BACKED OUT.—The Bangor Whig says that John F. Morrison, the pedestrian, who started on Monday last to walk from Portland, N. H., to Halifax, reached Bangor about 7 o'clock on Saturday evening. He walked from Bangor during the day, but it is understood that he will go no further east, as the prospect is not alluring, and, as he alleges, there has been some failure on the part of those who agreed to back him.

MR. JUSTICE HENSLEY delivered a lecture in Y. M. C. A. Hall on Wednesday evening last. His subject was "Individual Influence." His object was to stir up the young men of the Association to the advancement of worthy objects, and to the doing of good deeds. He briefly sketched the lives of James Watt, Lord Tenterden, the first great Robert Peel and his more illustrious son, Sir Robert Peel, Havelock, Kitchin, and others, as examples of what men of energy, perseverance and honorable Christian conduct had accomplished. He exhorted his hearers to exert their influence in the same way. The Rev. Isaac Murray will deliver the next lecture of the course.

DIAMOND RHEUMATIC CURE.

READ WHAT THE PEOPLE SAY. OFFICE OF SANITARY POLICE. Montreal, June 18, 1874. GENTLEMEN—Having been one of the many martyrs of Rheumatism that I meet on my daily rounds, I was induced to try the celebrated Diamond Rheumatic Cure, I had suffered the last five or six weeks with a most terrible acute pain across the loins and back—so severe indeed that I could hardly walk without the aid of a stick. I commenced using this medicine at once, and in the directions carefully. Relief came immediately with the first bottle—improved with the second, and completely cured and free from pain after using my fifth small bottle. You are at perfect liberty to refer to me either privately or publicly, as I feel very thankful for the relief and sympathy with my fellow sufferers from rheumatism. Respectfully yours, J. J. DUBOIS, 515 St. Nicholas St. St. JAMES, N.B. sept. 29th, 1874. A. CHAPMAN SMITH: DREADFUL.—This is to certify that the Diamond Rheumatic Cure has perfectly cured me of that dreadful pain called Rheumatism. I have suffered with the said complaint for upwards of twenty years, and tried several doctors but never found anything to cure it until I took some of the Diamond Rheumatic Cure. After taking three bottles of the said medicine, I was cured, and as well as any man could wish for to be; by which I strongly recommend it to all who suffer from that dreadful pain. PETER F. JONESTON, 123 Prince William St.

A SPLENDID SEA BOAT.—The Halifax Recorder says:—The Albatross which has now been for several years on the Halifax and Boston line of steamers, has steadily proved herself to be a splendid sea-boat. She has made some of the fastest passages on record, and touched shore and shore between Halifax and Boston with the regularity of a ferry-boat. Indeed the voyage to Boston—the Colonial gate to the whole United States—is reduced to a mere bagatelle by the performance of this steamer, which in thirty-six hours—as on the trip from which she arrived last night, just before the storm commenced—can transport passengers and freight with unerring certainty from port to port. It is a great benefit to Halifax to have such an effective and certain means of communication, and the line should meet with every encouragement.

MR. JUSTICE HENSLEY delivered a lecture in Y. M. C. A. Hall on Wednesday evening last. His subject was "Individual Influence." His object was to stir up the young men of the Association to the advancement of worthy objects, and to the doing of good deeds. He briefly sketched the lives of James Watt, Lord Tenterden, the first great Robert Peel and his more illustrious son, Sir Robert Peel, Havelock, Kitchin, and others, as examples of what men of energy, perseverance and honorable Christian conduct had accomplished. He exhorted his hearers to exert their influence in the same way. The Rev. Isaac Murray will deliver the next lecture of the course.

A SPLENDID SEA BOAT.—The Halifax Recorder says:—The Albatross which has now been for several years on the Halifax and Boston line of steamers, has steadily proved herself to be a splendid sea-boat. She has made some of the fastest passages on record, and touched shore and shore between Halifax and Boston with the regularity of a ferry-boat. Indeed the voyage to Boston—the Colonial gate to the whole United States—is reduced to a mere bagatelle by the performance of this steamer, which in thirty-six hours—as on the trip from which she arrived last night, just before the storm commenced—can transport passengers and freight with unerring certainty from port to port. It is a great benefit to Halifax to have such an effective and certain means of communication, and the line should meet with every encouragement.
