A FEW WORDS TO THE BRITISH LION.

THEY'VE roused thee up at last,
 Thou old majestic beast;
Did they think thy strength was past
 Because thy roar had ceased!
By ST. GEORGE! despite thy doze,
 (And a long one it has been,)
Few would care to rub thy nose,
 Or to get thy paws between!

After years of tranquil life,
 Gnawing calmly at thy bone,
Thou art loathe to wake to strife
 In a quarrel not thine own;
But the cause of the opprest
 Has been thine from day of birth,
And you cannot tamely rest
 While a despot walks the earth.

Boldly walked he, noble brute!
 While he fancied that you lay
Too torpid and too mute
 To care to cross his way.
In features so benign,
 In attitude so still,
He marked no latent sign
 Of defiance to his will.

You have undeceived him now,
 And aghast he stands before
The anger of thy brow
 And the thunder of thy roar;
For he feels that thus irate,
 Both the power and will you bring,
To fix at once his fate
 If he tempt thee to thy spring.

Stand up then for the right,
 And in war, if it must be,
Strike out with all thy might
 Till thy foe is on his knee.
Then take thy rest again,
 Leaving safe the Russian Bear,
Tethered by too tight a chain
 Too break it— if he dare.

VARIETIES.

The *Ohio State Journal* tells a story of an Irishman of the better class who thought he must conform to the fashionable mania in paying a visit to the Falls of Niagara. Paddy arrived at the Falls, and taking a look at the surrounding wonders, addressed himself to a gentleman: "And is this Niagara Falls?" "Yes," was the reply. "And what's there here to make such a bother about?" "Why," said the gentleman, "do you see the mighty river, the deep abyss, the great sheet of water pouring down?" Pat, looking at the water, replies hesitatingly. "And sure what is there to hinder it?"

THINKING BEFORE YOU SPEAK.—"Doe smoking offend you?" asked an American landlord of his newly arrived boarder.—"Not at all, sir!"—"I'm very glad to hear it, as you will find your chimeny is given to the practice."

The fellow who "seized an opportunity," came near spraining his wrist.

THE CRACK JAW LANGUAGE.—The Russian vernacular may be very expressive; but it is decidedly far from elegant. It calls a "Christian-loving army" *Christolkibiwawo woiska*. Luckily for the Russians, their country abounds in oil and tallow for where it not for a little grease, the natives would never manage to pronounce such words.

Why cannot a gentleman legally possess a short wife?–Because she can never *belong* to him.

GUNOLOGY.—Shilabar tells us the following gun story: Speaking to day with the son of a gun regarding some gunning exploits he told me of a singular instance of a gun hanging fire, which, where it not for his well known veracity, I should feel disposed to doubt. He had snapped his gun at a grey squirrel, and the cap had exploded, but the piece not going off he took it from his shoulder, looked down into the barrel, and saw the charge just starting, when, bringing it to his shoulder again, it went off and killed the squirrel!—[American paper.]

A Vermonter once expressed his opinion of a person in the following style of classics: "I could take," said he, the "little end of nothing, whittle it down to a point, punch out the pith, of a horsehair, and put in forty thousand such souls as his, shake them up, and *they'd rattle!*"

An Irishman being asked, on a late trial, for a certificate of his marriage, bared his head, and exhibited a huge scar, which looked as though it might have been made with a fire shovel. The evidence was satisfactory.

BUTTER.—Not one pound in five of the butter sold in the cities is fit for human food, Butter makers should remember these few short rules: The newer and sweeter the cream, the sweeter and higher flavored will be the butter. The air must be fresh and pure in the room or cellar where the milk is set. The cream should not remain on the milk over thirty-six hours. Keep the cream in tin pails, or stone pots, into which put a spoonful of salt at the beginning, then stir the cream lightly each morning and evening; this will prevent the cream from moulding or souring. Churn as often as once a week, and as much oftener as circumstance will permit. Upon churning, add the cream upon all the milk in the dairy. Use nearly an ounce of salt to a pound of butter. Work the butter over twice, to free it from the butter milk and brine, before lumping and packing. Be certain that it is entirely free from every particle of buttermilk, or coagulated milk, and it will keep sweet for ever. In Scotland, a syphon is sometimes used to seperate the milk from the cream, instead of skmming the pans.

