

Space Travel Discussed

Mrs. Gladys Frizell R.N., Sydney, N.S. is visiting at the home of her sister and brother-in-law, Mr. and Mrs. William Montgomery, Lower Bedeque.

Congratulations are being extended to those who won Red Cross Swimming awards at Chelton Beach on Tuesday, July 26.

Mr. Gerald Johnston, H.M.C.S. Stadacona Naval Base, Halifax, spent the weekend at the home of his parents, Mr. and Mrs. Raymond Johnston, Central Bedeque.

Mrs. Percy Miller, Central Lot 16, was a recent visitor at the home of her daughter and son-in-law, Mr. and Mrs. Ivan Dawson.

A number of children from Bedeque and vicinity are attending Bible School in Central Bedeque Hall.

Mr. Horace MacDonald, Kingsboro, was a recent visitor at the home of Mr. and Mrs. Ralph Lord Central Bedeque.

Mr. Alan Collett is spending his leave at the home of his grandmother, Mrs. Lowther, Bedeque.

Mrs. Guy MacCaull, North Bedeque, is spending some time visiting with relatives in Valleyfield.

The Misses Harriet Riley and Shirley Arsenault, were visitors to Lennox Island on July 31.

Mr. Alden Leard, Sackville, N. S. is spending some time with his parents, Mr. and Mrs. Walter Leard, Bedeque.

Miss Arlene Robertson, Kingsboro, was a recent weekend visitor to the home of Mr. and Mrs. Ralph Lord.

The Campbell and Burns Ltd., canning plant is now in operation twenty-four hours a day, canning peas. This cannery employs a large number of men and women from surrounding districts. The sea crop is reported as excellent.

Mrs. J. E. Campbell, Summerside, is visiting at the home of her daughter and son-in-law, Mr. and Mrs. Ralph Calbeck, D.E.

Hampton

Rev. Mr. Woolfrey, Mrs. Woolfrey and son Freddie, have returned to Musquodoboit, N. S., following an enjoyable vacation visiting friends throughout this central charge where Mr. Woolfrey served as a former pastor.

Rev. and Mrs. T. G. Head, former pastor of this congregation, are enjoying the holiday season with friends throughout same, where they are receiving a cordial welcome.

Injuries to his hand while attending to a hay mower, require immediate medical attention. They are sustained by Mr. Ernest Erney, to whom best wishes of friends are extended for an early recovery.

Mrs. Galvin, widow of the late Mr. Galvin, is visiting relatives and friends in this county, following a considerable period of absence from her homeland, and the present welcome guest of Mr. and Mrs. John MacQuarrie.

Mr. and Mrs. Donald Campbell are making their annual visit to relatives and friends of their province.

Mr. and Mrs. Sheldon Gudmore welcome visitors among friends and relatives of their land.

Mr. G.R. Ferguson has returned to Halifax, following a brief but enjoyable visit with his family residing here.

Mr. Porter Bishop, employed in Brunswick, is visiting friends, guest of Mr. and Mrs. William Farrow during holidays.

Mrs. J. W. Morrison, Cornwall, visiting friends and relatives in our merging districts, guest of Mr. and Mrs. MacVittie.

Miss Marion MacLean, daughter of Mr. and Mrs. George MacLean, a graduate of the U.C.C. College, Charlottetown, is leaving Toronto, where she will be employed.

Participation by the children of Sunday School of their annual picnic was realized on July 21, directed by Rev. Mr. Baxter and Miss Dorothy Baxter, and carried out, and prizes distributed.

By KATE POLOWETZKY COPENHAGEN, (AP)—If you are worried about your first trip to the moon, don't—you won't even feel it until you're there. The only time you may realize you are on a journey is at the moment the space ship leaves earth and the moment it lands wherever you are going. In between there'll be no noise or vibration. Don't be surprised if your cabin is full of such things as seaweed or other marine plant life. That's just to keep you alive.

There were some of the aspects of future space travel presented Wednesday by Fred A. Hitchcock director of the laboratory of aviation physiology at Ohio State University.

Hitchcock's paper was read to delegates at the sixth International Astronautical Congress by a member of the Danish Interplanetary Society.

In it he said: "While there are many physiological problems in relation to space flight still to be solved, nevertheless in the light of current investigations none of these seems to be insurmountable."

