DONALD CAMPBELL, superintendent of McDonald's tobacco factory, Montreal, has not been seen or heard of since Saturday night, the 2nd inst. His family fear that he may have met with foul play, as he had his monthly salary, \$250, which he had drawn that day, on his person.

THE Winnipeg correspondent of the National publishes the following paragraph relative to the nuptials of one of our citizens who recently emigrated to the West: "At Emerson, recently, Charles Full was married to Mathilda Ann Wright. What can the temperance alliance people be doing when they allow a respectable young lady to become Full on her marriage day?"

SONS OF TEMPERANCE.—In response to an invitation from the City Council, received this day, desiring the Sons of Temperance to take part in the procession on the landing of His Excellency and Her Royal Highness, all the members of the order are requested to meet this (Tuesday) evening, in the Division Room, Queen street, to make the necessary arrangements.—WM. W. BEER, Provincial Deputy G. W. P.

MR. HOLLAND, the well-known St. John Decorative Painter, is in town and is prepared to furnish transparencies, coats of arms, and inscriptions for the Vice-Regal reception in the best style of the art and most reasonable rates, is stopping at the Revere House. Samples of his work may be seen at Dodd's and Frazer's Drug Stores and at Medical Hall.

OVER one thousand children attended at Market Hall last night to practice the singing of some pieces in honor of the Marquis of Lorne and his royal wife. The practice was conducted by Mr. John Ross. A correspondent says: "This is laudable. But he has one suggestion to offer on the subject: 'Hurrah for Canada' is on the programme; and, if it be sung, he wishes the enunciation would be a little attended to, and instead of the harsh 'In-gel-and' we have heard so repeatedly, let us hear the more euphonious and sufficiently musical sound, 'England.' Our correspondent does not desire to offend but to improve."

THE re-organization of the North-West mounted police is talked of. The control of it is to be transferred from the Department of State to that of the Interior. It will probably be enlarged. By a law enacted at the last session of Parliament, the transfer was provided for, as well as the enlargement to the extent of five hundred men. It is to be hoped, however, that no such increase will be required. But the re-organization will, no doubt, be effected. Col. Dennis, Deputy Minister of the Interior, is reported to have elaborated a plan for the attainment of this object for submission to the Privy Council.

Matthew, McLean & Hertz have just opened a new lot of Black and Colored Satins and Silks, Feathers and Flowers, Hat Ornaments, Frillings, Scarf Laces, Ladies' Hats, Gloves, Lace and Linen Collars and Cuffs, Corsets, Women's and Children's Hosiery, Hair Switches, Black and Colored Lustres, Cashmeres, French Merinos, Fancy Ribbons, etc., for sale at very low prices.—aug 11

PREPARATIONS FOR THE SCOTTISH GATHERING.—The Caledonian Club grounds present an animated appearance. The Grand Stand, erected by Mr. Charles McGregor, builder, and the Dancing Booths, are excellent. The Stand specially prepared for the Vice-Regal party will be decorated with flags and evergreens. Kennedy's refreshment saloon is also being completed. The grounds are to be well guarded under the supervision of efficient officers, to prevent the admission of any one except by the main entrance. Last year parties were known to sell intoxicating liquors on the roadside adjoining the Club grounds. This should, by all means, be prevented. The Stipendiary Magistrate will, doubtless, exercise his jurisdiction in this matter, and in order to ensure peace and good order, will, we presume, adopt such precautionary measures as will prohibit the sale of intoxicants as indicated.

Special Notices.

THE VICE-REGAL VISIT.—A large stock of Tissue (colored), Gold and Silver Paper, for decorating, can be had at BREMER BROS. Also, to arrive by Tuesday's boat 300, Chinese Lanterns and a lot of Fireworks.

P. E. I. Fish and Game Society.

To the Editor of the Examiner.

DEAR SIR,—Excuse my troubling you again in this matter; but "Codfish," if you remember, in his letter of the 1st of August, said: "I wonder what Col. Duvar thinks of the impertinent interference of such men as S. D. F." &c. I presume "Codfish" will be kind enough to allow Col. Duvar to answer that himself.

J. Hunter Duvar, Esq., Inspector of Fisheries.

DEAR SIR,—In a letter written by me to the EXAMINER, in reference to the F. & G. Society of this Province, the following sentence occurs: "Col. Duvar, I am happy to state, is on terms of perfect accord with us, and looks upon our Society as of the greatest benefit and assistance to himself."

Have you any objection to say whether the above statement is correct?

Yours, truly,

S. D. FITZGERALD, Sec'y &c.

S. D. Fitzgerald, Esq., Hon. Sec., &c.

Not the least objection. Your Society, or other similar organization, is of great benefit and assistance to any official charged with the protection of the fisheries.

Yours, truly,

J. HUNTER DUVAR, Inspector of Fisheries.

I do not think I need say any more on the subject. The public must see where the "impertinent interference" was.

Yours, etc.,

S. D. FITZGERALD.

The Lobster Canning Business.

To the Editor of the Examiner.

CHARLOTTETOWN, 12th August, 1879.

SIR,—For the information of persons engaged in the lobster canning business, I desire you to publish the following telegram received by me from the Department of Marine and Fisheries, Ottawa, in reply to a telegraphic message of inquiry sent by me to the Department:—

"OTTAWA, 11th Aug. 1879.

TO D. DAVIES: "Minister decided not to extend lobster season. Regulations will be strictly enforced."

"W. F. WHITCER."

Apart from the question as to whether the close season, as at present ordered by the Department, is or is not the proper season for the preservation of this valuable branch of our fisheries; and which, I am well aware, is questioned by those engaged in the business, I would suggest to them that it is their interest to close the factories on the 20th August, because the supply of canned lobsters is already in excess of the demand, and prices have gone down in consequence to little over the cost of production, and any further increase of the quantity canned, will, most certainly, tend to decrease the price of those already canned, so that all that are caught after the 20th of August will go for nothing. Better leave them in the sea for next year. I venture to predict they will be scarce enough in 10 years hence.

Your obdt. Servant,

DANIEL DAVIES.
