You have, by your legislation on the subject of education, improved the condition of the School Teachers, by deciding to pay the whole of their salaries from the public treasury. I trust, however, that at your next meeting you will take under your consideration a more comprehensive measure, calculated to impart your system of education a degree of efficiency and practical benefit more commensurate with your liberal provision or their service.

Mr Speaker and Gentlemen of the House of Assembly.

I thank you in her Majesty's name, for the supplies which you have granted for the public service.

Mr President and Honourable Gentlemen of the Legislative Council.

Mr. Speaker and Gentlemen of the House of Assembly.

I trust that the information which will doubtless be collected by the Joint Committee which you have appointed, will enable you, at a future period, to adopt a more satisfactory system with respect to the highways of this Island.

I now relieve you from further attendance here, by proroguing this Session of the Legislature.

BLACKWOOD'S MAGAZINE.—We have received from the Leonard Scott Publishing Company the April No. of this leading and favorite Magazine. It presents a table of contents interestsng and varied as usual:—1. Elizabeth and Mary; 2. Heman's Ancient Christianity; 3. The Moral and Political Revolution in Japan; 4. The Army—Part III; 5. WHAT LUEMBURGS THINK.

They know that as citizens of an independent State they are now to die; and the great question with them is—which mode of death will be the most agreeable? "None pleases them." They are as hard to satisfy in this respect as the old author whose words are quoted. But the form of destruction which is dreaded more than any other is undoubtedly annexation to Prussia; and entry into the North German League is looked upon as equivalent to this. Annexation to France is considered a far less terrible end, and there are numbers of enthusiastic persons here who actually desire it. These belong to what is called the "Liberal party," for even in Luxemburg, where the most perfect freedom exists, and where the taxes are almost nominated there are, probably for the sake of fashion, both Liberals and Conservatives. Annexation to Belgium would please everyone except Frenchfield Liberals and a very small Prussian party who are bound to Prussia by commercial and other ties, and who maintain that the material interests of all Luxemburg demand the closest possible connexion with Germany. I believe they are right, but I am quite certain that this view is a very unpopular one, and that whether the sympathy with France be great or not, the antipathy to Prussia, in Luxemburg, is very strong. The Prussians and the Prussian official system are disliked, while the Prussian military conscription is feared. But the notion of being annexed to Belgium is looked upon as impracticable. It would not solve the difficulty finally. The Luxemburg fortress in the hands of such a weak Power as Belgium would be a constant temptation both to France and Prussia. As for neutrality under a European guarantee that would only be respected until a pretext for war arose.

Medical Notices.

Holloways Pills and Ointment.—Fear not.—Though surrounded by circumstances disadvantageous to health, these remedies properly applied, will cut short fevers, influenza, inflammation, diptheria, and a host of other complaints always lurking about to seize on the weak, forlorn or unweary. The superiority of Holloway's medicines over others for subduing disease has been so widely and fully proved, that it is only necessary to ask the afflicted to give them a trial and if the instructions folded round them be followed no disappointment will ever ensue, nor dangerous consequences result. In hoarseness an ulcerated sore throat, the Ointment should frequently be rubbed on the neck and top of the chest; it will arrest the increasing inflammation, allay disquietude and gradually cure.

Brown's Bronchial Troches, when allowed to dissolve in the mouth, have a direct influence to the affected parts; the soothing effect of the mocus lining of the windpipe allays Pulmonary irritation and gives relief in Coughs, Colds, and the various Throat Affections to which public speakers and singers are liable.

We regard Mrs. Winslow's Soothing Syrup as invaluable for the purpose for which it is designed, and would have it if its price were double what it now is. We shall do all in our power to introduc it among our friends and acquaintances.—Henry A. Hitchcock, Sturbridge, Mass.) It relieves the child from pain, softens the gums, reduces inflammation, cures wind colic and sure to regulate the bowles; gives rest and health to the child and comforts the mother.

THE PEOPLE'S FRIEND.

Perry Davis' Vegetable Pain Killer.