Hitchcock said a way must be found to air-condition the space ship's sealed cabin. "We should begin investigations of the biological method of air-conditioning sealed cabins. This method would consist of the establishment of a balance between some form of plant life and the human occupants of the sealed cabin."

"Investigation of the possibility of using such organisms to furnish oxygen and absorb dioxide (through their food-producing process) in sealed cabins is already being carried on in the United States."

The problems of temperature also are being investigated. "During escape from the atmosphere (surrounding the earth) the skin temperature of the ship would undoubtedly be very high and even though the cabin is insulated uncomfortably high temperatures would undoubtedly occur in the cabin. It seems unlikely however that these would exceed human tolerance."

"Once the space ship has attained escape velocity (when it is beyond the atmosphere) and the rocket engines are shut off, the crew will of course be in a gravity-free state."

"No animal or man has yet been in this condition for more than a few seconds at a time and it is therefore impossible to predict all of the objective and subjective effects of such a condition."

"However, such evidence as we do have indicates that no serious consequences will result from exposure to the gravity-free state. The worst that could happen would be an inability to orient oneself in space and the occurrence of perhaps a mild form of motion sickness."

Farm, Fredericton, N. B. spent a few days recently visiting his parents, Mr. and Mrs. C. H. Hodgson.

Mrs. David Jones and children Candice, and David, recently returned from Austria, have been visiting Mrs. Jones' sister, Mrs. W.W. Reid, for a few days.

Mr. and Mrs. Eugene Wynne and family of Charlottetown are again holidaying in our midst.

The many friends of Miss Marjorie Cox are indeed pleased to see her able to visit her cottage here after her recent illness.

Through the efforts of Mr. Bill Reid and with the kind cooperation of Mr. Robert Currie the annual horse and wagon ride for the little ones took place, Saturday. Needless to say this popular activity was enjoyed by all as much as ever.

Tennis is a very popular pastime here these days. Our one tennis court is in fair shape this year and the "young fry" are keeping it busy and appear to be enjoying the game immensely.

In a regularly scheduled softball game over the weekend, the married men, with the help of import Frank Cox packed a lot of much power for the peppy little single men's team who were bolstered by the services of Kendrick Gordon of Moncton. By special request we are refraining from publishing the score.

Mr. and Mrs. W. E. Seentlebury and party honoured us with a brief

In Memoriam

MRS. ALLAN NICHOLSON

A devoted wife, mother and neighbour, in the person of Mrs. Flora Kate Nicholson of Springton, was called by death at the Prince Edward Island Hospital, Charlottetown, on Tuesday, June 14th, at the age of 65 years.

Mrs. Nicholson, who was the wife of Allan Nicholson, was the daughter of the late Peter and Flora Macdonald of Thistle and Shamrock. All her life was spent on Prince Edward Island, the province whose rural beauty and hospitable character she loved with all her heart. In her own quiet, yet effective, way she left an indelible impression on those whose lives she touched. Her interests were in the good things of life and, as she was able, she encouraged people to stand for that which was right, to emulate the qualities of kindness, humility and self-sacrificial service. She counted no effort too great if it brought help and blessing to others. She sought nothing for herself—others were the centre of her interest and work.

Mrs. Nicholson will be remembered as one who exemplified her place in the home as a loving wife and a gentle kindly mother who gave her utmost in tender care and self-effacing service. The community will treasure her memory for she was the kind of neighbour who was always lifting burdens and helping where there was sickness, trouble or

but welcome visit Sunday evening.

Many complimentary remarks have been made by permanent as well as summer residents on the new schedule of the M.V. Fairview. It would appear that the Dept. of Highways deserves full credit for putting into operation this time table which will give residents of this side of Charlottetown harbor such good service.

Mr. and Mrs. Leo Doiran were welcome visitors to Ringwood, Sunday.

The staff of the Workmen's Compensation Board held an enjoyable get-together recently at the cottage of Mr. and Mrs. Bill Reid. The occasion was a party to entertain Miss Florine MacMillan, one of the Board Staff who is to be one of the principals in a forthcoming happy event. After a buffet supper and an evening whiled away with various games, Mr. Ross MacEwens made a witty and appropriate address and presented Miss MacMillan with a suitable gift from the staff. The gathering closed with all wishing Miss MacMillan every happiness in the years ahead.

