CITY TAXES.—The rate of taxation in the city, this year, is a quarter of one per cent.

THE SCOTT ACT.—The Toronto World condemns the Scott Act in strong terms, and suggests that it be repealed in Parliament.

SCOTT ACT REPEAL.—The Ontario counties of Elgin, Lambton, Oxford and Middlesex will vote on the Scott Act in May.

To restore, thicken and give you a luxuriant growth of hair, to keep its color natural, as in youth, and to remove dandruff, use only Hall's Hair Renewer.

IMPROVEMENT.—The Woolen Mills Company are having their Depot on Queen Square improved by placing in it a glass front the full length of the building.

ENLARGED.—The Summerside Journal comes to hand this forenoon enlarged to a 10-column paper. We are pleased to notice this evidence of prosperity on the part of our contemporary.

FREIGHT FOR THE INTERCOLONIAL.—During the past week 5000 tons of cargo were landed at the deep water terminus, Halifax, 1550 tons for the city and the balance for the upper provinces.

THE RIFLE.—An Ottawa despatch says that sixteen of the Wimbledon twenty have signified their intention of crossing the Atlantic. This is regarded as the strongest team ever sent from Canada.

SUICIDE.—A young man named Wm. Carpenter, committed suicide at Oxford N. S. on Friday night, by taking a large portion of sleeping drops, while in a state of intoxication. He leaves a wife and one child.

DISAPPOINTED.—A Cape Breton paper says: Several of our Cape Breton miners who left some time ago for British Columbia, have not had their expectations realized, and some of them are considering the advisability of returning home.

STEAMERS' MOVEMENTS.—The Princess of Wales left Pictou for this port at 12 45 (standard) this afternoon, and is expected here between six and seven this evening. Telephonic advices from Summerside just before going to press state that the Stanley is still aground and not likely to get off before seven o'clock.

EASTER HOLIDAYS.—Return tickets at one first-class fare will be issued to and from all stations along the line of railway on Good Friday, and from Summerside, Cape Traverse, Souris, Georgetown and intermediate stations to Charlottetown by forenoon trains on Easter Saturday, all tickets being good to return up to and on April 22.

AN OLD WOMAN.—There is living at St. Andrew's N. B., about three miles from Bathurst, an old lady, Mrs. Charles Pire, who is aged 104 years. She is quite smart, and in possession of all her faculties. She can knit with such rapidity as to make a young woman blush, and she attends to the feeding of hens and makes herself useful about the house in many ways.

BOTH "TOO PREVIOUS."—The Summerside Journal relates the story of a young man in that vicinity who ordered a coffin plate and awaited the demise of a friend. Yet in the same issue our contemporary states that the Boston steamer Carroll leaves this port to-day on her first trip of the season. On account of the ice the Steamer could not pass through the Strait of Canso, and had to abandon the run here as stated in THE EXAMINER several days ago.

CONSISTENT.—The Nova Scotia Grit Government has added another sin to its roll of infamies. So utterly shameless has it become that it did not hesitate to elevate to a seat in the Legislative Council Jason Miller Mack, the man who made the outrageous charge that "Lady Macdonald had bartered away her virtue, receiving a diamond necklace as the price of her shame!" Premier Fielding should arrange for the funeral of his party—the corpse is ready.

NATAL DAY.—The programme of the Oddfellows' Natal Day concert will be found in another column. It needs no commendation from us, as it contains, without doubt, the finest selections from celebrated operas. On the afternoon of the day, the brethren will assemble at Oddfellows' Hall, at 2 o'clock, and march in procession to St. Peter's Church, where a sermon, suitable to the occasion, will be delivered by Rev. Brother Fred E. J. Lloyd, at 3 o'clock. It is expected that the ensuing celebration will excel any former demonstration.

DOMINION PARLIAMENT.

Debates and Proceedings.

OTTAWA, April 10.

After routine, Hon. Mr. Foster, in reply to Mr. Mulock, declined to state now what are the Government's intentions as to the millers' demand for increased duty on flour, and gave the same answer to Mr. Wilson in the enquiry as to whether they intended, during this season, to increase the duty on pork.

In reply to Mr. Perry, Sir Hector said instructions had been given to repair the Tignish breakwater, but none so far for repairs to Miminigash breakwater.

On motion to go into supply Mr. Cartwright attacked the three per cent loan negotiated by Sir Charles Tupper, and argued that by the terms of the prospectus the Government stood pledged to buy back in ten years, in annual instalments, a fifty years loan at a high premium. He moved an amendment to the motion to go into supply, charging that the transaction is imprudent and evidences negligence on the part of those charged with the interests of Canada in this matter.

Hon. Mr. Foster, who was cheered on rising to reply, declined to accept Sir Richard's offer of immunity from responsibility. He was a member of the Cabinet when the loan was floated, and stood with his colleagues on the matter. He pointed out that Cartwright had based his entire charges on a supposition, and yet had asked for faith in answer to these suppositions and surmises. Before closing, Hon. Mr. Foster reviewed in a pointed manner Cartwright's career as a floater of loans, and asked the House to weigh his criticisms by his record as financier.

The debate was continued by Messrs. Patterson, Davies, Edgar, Weldon, Sir John Thompson and others.

The division was taken at 10.30 o'clock, and the resolution was defeated—74 to 117.

The House then went into supply and sat till a late hour, passing Northwest items.

'TIS STRANGE

THAT any man can be found in P. E. Island who has not heard of it, for his wife tested it, his children felt it, his relatives saw it, his workmen keep it, his companions praise it, his friends admire it, his visitors discuss it, his tailor talks of it, his shoemaker recommends it, his barber applies it, his doctor approves it, his druggist sells it, his paper advertises it, farmers employ it, artisans use it, railway men utilize it, fishermen carry it, military men salute it, professional men pronounce it good, men of leisure give it their approval, young men and maidens, old men and children believe in it for chapped hands, burns, cuts, old sores, chafing, inflammation, sore lips, boils, pimples, blotches, cold sores, itching, inflamed eyelids, or any skin injury, and which is justly entitled the wonderful
