LETTERS TO THE EDITOR.

THE BICYCLE RACES. SIR,—Owing to the number of unseasoned bicycle races being held in Prince Edward Island, I desire to call the attention of all the racing men of the Island to the following warning issued by the Racing Board of the Canadian Wheelmen's Association: "Riders are warned that the C. W. A., through its Racing Board, has sole jurisdiction over all bicycle racing in Canada. The erroneous idea prevails among those who are unacquainted with the Board enforces its rules only against members of the Association. All riders in Canada are classified as amateurs of Class A, or B, or C, in accordance with the rules of the Association's definition of such classes, and as soon as a rider enters a competitive event he becomes subject to the supervision of the Racing Board. Any rider competing in an unseasoned event, amateur or professional, will be promptly suspended from all track racing." It is the wish and desire of the C. W. A. to do all in its power to further the interests of cycling. To do this it is necessary for it to have control over the holding of bicycle races. Its authority is unquestioned throughout Canada. Its demands are reasonable. It asks all race promoters, either clubs, associations or owners of driving parks, to advise the Chief Constable of the district in which they are in C. W. A. All the leading racing men of New Brunswick and Nova Scotia are members of the C. W. A., and knowing that to take part in unseasoned events means suspension, they are prevented from taking part in races not held under a sanction from the C. W. A. I am very anxious to have this warning brought to the notice of Messrs. Power, Cannon, Unsworth and others who have been taking part in so many races, in both Charlottetown and Summerside. The C. W. A. does not want to interfere with these gentlemen racing; but if they insist upon ignoring the C. W. A., action will be taken in the matter. Some St. John riders have expressed a wish to take part in the races at Charlottetown on August 20th, but, of course, if they do not obtain the sanction, they will be prevented from doing so. The undersigned would be glad to furnish race promoters with application forms and any other information they may desire. J. M. BARNES, Chief Consul.

FOUND DROWNED. The Lifeless Body of Charles McDougall Found This Morning. This morning shortly before eight o'clock the lifeless body of Charles McDougall, son of Capt. Neil McDougall, was found floating in the dock between Pownall and Lord's wharves by two men named Williams and McEler. The police and coroner were notified, and the body was removed to a shed on Pownall Wharf. A jury was empanelled, composed of Joseph Warren, Fred Worth, John Harris, Henry Hines, Patrick McQuillan, George Baristo and William Taylor. At eleven o'clock the coroner and jury viewed the body, and the inquest was adjourned until this evening, when evidence will be taken. The jury, after viewing the body, asked that a post mortem be made, which operation was performed by Dr. Warburton. The result of the examination will be made known at the inquest to-night. Charles McDougall, the deceased, was a sailor on board the schr. Minnie May, Captain Gillis, which arrived here from Pictou on Friday. He had been with Captain Gillis the past two seasons. His father is captain of the schr. Edmond A. Crozier, and is at present at the Magdalen. A young man named North, employed in McDougall's dress shop, from Captain Gillis. He gave \$1 of it to his sister and paid \$6 to S. A. Macdonald, a cigar, some tobacco and a handkerchief. A young man named North, employed in Thorne's barber shop, says that McDougall called at the shop and got shaved some time after eleven o'clock on Saturday night. McDougall had evidently been "taking something." He stopped at the shop until after it closed, and then North and another young fellow walked with him down the street as far as Stevenson's corner, where they left him. So far as we can ascertain that was the last seen of him alive. The Minnie May was lying at McMillan's wharf on Saturday night, and young McDougall may have wandered down the wharf in the darkness and stumbled over into the water. LADIES, clean your kid gloves with Josephine Glove Cleaner. It is not a liquid, leaves no odor, and can be used only at the time of washing. For sale only at A. W. Reddin's drugstore. THE CRESCENT.—Parties wishing to visit H. M. Crescent can secure passage from the Steam Navigation Wharf at any time. Good boats and convenient landing place. 110 3i

Cash! Cash! BUSINESS IS BUSINESS! If you can buy Suits from us cheaper than you can elsewhere, is there any good reason why you shouldn't do it? Do you think people that are asking you exorbitant prices would do it if they could help it? No, we think not. Some one has to pay the bad debts—the cash customer has to pay it. It is a poor rule that won't work both ways. This is our rule: a small profit to cash business. It looks as though it is a good one. We inaugurated this system in our business because it is our way of doing business, and not because someone else did it. From this date book debts will be entirely done away with. Keep posted on our prices. S. A. McDONALD. Charlottetown, Aug. 8, 1895—135 FASHIONABLE TAILOR.

TO-NIGHT.—A public meeting in the interest of Endeavor work will be held in the First Methodist Church at 8 p. m. Prof. Andrew, who is so deservedly popular with a Charlottetown audience, will be present, and with Rev. A. C. Crews address the meeting. DROWNED.—While playing on a raft at Mill Vale Park this morning, in company with two other boys, Joseph Kennedy, son of Cornelius Kennedy of that place, fell over and was drowned. After falling he got under the raft, and before he could be extricated the vital spark had fled. P. R. A.—Prize winners who have not yet received their prizes won at the annual meeting of the P. R. A., 1895, will please call for them as soon as convenient, and persons having demands on the Association will please furnish receipts for amounts for payment at once.—E. McDougall, Secy.

