, like a helmet shape. It is convertible into other shapes at the will of the wearer; and is the most practical, satisfying Outing Hat shown this season.

These hats are now on display in our Millinery Parlors.