MILDEW AND GOOSBERRIES.—Samuel Edwards of La Mobile, Illinois states that for several years his gooseberry bushes were affected by mildew. Last year he gave them a very severe pruning, mulched with coarse hay, topdressed the soil with well rotten barn-yard manure, salt, and leached ashes, and he has no mildew.

R. R. R.
What do the Sick Require?

To these who think.—If sick, if suffering the tortures of pain, or afflicted with long illness, the invaild's constant hope and most frevent desire is to be relieved and cured of the distressing ailment, that time. On this principle the R.R.R. REMEDIES are founded. Instant Relief from Pain, Quick Cure of Diseases, Speedy Restoration to Health, is the great platform on which the R.R.R. Theory is predicated.

The R.R.R. REMIDIES are worthy of the age. They instantly relieve the bed-ridden from the most excruciating pains, and quickly free the afflicted from the most obstinate and serious maladies, infusing new life and vigor in the shattered and bruised body, and renew each member and organ of the human system with strength and power.

The R.R.R. REMEDIES consist of RADWAY'S READY RELIEF, RADWAY'S RENOVATING RESOLVENT, and RADWAY'S REGULATORS.

RADWAY'S READY RELIEF is for the instant relief of the sufferer from pain, and to check and arrest the progress of diseases; to disinfect animal, malarious, and infectious poisons, thus protecting whoever uses it agaiust all poisonous infection from Contagion, and from sudden attacks of Cholera, Pneumonia, Ship Fever, Fever and Ague, &c. Likewise for the effectual and radical removal of all pains and diseases of the Joints, Limbs, Nerves, &c.

Its first action is to remove the pain, (hence its usefulness in Neuralgic cases;) its second, to repair and heal, as in the case of a cut, or wound. If the Relief be applied after the first little smarting is over the pain is extinguished, and the work of reparation now commences. But if the Relief is not applied, there are many chances to one that the pain will continue, and an inflamation be set up, and instead of a simple incised wound we have inflamation—disease to contend with. Beside, its direct power over pain, the Ready Relief is the most effectual and convenient "counter irritant" that is known to the medical world.

If there be a congestion or heaping up of the blood in any particular part, occasioning pain and threatning inflamation or disease, as Sore Throat, Lumbago, or pains in the loins, Pleuratic congestion &c. the Relief will be found the most invaluable curative. By applying it over the adjacent parts, the blood is drawn away from the affected parts, the congestion dissipated and the pain removed at once. Let any one who may doubt this but make the trial. Now, these two properties, its power over pain and its "counter irritant" render it the most valuable remedy for Diarrhœa; and although not an astringent in the popular meaning of the term, yet it stops the pain and arrests the discharge of the most frightful Diarrhœa or Cholera in a short time.

DISINFECTANT.

RADWAY'S READY RELIEF is the most safe and powerful disinfectant in the world—as such, it is a most effectual cure and positive preventative of

FEVER AND AGUE.

So with other fevers and all malarious diseases. Ten or twenty drops, taken internally, in a little water will protect the system against any attacks from infectious and malarious poisons.

PNEUMONIA.

whether Typhoid or Bilious, RADWAY'S READY RELIEF, given internally, and applied over the surface of the body, and the bowels regulated and kept soluble with RADWAY'S REGULATOR, the patent will soon be out of danger, and speedily restored to health. If the R.R.R. Remedies are given, the will save the life of the patient.

RADWAY'S RENOVATING RESOLVENT is the second of the R·R.R. Remedies. It is for the cure of old Chronic Diseases that have been lingering in the system for years.

HIGHLY IMPORTANT TO ALL AFFLICTED WITH CHRONIC DISEASES.

For the present, then, let us pass to the consideration of the RESOLVENT, the second of the three R.R.R. Medicines.

RADWAY'S RENOVATING RESOLVENT is for the cure of Chronic Diseases, of inflammation that is kept alight on fire by some sustaining cause: for the Chemists tell us that inflammiation is a slow concealed combustion. And this cause is a deposit resulting from the inflammation whilst it is in an active or acute condition, for all disease is at one time acute before it becomes chronic. If a person has Chronic Rheumatism, it is the result of a deposit in the fibrous issue surrounding joints; if a person is Scrofulous, these deposits often show themselves in small lumps under the chin and along the neck; if he have a Consumption or Chronic Cough, there is tuberculous matter deposited in the lungs; if Bronchitis, it takes place the Bronchial tubes: if Syphilis, it occurs in every tissue and organ in the whole system, for that disease spares nothing. Now to cure these diseases, these Chronic inflammations, (for it is this in every case.) it is manifest that the diseased deposits must be first removed, the sustaining cause be taken away, and that the impure blood be altered in its condition and rendered pure and healthy.