CITY LIGHTING. SIR,—For the last month or so letters and editorials have been appearing in our city papers advocating the purchase by the city of an electric lighting plant, and proposing that the corporation go into the lighting business not only for its own requirements but that it compete with the private companies for the lighting of the houses, stores, etc., of our citizens. Now if the city really wants to go into business, why does it not obtain the rights to the plant, and also one which has always paid a good dividend, such as the telephone business, and not pick out one of the most precarious ones, which is to say the least, a very doubtful investment. The undersigned, who has been in the city for many years, and who has seen the plant in its original cost about six years before the sale, and the other plant put in about five years since, would not bring a much higher figure. If the citizens had bought this plant, they themselves say about five and ten years since, they would have had to pocket this date. The proof of this is that one plant has already been sold at public sale and did not bring much more than its original cost in cents on the dollar. Its original cost about six years before the sale, and the other plant put in about five years since, would not bring a much higher figure. If the citizens had bought this plant, they themselves say about five and ten years since, they would have had to pocket this date. The proof of this is that one plant has already been sold at public sale and did not bring much more than its original cost in cents on the dollar. Its original cost about six years before the sale, and the other plant put in about five years since, would not bring a much higher figure. In fact the estimates of the Patriot are but a repetition of those laid before a meeting of proposed shareholders of this town about ten years since which showed a clear profit of over fifteen per cent on the investment. The sequel was that the parties who put their money into it lost every dollar and were never paid a cent of interest. The rapid improvements being made in electric lighting machinery causing a more rapid decrease in any plant than allowances, because the plant put in ten or even five years since, is not worth much more than a quarter of its first value today. In fact any one going into the lighting business would not get rid of an opposition, and suppose the city to even buy a plant of the very latest up-to-date machinery, some improvements might be made within the next five or ten years that might render it worth nothing more than old junk. Without taking into consideration the fact that there has been no money in the business in the past contracts, the company whose tender is the lowest will have to spend from four to five thousand dollars before they can put their plant into shape to carry out what they have undertaken. If the city can borrow money to go into business and would like to try their luck, there are many other forms of investments that would be much safer, amongst which I would submit for their consideration a street railway or a big hotel. These, at

THE MUSICAL PROGRAMME this evening at the First Methodist Church includes the three following selections on the pipe organ by Mr. S. N. Earle: "Morn noon and night in Vienna" overture to "Lennetti" and the Adagio Fidelis (by request). Mrs. E. H. Norton contributes the beautiful aria "O Rest in the Lord" and Miss Earle also gives a solo. FROM MONTREAL.—The Steamer Coban, Captain Robert Fraser, arrived from Montreal early this morning with a general cargo. There were two passengers for this port—Mr. and Mrs. G. F. Tanner—besides thirteen for St. John's and seven for Sydney. The Coban left on return about one o'clock with a cargo which included 24 head of cattle, 185 sheep, 120 tubs butter, and a large quantity of leather. Mr. T. C. James, J. H. McQuaid, H. D. Chadbourne, Miss Somers and Miss Rowe will be passengers. SERIOUS ACCIDENT.—This forenoon about eleven o'clock, Mr. Isaac Wadman, undertaker, met with a serious accident. It seems that Mr. Wadman had just jumped into his special wagon which was standing in front of his premises, and was getting into an erect position when the horse suddenly started and he was thrown upon his back and knocked insensible. He was taken into his house and two doctors summoned. Up to the time of writing Mr. Wadman had not fully regained consciousness. The exact extent of his injuries has not been determined. There are no bones broken, however.

NAVY NOTES.—The match game of cricket between the Charlottetown eleven and an eleven from the Crescent will begin at 11 o'clock on Thursday next. A tennis match between a ship's team and a team from the Charlottetown will be played at the Park to-morrow afternoon, beginning at three o'clock, sharp. It is reported that the sailors from the Crescent will come ashore on Thursday morning about nine o'clock, and that there will be a review on the Park previous to the cricket match. Hon. D. J. Kane, United States Consul, was among the visitors to the Crescent on Saturday afternoon.

A STRANGE ACCIDENT.—The Guardian reports that Mr. William Gillespie, of Charlottetown, was recently the victim of a peculiar accident. It says that on July 2nd he was sewing a piece of cloth round the horns of a cow, when the animal tossed her head, which came in contact with the needle and drove it into Mr. Gillespie's breast. Fortunately, however, the needle, a large dancing needle, caught one of his ribs, glanced to the left, and breaking off near the eye, two inches of the needle were left embedded in Mr. Gillespie's breast. Dr. Dougherty, of Cape Traverse, was at once sent for. The doctor probed for the needle, and on finding that it had not penetrated a vital spot, and could not be extracted without much cutting, decided to leave it for a while. Two weeks ago he was able to locate the needle, and a few days later extracted it without much difficulty from Mr. Gillespie's side, immediately below the armpit in which position the needle had travelled during the month it was embedded in the flesh. Mr. Gillespie is now getting along nicely.

MISSIONARY MEETING.—On the evening of August 9th, Mr. Hawley and members of the Baptist choir of Charlottetown, who are spending a few days of recreation in Cavendish, treated the people of that place to a very excellent missionary meeting in the Baptist Church. Rev. C. W. Corey, of Charlottetown, presided, and by his happy and timely remarks helped much to make the occasion a pleasant one. The singing of Mr. Hawley and Misses MacKay and Stentiford was exceptionally good. The music of the choir showed patience and skill on the part of the talented leader. Mr. John Gordon read a thoughtful paper on the B. Y. P. U. in Missions. Miss Josie Stentiford closed the entertainment by a very touching and timely-rendered reading. Rev. C. G. B. Baptist Church, spoke in affectionate terms of his old acquaintance with the people. Rev. Dr. Apsey and Rev. H. Hinckley, both of Massachusetts, who have recently spoken in line with the topic of the evening. Rev. J. C. Spurr, the pastor, closed the meeting by a few remarks of happy expression and appropriate thought.
