Grain

WINNIPEG, May 8 - (CP) - Grain prices were irregular but fairly active trade today on the Winnipeg Grain Exchange. A flurry of activity appeared near the close, reflecting possible temporary shutdown of the exchange due to flood conditions. This along with declines on United States markets contributed to a lower trend in most grain prices. Commercial demand was limited in both oats and barley. Rye trade saw American houses on both sides of the market. Local selling also came in at the close. Flax dealings were inactive. In the export business reported, the United Kingdom took a small parcel of Canadian wheat, around 75,000 bushels. Belgium also bought 50,000 bushels. Class two wheat prices were down one cent from Saturday. Closing quotations (basis lakehead): Oats - May 1.01 3-B; July 94B; Oct. 85 5-BB. Barley - May 1.00B; July 1.35 1-2-3-4; Oct. 1.20 1-8. Waste Not Want Not

Many thrifty people keep only enough money in the bank to take care of their current expenses because they can get much better interest by investing money in Canada Bonds. They do not want to waste this extra interest and they know that there is no safer place to keep their money than in Canada Bonds which they can cash quickly any time they wish.

Note Carefully: If you own First Victory Bonds -

The Government has called First Victory Loan Bonds for redemption on June 15th. Interest stops on that date so be sure to arrange to cash your bonds and reinvest in the New Canada Bonds.