It becomes necessary, then, that the absorbents be active and the blood be purified. We therefore want a medicine that will act on the absorbents and stimulate them into action, and at the same time purify the blood. Medicines that depend merely on purifying the blood alone will scarcely ever cure Chronic diseases: to ensure success they must at first have the power to stimulate the absorbents, and remove the diseased deposits. The action; of the RESOLVENT is directed first to the absorbents, stimulating them into action, and second to the blood which it depurates by its action over the glands, the liver, pancreas, kidneys &c., which are the sewers that nature has established for purifying the blood. You will, after this description, we hope, appreciate the name we have given to the second of the R. R. R. REMEDIES OF RENOVATING RESOLVENT, It resolves away diseased deposits; it purifies the blood and renovates the system. Tumors are removed and discussed by its operation: Chronic Swellings are dissipated; Nodes are softened and melted away. The most loathsome Skin diseases disappear under its action; Scrofulous constitutions are soon amended, and the disease checked when ever it has attacted the system. Syphilis, with all its horrible train of concomitants, here finds a certain and infalible cure; and Consumption too, oftimes finds its master—Consumption, that prevalent and lamentable disease of the lungs, that is so well known to you all, from its fatal and almost helpless character, and the havoc it produces among the young, the most gifted and the most beautiful of the human race. creeping over our vitals with an insidious yet awful certainty, and consigning to an early and premature grave its yearly hecatombs of victims. Tubercular Consumption is often regarded as a specific disease of the lungs alone. This is a mistake: it is but one of the forms of Scrofula—it is a Scrofula deposit, an inflamation of the lung structure, and could be as readily cured as any other Scrofulous disease—such as Rickets, Hip Complaint, or White Swelling—if it was not for he peculiar structure and action of the lungs in which it takes place.

The lungs expand and contract during every respiration: and from the moment the first breath of life is drawn, and until the last guttural sigh passes from the dying invalid, a never-ceasing action is kept up on their part. It will readily be conceived then, how difficult it must be for an Ulcer of the lungs to heal, where it is continualy kept irritated by the act of breathing.

Understand, then, we do not offer you the RESOLVENT as so certain a cure for Consumption or Scrofula of the lungs, as it is for other Chronic diseases. We believe that it will cure Scrofula in any other part of the body, but from the very nature of the case, this complaint—except in its first stages—is oftentimes incurable; but we can recommend it as the most certain remedy (when taken as directed in our pamphlets) that we posess to arrest its progress, and can point to a large number of cases of Lung Diseases that it has cured.

Such then, is the RENOVATING RESOLVENT What the Relief is to Acute diseases the RESOLVENT is to Chronic; it resolves away the foreign and diseased deposit; it purifies the blood and it renovates the system

NO. 3

We now request the reader's attention to the third of the R.R.R. REMEDIES.

RADWAY'S REGULATORS.

Every pill taker should examine the theory on which the REGULATORS are founded. Every one "who takes pills," will find RADWAY'S REGULATORS the most pleasant and safe Regulator of the Liver, Bowels, Kidneys, and other organs of the system in use

We have hitherto been treating of diseases or inflammation in its acute or chronic state, and its remedies; the RELIEF in one hand and the RESOLVENT on the other. We now pass to the consideration of that state of the system immediately proceeding disease or inflammation, viz: IRRITATION. To allay irritation of the nervous system, and remove its effects wherever it exists, and to aid the RELIEF or RESOLVENT in treatment of inflammation, are the chief purposes of the REGULATORS

But how is nervous irritation the cause of diseases? Because the glands of the system are controled by the brain and nervous centers, and what irritates the brain causes irregularities of the glands; and when the glands refuse to do their work, the foreign matter which it is their duty to remove, is left in the blood, and increases already existing irritations. The glands are sewers of the system and are composed chiefly of the Liver, the Kidneys, the Pancreas, the Salivary Glands, and those of the skin and intestinal canal. Now, a regular and honest action of these organs are indispensable to keeping the blood in a pure and natural state. If we give you poison instead of food to eat you can easily understand that the blood will be corrupted by it, and diseased action will follow; and it will be just as surely corrupted if the glands do not abstract the worn out materials from it

Again if the kidneys be interfered with in their action, from any irritation whatsoever, why then we have the salts of the urine, the poisonous urea, circulating in the blood, producing headaches, coma, drowsiness. &c.

