COL IRVING'S PRIZE in the Caledonian Club competition of this year is on view in the window of Mr. E. W. Taylor, South Side Queen Square. It is a gold thistle upon a silver band and handle with the motto, "Scotland For Ever." The design is in the best taste. We have no doubt that the prize will excite a keen competition.

DODD'S MEDICAL HALL.—Before putting away our Fishing Tackle for the season, we offer every Rod, Line, Reel, Flies, etc., at 30 per cent. discount. Every dollar's worth for seventy cents.—Dodd's Medical Hall.

ON THE BRITANNIA.—The excursion on the Britannia did not arrive until about seven o'clock last night. The steamer went as far as Pictou Island, which made the trip much more extended than at first intended. During the trip refreshments were kindly supplied by Captain Doane. The passengers were more than delighted with the manner in which they were treated by the ship's company.

BEHIND TIME.—The Watchman says: "The people of this Province have been subjected to untold loss and inconvenience by the continuance of Local, or as it is called, Greenwich time." The Watchman ought to know that the use of Greenwich time in this Province was abandoned years ago. But we still have "railway time" and "local time." We agree with the Watchman that we ought all to have the same time.

TEA AT ALBERTON.—We hope Father Burke's many friends, as well as those who can enjoy a cheap and delightful excursion to a delightful quarter, will bear in mind the tea at Alberton on August 3rd. Even if our reverend friend may be unable to be back from the Pacific to preside himself, we are assured that everything is in splendid hands and that he will esteem the presence of all a high favor. We hope to see a big excursion from town and all along the line.

MAKES FLESH AND BLOOD.—When the system is all run down and there seems to be no hope of obtaining nourishment for the body by the ordinary process of food supply and digestion, when the body is sinking fast, then is the time to use Miller's Emulsion of pure Norwegian Cod Liver Oil. It always works wonders, because it is a flesh and blood maker and contains all the constituents for nourishment found in wheat in fact, Miller's Emulsion is a perfect "staff of life," and has saved and cured thousands. In big bottles 50c. and \$1 at Charlottetown drug stores.

Personal.

Sir Daniel Wilson is reported staking fast. Madame Patti has signed a contract for a series of 40 concerts in the United States, commencing in November, 1893.

Mr. Newton Lee arrived by Wednesday's steamer, with Lucy Derriak and All Right. Mr. Lee will be on the island for about a month.

Mr. Thomas Bengough, court stenographer of Toronto, has been in town for the past few days as special representative of the Remington Typewriter, urging the introduction of that machine into the schools as a help in teaching English composition. This is a novel development of typewriting, and educators who have tried the new plan speak highly of its efficiency in teaching spelling, capitalizing, and all the fundamental branches. Mr. Bengough went to Summerside last evening, and will attend the meeting of the teachers' convention and there address them on stenography and typewriting.

Talmage and the Czar.

The Rev. Dr. Talmage was on the 22d inst., presented to the Czar and Imperial Court at Peterhof. He was escorted from his hotel by an equester of the Czar who was sent to St. Petersburg for that purpose. On his arrival at Peterhof Dr. Talmage was received by the Court Chamberlain, who conducted him to the suite of apartments which had been set aside for the Brooklyn divine. Here Dr. Talmage rested for an hour, when he was presented to the Emperor, who received him with the greatest cordiality and who begged him to thank the American people for their kindness and generosity in sending flour to the Russian famine sufferers. The two had a long conversation on political and religious subjects. Dr. Talmage was then presented in turn to the Empress and all the members of the imperial family.

Since his arrival in Russia, Dr. Talmage has been the recipient of marked favor from the nobility. He has been the guest at a number of banquets given by the city authorities of St. Petersburg and Moscow and the Government officials, and has been heartily received by all classes.

New lot of ladies black hats, new flowers and wreaths set received at J. B. Macdonald's.

Tragedy in Scotland

LONDON, July 28. At Palmont, County of Sterling, Scotland, late evening, James Fraser, a bank clerk, rushed into a neighbor's house and hacked him to death with a sword; then he attacked the man's wife and mortally wounded her. Meeting a young woman, on the highway, he stabbed her until he killed her. He was then arrested.

Sale of the Joggins.

General Telegraphic News.

HALIFAX July 26.—Newfoundland is truly passing under a great affliction. A cable from there to-night, says a serious outbreak of diphtheria has occurred at La Poile, on the west coast. So far there are sixteen cases and nine deaths—five of them this week. The mail steamer to day refused to take passengers from there.

TORONTO, July 26.—Arthur Peel, a member of the British legation at Washington, is here. He expects the moment the elections are over an amicable arrangement will be made with reference to the Behring Sea matter and other questions pending of interest to Canadians. He considers the bill to tax Canadian vessels passing through the Sault Caral to be simply an election card which will be placed back in the pack before any serious damage is done to Canadian commerce. Mr. Peel is not at all of opinion that a measure of reciprocity between Canada and the states is an impossibility. He is rather inclined to think that shortly after the elections Canada will again be invited to send representatives to Washington where a treaty satisfactory to all the parties concerned will be negotiated.

KENTVILLE, N. S., July 26.—The Cornwallis Valley Railway has changed hands, and is now the property of the Windsor and Annapolis Railway. Negotiations which had been in progress for some time were completed and documents signed yesterday. This afternoon a special train containing Resident Manager Sutherland, of the Windsor and Annapolis railway and President Sheffield of the Cornwallis Valley railway and the other officials of both railways went over the line to formally complete the work of transfer. This branch of the W. and A. R. extends from Kentville to Kingsport, a distance of fourteen miles. There are five stations. The rolling stock consists of one locomotive, one first class passenger car, one combined second class and baggage, and twenty flat and box cars. There is one iron girder bridge across the Cornwallis river at Kentville, and several wooden trestles at other points. The road bed is in very fair condition. This addition to the line will be a valuable acquisition to the "land of Evangeline route."