Our own are our own forever.—God taketh not back his gift. They may pass beyond our vision, but our soul shall find them out; When the waiting is all accomplished, and the deathly shadows lift, And the glory is given for grieving, and the surety of God for doubt, We are quite sure That He will take them back—Bright, pure and beautiful, We do believe that just the same lov'd face, But, glorified, is waiting in the place Where we shall meet her.

Card of Thanks

The family of the late Mrs. Allan Nicholson wish to thank Dr. J. R. Murchison, the nurses and staff of the P. E. Island Hospital and the Cutcliffe Funeral Home, also their many kind neighbours and friends who sent flowers and messages of sympathy; and all those who helped in any way in their recent bereavement. Mr. Allan Nicholson and family.

wood. In a sincere way she lived the Christian life and all who knew her are better because of her example, influence and hospitality.

Left to cherish the memory of a Christian wife and mother are the members of her family circle: her husband Allan; three daughters: Annie (Mrs. William Stephenson) Halifax, N. S.; Catherine J. (Mrs. John Maw); Myrtle, Ontario; Bessie, and one son Hugh at home. Two sons and a daughter predeceased her. Three sisters and four brothers survive her. The sisters are: Kate (Mrs. Harry Shaw), and Annie of Boston, Mass., and Christine (Mrs. T. H. Kilpatrick) of Portland, Oregon. The brothers are: Dan D. and Duncan of Charlottetown, Sam A. of Boston, Ontario, Malcolm C. of Toronto, Ontario.

Funeral services for Mrs. Nicholson were held on Friday, June 17th, from the home where there gathered a wide company of friends and neighbours to pay their tribute to one whom they all so greatly respected. The services were conducted by her minister, Rev. W. B. MacPhail who was assisted by Rev. Donald Nicholson and her brother Dr. Malcolm C. Macdonald. Burial was made in the little rural cemetery nearby the farm house in the Springton community where Mrs. Nicholson lived for over forty years and to which she gave so much of her life and service.

The pall bearers were Donald McInnis, Ewen Lamont, Donald B. Nicholson, Wm. Hollivell, Auspice Gauthier and Leslie Clark.

Our own are our own forever.—God taketh not back his gift. They may pass beyond our vision, but our soul shall find them out; When the waiting is all accomplished, and the deathly shadows lift, And the glory is given for grieving, and the surety of God for doubt, We are quite sure That He will take them back—Bright, pure and beautiful, We do believe that just the same lov'd face, But, glorified, is waiting in the place Where we shall meet her.

Card of Thanks

The family of the late Mrs. Allan Nicholson wish to thank Dr. J. R. Murchison, the nurses and staff of the P. E. Island Hospital and the Cutcliffe Funeral Home, also their many kind neighbours and friends who sent flowers and messages of sympathy; and all those who helped in any way in their recent bereavement. Bulgaria Admits Airliner Shot Down By Jets

By ERIC GOTTGETREU TEL AVIV (AP)—

Communist Bulgaria acknowledged Wednesday two of her fighter planes—not anti-aircraft guns—shot down an Israeli airliner which carried 58 persons to death last Wednesday.

A government announcement broadcast by Sofia radio said the fighters were "too hasty" and "did not take all the necessary measures to force the plane to land" after it veered into Bulgaria's air space.

All aboard, including four Canadians, perished when the airliner crashed in flames near Petrich, not far from the Yugoslav and Greek frontiers, on a flight from London to Tel Aviv.

REPORTS CONTRADICTED

Bulgaria contends the aircraft was 80 miles off its normal course across Yugoslavia.

Israeli investigators who examined the wreckage said they saw numerous bullet holes which appeared to have been caused by machine-gun fire. The first Bulgarian statements acknowledging responsibility said anti-aircraft fire felled the El Al Airliner's Constellation.

The new Sofia announcement promised punishment for those who shot down the plane and measures to prevent recurrence of such a disaster. It blamed international tension and repeated previous violations of Bulgaria's air frontier for its air force's action.

The announcement also said the Bulgarian government has informed Israel of willingness to pay damages to relatives of the survivors as well as share the cost of the airliner.