And, last and most important of all, if any irritating causes interfere with the operation of that great laboratory the Liver, behold the disastrous effects! The bile, instead of passing into the intestines to aid them in their movements, (for the bile is Nature's purgative) is left to circulate in the blood: the bowels, therefore become inactive and the carbuniferous bile (for carbon or charcoal is the chief component of bile) circulating in the blood is the cause of the fevers of the system. The superabundance of the carbon in the blood meeting with the oxygen as it passes through the lungs is slowly consumed, and gives out a superabundance of heat, and this is fever.

RADWAY'S REGULATORS induce a healthy regularity of glandlular action No. Costiveness or Dyspepsia or Indigestion, or Pains in the Side, or Liver, Complaint or Pains in the Kidneys will trouble you if RADWAY'S REGULATORS are taken: and we positively assure all who are afflicted with these distressing complaints that RADWAY'S REGULATORS will cure them

R.R.R. REMEDIES are suited to the treatment and unaided will cure most of "the ills that flesh is heir to." The sanguinary practice of the lance, the cupping glass, and leeches, they entirely dispense with, and banish forever the pernicious use of that baneful drug, calomel

If you be sick, we advise you to resort at once to the R.R.R. REMEDIES, as the most prompt in their action, the most sure and effectual of remedies.

Instance of diseases prevented, of rapid cures, and almost miraculous recoveries we can furnish you the certificates and credentials without number.

But these may be obtained without merit as well as with it, and, without knowing the circumstance prove nothing to your mind.

The R.R.R. Remedies are for sale by druggists everywhere. Persons desirous of learning more of our REMEDIES, are referred to our FAMILY FRIEND a Monthly paper. A copy will be sent free of charge, to all who will send in their names and address.

RADWAY & Co.,
May 4, 1854. 162 Fulton street, (up stairs) N.Y.

The Laws of Prince Edward Island

FROM 1773 to 1851, both years inclusive—2 vol. Royal 8 vo., with a copious Index; published under an Act of the Colonial Legislature, and carefully revised and consolidated, by Commissioners appointed for the purpose, may be had at the Bookstore of G. T. HASZARD.

Twelvetrees Brothers' Soap Powder

(an entirely new invention.)

IS the cheapest, safest, best, and most effectual article for all washing purposes, a packet of which is equal to ten Pennyworth of Soap!

The saving of Time and Labour is so astonishingly great, that a WEEK'S WASH can be accomplished BEFORE BREAKFAST—no rubbing being required.

This wonderful Article is MORE SERVICEABLE THAN SOAP, as it produces a better and much quicker lather, and is adapted for purposes for which Soap cannot be safely or effectually used.

It will not injure the hands, or the most delicate material; but whilst it is incomparable for permanently whitening Linens, &c., after they have become discoloured by age, or injured by bad washing, it is also unsurpassable for improving the colors of FLANNELS, BLANKETS, WOOLLENS, COLORED PRINTS, MUSLIN and LACE.

For Sale by
GEO. T. HASZARD, QueenSquare

APOTHECARIE'S HALL.

The Old  Established HOUSE, 1810.

CHARLOTTETOWN, JANUARY, 1853.

T. DESBRISAY & Co.

At the Cattle Show in Charlottetown, the following Premiums, offered by the undermentioned gentlemen, will be awarded, viz;

By Judge Peters, £1 for the best half-bred Galloway Bull.

By Mr. Walkinshaw, £1 for the best yearling Ayrshire Heifer.

By Mr. Walkinshaw, £1 for the best yearly Heifer of any breed.

By Mr. J. D. Haszard, £1 for the best Poll Bull of any age

By Mr. J. D. Haszard £1 for the best Poll Cow of any age.

By Mr. B. E. Wright, £1 for the best two year old Heifer of Alderney breed.

All Cattle intended for Exhibition must be entered at the Society's Depot on or before Saturday the 16th September.

Regulations will be published in a future advertisement.

The same amount of Premiums will be given, to be competed for at Saint Eleanor's, in Prince County, and at Finlay's, Cross Roads, in King's County; the time of holding the Shows to be determined by the local Committees in each County.

By Order,
CHARLES STEWART, Sec'y.
Committee Room, May 3, 1854.

PASTURE GROUND.

