Ice Plays Havoc With Fishermen

AMHERST, N. S., May 5 —(CP)—Jamming drift ice is playing havoc with lobster fishermen in the Pugwash area of Northumberland Strait, a survey showed today.

Many lobster men have lost 50 per cent of their equipment and damaged is estimated at about $10,000. The ice, which usually clears the Pugwash shore in mid-April, has smashed buoys and mooring lines, forcing the fishermen to grapple for their traps.

Some packers have been forced to import lobsters from Nova Scotia's southeastern shore—on the opposite side of the province—to fill contracts with United States fish companies.

MONTREAL, May 6 —(CP)— Roy D. Fullerton, 68, native of Point de Bute, N. B., and principal of a number of Montreal Protestant schools before he retired in 1949, died in hospital today.
