

## Pearson's Aid Offer Rejected

By DAVE McINTOSH  
OTTAWA (CP)—In as diplomatic language as possible Prime Minister Pearson said Tuesday his offer to help arrange a ceasefire between warring India and Pakistan has been rejected.

He put it this way in a statement.

"With respect to my own offer of assistance, both President Ayub (of Pakistan) and Prime Minister Shastri (of India) now have expressed to me their warm appreciation of it, and the motives that inspired it."

"It is evident, however, that they are not in a position to act upon the offer in the existing circumstances."

Mr. Pearson volunteered his "immediate assistance" last Thursday and on Saturday sent personal letters to President Ayub and Mr. Shastri. Replies were received Tuesday.

"It is on the United Nations now that we must concentrate our hopes," Mr. Pearson's statement said.

### MUST KEEP TRYING

The prime minister said he is "deeply shocked" by news of the fighting between India and Pakistan.

"At a time like this every possible channel must be kept open and every effort made to halt the fighting and avoid a truly tragic clash between our two Commonwealth friends and partners."

"The supreme task now is to bring about a cessation of hostilities and thus to prevent the war from spreading even further."

It is understood that Mr. Pearson fears that the military fighting may turn into a religious war between Hindu India and Moslem Pakistan with untold cruelty and millions of casualties.

He is said to regard the situation as more serious than the 1947-48 partition war in which more than 1,000,000 Indians and Pakistanis perished. Not only was there the possibility of human butchery in the name of religion but of the war involving other countries.

### Nova Scotia Wages Said Near Bottom

HALIFAX (CP)—President John Lusk of the Nova Scotia Federation of Labor has called for "some degree of wage parity with the rest of Canada" in the province.

In a Labor Day statement, Mr. Lusk said "weekly wages and salaries in Nova Scotia are the second lowest in Canada" and are about 25 per cent lower than those in British Columbia.

He said new industries establishing in the province are welcomed provided "decent" wages are paid, and the industries "do not expect their employees to subsidize them through low wages."

Mr. Lusk said efforts must be continued to obtain "the best in workmen's compensation laws, available to all, labor legislation and a high standard of free education from grade school through university."

He said the Nova Scotia work picture in general appears "to be improved."

### Student Explains Didn't Mean Plan Was Fraud

LENNOXVILLE, Que. (CP)—Rex Murphy, a delegate from Memorial University of Newfoundland, said here he didn't describe, or mean to describe, Newfoundland's plan for a tuition-free first-year university system as "in itself a fraud."

Mr. Murphy had been quoted as telling the annual conference of the Canadian Union of Students Wednesday that the plan was at best a half truth and at worst "a fraudulent political move."

He also said he felt compelled to present what he called the true facts of the case after the delegation from McGill University held up his province as an example of free university education.

In an interview Friday, the Newfoundland delegate, a fourth-year arts and science student, said his remarks were "mainly and emphatically" a clarification made for the benefit of the McGill delegates.

"I did not say, or mean to say, that the tuition fee set-up (in Newfoundland), in itself, is a fraud," said Mr. Murphy.

### PLANS ASIAN TOUR

SEOUL (Reuters)—President Chung-Hee Park probably will visit Malaysia, the Philippines, Taiwan and Thailand in January, the South Korean government-controlled newspaper Seoul Shinmoon reported Monday.

# Holman's SEPTEMBER SALE