THE Subscriber having sixty Acres of good Pasture Ground, well watered, he will take in stock at a moderate rate. Four miles from Town.

ISAAC HENDERSON.
Brackley Point Road, May 30.

PAPIER MACHIE GODDS.

JUST RECEIVED at George T. Haszards Bookstore, a handsome variety of Fancy Goods consisting of—

Papier Machie Writing Desks
" Work Boxes
" Portfolios

Tortoise Shell Card Cases, Parian Statuettes, Wax Baskets, Bronze Figures, Mantel Stands, do and Papier Machie Watch Stands, with a variety of useful articles.

THE LIQUOR TRAFFIC:

Ought it to be protected, or to be prohibited by Law?

THE ADDRESS, recently delivered at the Temperance Hall, Charlottetown, before *the Members of both Houses of Legislature*, and others, by the Rev. J. R. NARRAWAY, just Published and for sale by Mr. G. T. Haszard and Mr. Stamper. Price sixpence; considerable reduction if sold by the dozen.

WAXWORK.

THIS celebrated Horse "WAXWORK," imported from England, and, by the Royal Agricultural Society in 1853, will serve for the Season at the following places, commencing on the 1st April:—He will stand in Charlottetown every Saturday, and every second Wednesday, at Mr. Jakeman's; and will travel as far as Crapaud, at Mr. James Bulpets, and remain there from Tuesday evening, until Thursday morning, once a fortnight for the Season; thence return home; and the remainder of the time at the Subscriber's Stables, Old North River Road, 4½ miles from Charlottetown.

This Horse stands 16½ hands high, is very powerful, and of a handsome grey color. Terms, 15s. for the season; the money to be paid the first time of serving.

JOHN STOCKMAN.
Old North River Road, May 3.

Mountaineer.

THE BEAUTIFUL thorough-bred STALLION *Mountaineer*, by Muley Moloch out of Champagne, (the Carpenter and Lightning's dam) By Blucher (winner of the Derby in 1814,) by Waxey out of Pantina by Buzzaard, grand-dam by Trentham out of Cytherea. Muley Moloch by Muley out of Longwaist's dam, by Dick Andrews out of Spitfire.

He is a Dark Bay with Black Legs, very powerful has fine action, and a good temper. His pedigree is excellent, combining the most fashionable and racing blood on the turf. Muley Moloch being sire of the celebrated Alice Hawthorne, and many other superior Racers. Mountaineer's stock, now four years old, are very powerful and promising, and selling at high prices. The performances and racing capabilities of Muley Moloch, Longwaist, and Alice Hawthorne, are too strongly impressed on the minds of the racing public to require repetition, especially the latter, she having won about 35 Queen's Plates and Gold and other Cups, besides many of the most valuable Stakes and Prizes in her day.

He will stand in Town, at the Subscriber's stables. Fees Twenty Shillings, paid in advance.

NEIL M'INNIS.
April 8th, 1854.

CARDING MACHINES.

THE Subscribers have constantly on hand, and offer for sale *NEW CARDING MACHINES* complete, which can be put into immediate operation. All orders punctually attended to. Address JOHN MORICK & SON, Sackville, Westmorland, New Brunswick, or DAVID STEWART, Charlottetown.

BRASS FOUNDRY. AND MACHINE SHOP.

BY W. C. HOBS.

NOW open in Great George Street, on the old Stand. Old Copper and Brass bought. An Appretnice wanted.
May 18, 1854.

TURNIPS.

THE ROYAL AGRICULTURAL SOCIETY offer the following Premiums, to be competed for in Queen's County this season, viz:

			£	s.	d.
For the best acre of Swede Turnips,			£3	0	0
2d	do	do	2	10	0
3d	do	do	2	0	0
4th	do	do	1	10	0
5th	do	do	1	0	0
6th	do	do	0	10	0

Should the most successful competitor have been a winner of a First Prize on any previous occasion, he will receive, instead of the Money Prize, a Silver Medal, with suitable inscription; and the money for the first Prize will be awarded to the next successful competitor, and so on to the end of the list.

AN INDUSTRIAL SHOW will be held in Charlottetown in November, at which the usual Prizes will be awarded.

By Order,
C. STEWART, Secretary.
Committee Room, 3d May, 1854.

Hat and Clothes Cleaning ESTABLISHMENT.

