Have you thought of INFLATION PROTECTION?

The continuing rise in the cost of living is reducing the purchasing power of the dollar is very obvious. If you have savings or investments, it is important to you that the dollars you save today be kept in reasonably close relationship with the cost of the things you plan to buy with those dollars, five, ten or twenty years from now. The record shows, over the past twenty years, that investors in Mutual Fund companies have enjoyed this protection to a marked degree. They have had the satisfaction of seeing the purchasing power of their dollars keep pace with increases in the cost of living. In addition, they have enjoyed regular income from dividends paid every three months, plus an opportunity to share in the growth of our great industries. Find out for yourself what Mutual Funds can do for you.

Grain

JUST RECEIVED

WINNIPEG, July 4 - (CP) - Prices were irregular today in a dull session of coarse grain trading on the Winnipeg Grain Exchange. There was limited outside interest as a result of the U.S. holiday.

In the early trade, there was some buying by shipping and export accounts in oats and barley. Trade reports indicated some overseas business had been done with the continent in barley.

U.S. interests were credited with buying oats. There was some sea-board demand for flax. Rye trade was mixed.

Prices for class two wheat were up one-eighth cent; prices for I. W.A. wheat were down seven-eighths of a cent.

Closing prices: Oats - July 79; Oct. 80 1/2; Dec. 80 1/4; May 82 1/2. Barley - July 1.20 1/4; Oct. 1.21 1/4; Dec. 1.20 1/4; May 1.21 1/4. Rye - July 1.93 1/2; Oct. 1.95; May 1.96 1/2. Flax - July 3.86 1/2; Oct. 3.90 1/2; Dec. 3.86 1/2.
