This auction realizes over \$1,000 each year which is used for aid to crippled children, and through the generosity of many firms and individuals, both local and out of province, this year's auction is expected to bring in an even larger sum. A portion of the proceeds is retained by the local sponsors to be used to provide assistance for crippled children in this area, while the balance is donated to the provincial Red Cross to be used in the same manner. Such diversified items as electric clocks, kettles, irons, and canned goods, blankets, mats, fruits, vegetables and many necessary household items will be auctioned off by Dr. Lorne Bonnell, Robert Glover, Gilbert Clements, Don Wannamaker and Lorne Wigginton. The auction committee is composed of C.D. Dutey, chairman; Harry Johnstone and Douglas MacLaren, who were assisted by the members at large in the great amount of work required in making a successful auction. Owner Finds Stolen Car

SUMMERSIDE — A 1949 Dodge owned by Roland Sheen of Summerside and reported stolen early Sunday evening was located yesterday afternoon by the owner at North St. Eleanor's. Puzzling Object Found In S'side

SUMMERSIDE — When police found the "thing" on the street Monday night they weren't sure whether it was one of the hypothetical "little men" from a flying saucer or perhaps a Martian who landed and got himself lost. However on picking the object up police discovered it to contain a large helmet with a glass front, a long rubber protector that falls down and ties around the neck with a little "bellows type" air piece located on one side. It was firmly attached to a heavy wire framework that ran up the back. Although not certain even yet as to what the object is, it would appear to be some kind of protector for fighting special kinds of fires, such as high octane gasoline flames. Where it came from is still a mystery. However, it's believed to belong to planet earth.

SUMMERSIDE — Myles McNally of Summerside, suffered painful scalds to his back and hip Monday evening while employed at the RCAF Station and is a patient in Prince County Hospital.