THE Subscriber, grateful for past favors, begs to remind his friends, and the public, that he still carries on the above business in all its branches. Gents.' Beaver, Silk and Felt Hats, re-stiffened, redyed and cleaned; Old Clothes of every description, cleaned; all spots of paint, grease, &c., removed, and the garment restored to its former lustre.

JOHN HOBBS, Hatter, &c.

Orders left at Mr. J. William's, Market Square, will be promptly executed, and returned semi-weekly.

Charlottetown Royalty,
April 1st, 1854. 3m.

EXHIBITION.

AN EXHIBITION AND SALE (for purposes connected with the Episcopal Church, Charlottetown,) of fancy and useful Articles, will (D. V.) take place at the Temperance Hall, on Wednesday, the 12th day of July next. Contributions will be thankfully received by the following Ladies forming the Committee:

Mrs. BAYFIELD, Mrs. D. HODGSON,
" CUNDALL, " HOBKIRK,
" T. DESBRISAY, " JENKINS,
" FITZGERALD, " E. PALMER,
" H. HASZARD, " A. YATES.
" J. HENSLEY,

Charlottetown, 7th March, 1854.

MAILS.

THE MAILS for the neighbouring Provinces, and the United States, will be made up and forwarded via Pictou, on and after Tuesday the 9th instant, every TUESDAY and FRIDAY night, at Eight o'clock, until further notice.

Mails for England, to be forwarded via Halifax, will be be made up every alternate Tuesday night, at 8 o'clock, viz:—

Tuesday, the 9th May, Tuesday, the 18th July,
Tuesday, the 23d May, Tuesday, the 1st August,
Tuesday, the 6th June, Tuesday, the 15th August,
Tuesday, the 20th June, Tuesday, the 29th August,
Tuesday, the 4th July,

THOMAS OWEN, Postmaster General
General Post Office, May 2, 1854.

AYER'S PILLS.

FOR ALL THE PURPOSES OF A

FAMILY PHYSIC.

THERE has long existed a public demand for an effective purgative pill which could be relied on as sure and perfectly safe in its operation. This has been prepared to meet that demand, and an extensive trial of its virtues has conclusively shown with what success it accomplishes the purpose designed. It is easy to make a physical *pill*, but not easy to make the best of all *pills*—one which should have none of the objections, but all the advantages, of every other. This has been attempted here, and with what success we would respectfully submit to the public decision. It has been unfortunate for the patient hitherto that almost every purgative medicine is acrimonious and irritating to the bowels. This is not. Many of them produce so much griping pain and revulsion in the system as to more than counterbalance the good to be derived from them. These *pills* produce no irritation or pain, unless it arise from a previously existing obstruction or derangement in the bowels. Being purely vegetable, no harm can arise from their use in any quantity; but it is better that any medicine should be taken judiciously. Minute directions for their use in the several diseases to which they are applicable are given on the box. Among the complaints which have been speedily cured by them, we may mention Liver Complaint, in its various forms of Jaundice, Indigestion, Languor and Loss of Appetite, Listlessness, Irritability, Bilious Headache, Bilious Fever, Fever and Ague, Pain in the Side and Loins; for, in truth, all these are but the consequence of diseased action in the liver. As an aperient, they afford prompt and sure relief in Costiveness, Piles, Colic, Dysentery, Humors, Scrofula and Scurvy, Colds with soreness of the body, Ulcers and impurity of the blood; in short, any and every case where a purgative is required.

They have also produced some singularly successful cures in Rheumatism, Gout, Dropsy, Gravel, Erysipelas, Palpitation of the Heart, Pains in the Back, Stomach, and Side. They should be freely taken in the spring of the year, to purify the blood and prepare the system for the change of seasons. An occasional dose stimulates the stomach and bowels into healthy action, and restores the appetite and vigor. They purify the blood, and, by their stimulant action on the circulatory system, renovate the strength of the body, and restore the wasted or diseased energies of the whole organism. Hence an occasional dose is advantageous, even though no serious derangement exists; but unnecessary dosing should never be carried too far, as every purgative medicine reduces the strength, when taken to excess. The thousand cases in which a physic is required cannot be enumerated here, but they suggest themselves to the reason of every body; and it is confidently believed this pill will answer a better purpose than any thing which has hitherto been available to mankind. When their virtues are once known, the public will no longer doubt what remedy to employ when in need of a cathartic medicine.

PREPARED BY

JAMES C. AYER,

Assayer and Practical Chemist,
LOWELL, MASS.

Price 25 Cents per Box. Five Boxes for $1.