☞ We have but little confidence in the trumpet tongued statements of the proprietors of advertised medicines generally, but we are forced to concur in the opinion, uniformerly expressed by all who have used PERRY DAVIS' PAIN KILLER, that it is a very valuable article, and one that it would be well for every household to have at hand, in case of bruises, scalds, burns, diarrhœa, dysentry, cholera, fever and ague, and the host of diseases, external and internal, which it is adapted to cure or alleviate. No article of medicine ever attained to such unbounded popularity and extensive diffusion. It has penetrated to every part, even the most remote, of the known world, bearing with it its healing influences more potent than those of the spices of "Araby the blest." We are informed by our principal druggists, that they sell more of this article for exportation than any or all others, and that the demand is constantly increasing.—SALEM OBSERVER.

I Was Once Totally Blind! BUT NOW I SEE!

To Whom it may Concern:

SOME fifteen years previous to the date of this Certificate, I was sorely afflicted with a diseased condition of both Eyes, which resulted in a formation of Cataract in either Eye, thus producing total blindness, in which condition I have been for nearly or quite thirteen years.

During all this time I was deprived of the pleasure of beholding the beauties of nature, from the fact of not being able to distinguish one object from another, of whatever size or color.

But my friends having heard of the SUPERIOR SKILL of Dr. J. HOMER, (formerly of Boston, Mass., but now located in Summerside, P. E. I.,) advised me to consult him in reference to the possibility of restoring my sight. After a minute examination he readily assured me and my friends that he would warrant a restoration of the sight by an operation.

After due consideration, my friends advised me to have the operation performed, which I consented to.

On the 21st of March, 1867, he put me nnder the influence of Chloroform, and operated upon one Eye with perfect success; and in three weeks time he operated upon the other eye with equal success, not having any unfavorable symptoms in either during the time.

Before the operation, I could not distinguish a Barn from a Ship; in fact, I could not see any object. But to-day, I can designate all the different colors; recognise the features of my friends, and see to read letters one-fourth of an inch in diameter, at a distance of two or three feet. And I am happy to say that my Eyes are constantly improving in strength and power of vision.

No one but myself is able to feel the deep gratitude I owe to Dr. Homer for his extreme kindness during my stay under his treatment.

The pleasure of once more being able to recognise my friends, and the beauties of nature, stimulate me to offer a most earnest prayer to the one Great Physician, to whom we are all indebted for our present existence.

In testimony of the foregoing, I hereby subscribe my name at Summerside, P. E. Island, the eleventh day of May, A. D. 1867.

Cleanse the Blood.

WITH corrupt, or tainted blood, you are sick all over. It may burst out in Pimples, or Sores, or some active disease, or it may merely keep you listless, depressed and good for nothing. But you cannot have good health while your blood is impure. AYER'S SARSAPARILLA purges out these impurities it expels disease and restores health and stimulates the organs of life into vigorous action. Hence it rapidly cures a variety of complaints which are caused by impurity of the blood, such as *Scrofula, or King's Evil, Tumors, Ulcers, Sores, Eruptions, Pimples, Blotches, Boils, St. Anthony's Fire, Rose or Erysipelas, Tetter or Salt Rheum, Scald Head, Ring Worm, Cancer or Cancerous Tumors, Sore Eyes, Female Diseases*, such as *Retention Irregularity, Suppression, Whites, Sterility*, also *Syphilis or Venereal Diseases, Liver Complaints*, and *Heart Disease*. Try AYER'S SARSAPARILLA, and see for yourself the surprising activity with which it cleanses the blood and cures these disorders.

During late years the public have been misled by large bottles, pretending to give a quart of Extract of Sarsaparilla for one dollar. Most of these have been frauds upon the sick, for they not only contain little, if any, Sarsaparilla, but often no curative ingredient whatever. Hence bitter disappointment has followed the use of the various extracts of Sarsaparilla which flood the market, until the name itself has become synonymous with imposition and cheat. Still we call this compound, "Sarsaparilla," and intend to supply such a remedy as shall rescue the name from the load of obloquy which rests upon it. We think we have ground for believing it has virtues which are irresistable by the class of diseases it is intended to cure. We can assure the sick, that we offer them the best alterative we know how to produce, and we have reason to believe, it is by far the most effectual purifier of the blood yet discovered.

AYER'S CHERY PECTORAL is so universally known to surpass every other medicine for the cure of Coughs, Colds, Influenza, Hoarseness, Croup, Bronchitis, Incipient Consumption, and for the relief of Consumptive Patients in advanced stages of the disease, that it is useless here to recount the evidence of its virtues. The world knows them.

Prepared by DR. J. C. AYER & Co., Lowell Mass., and sold by all Druggists and dealers in medicine everywhere.
