We understand the Writs for the new Elections are already issued—that for Charlottetown to commence on the 16th, and that for the second Electoral District of Queen's County on the 19th January next.

Nova Scotia.—The contest for the representation of the County of Pictou terminated at Merigomish, on the 18th inst. in the return of Messrs. Holmes and G. R. Young. At the close, the Poll stood as follows:

Holmes,	1533
Young,	1394
Blackadar,	1304

The Hon. the Attorney General (Johnston) has been returned for Annapolis.

Halifax, Dec. 12.—Her Majesty's troop ship Resistance arrived here on Tuesday last, in 24 days from Barbadoes, with the 33d Regiment on board, bound to St. John, N. B.—She was detained here by the difficulty of procuring a person as pilot to take her round at this late and inclement season of the year; one however having been obtained, she sailed yesterday morning, accompanied by H. M. steamer Columbia.

The Jamaica Assembly, we perceive from late dates, contemplates the disbanding the Militia of the Island. A member has introduced a bill into the Legislature, having for its object the release of the public from the onerous duty of playing soldier once a quarter. This we think a most injudicious measure, as the Island is far from being in so tranquil a state as to warrant an immunity from all military interference.

The news from the Island, generally speaking, is far from indicating a satisfactory state of things.

H. M. Steamer Hermes, Lieut. Washington Carr, in 11 days from Halifax, N. S. arrived at Kingston on the 3d Nov., having on board the new Bishop of Jamaica, the Right Rev. Dr. Aubrey Spencer, who will forthwith assume the duties of his diocese. This vessel touched off Bermuda.

H. M. Brig Ringdove arrived at Kingston on the 15th, in six days from Port au Prince. She reports that every thing was quiet there when she left.

The *Barbara Ann*, Praught, arrived on Tuesday last, from St. John's, N. F. Reports the following vessels disposed of, at remunerating prices, viz; the *Kate*, *Isle of Skye*, *Eclipse*, *Lucina*, *Eliza* and *Nightingale*, of Charlottetown; and the *Ann* and *Sisters*, of St. Peter's, P. E. Island.

Mechanics' Institute.—On Wednesday evening last, agreeable to announcement, Charles Binns, Sen., Esq., delivered a Lecture on "*British Law and Lawyers.*" We are sorry that we cannot speak of this Lecture—to borrow the language of a certain well-known individual—in our "usual style of commendation." Some portions of it were, doubtless, highly instructive to many of the auditory, and the amusing anecdotes and frequent sallies of wit interspersed throughout the Lecture, occasionally elicited the applause, and excited, in no small degree, the risible faculties of all present. By far the larger portion of this Lecture, however, was most unexpectedly, and, we would add, *unwarrantably*, dedicated to a development or exposition of the learned lecturer's own peculiar views of certain long agitated public questions. For the information of our readers, we shall just enumerate a *few* of the topics embraced in this extraordinary production, *e. g.*, the Repeal of the Legislative Union between Great Britain and Ireland—the nature and conditions of the original Grants of this Island—the policy or impolicy of the establishment of a Court of Escheat, and other matters intimately connected with the *vexed* land question—the right of the subject to petition the Crown, &c. —to which must be added his indiscriminate laudation of the "acts and doings," of Sir Henry V. Huntley and his advisers, forming altogether, according to Mr. Binns, the *beau ideal* of everything philanthropic, dignified, disinterested and excellent —"anything (to use the lecturer's own words) contained in certain well-known publications, to the contrary, notwithstanding." But the learned lecturer did not stop here. His Honor the Chief Justice, the law-officers of the Crown, the several members of the Bar, *et hoc genus omne*—each in his turn received his due meed of praise. This might have been all very well at a proper time and in a proper place; but we certainly think the floor of a *Mechanics' Institute* a very unfit arena for the discussion of topics such as these—the mere introduction of which, the learned lecturer must have known, involved a direct violation of one of the Standing Rules of the Institute. We are fully persuaded that if similar deviations are to be permitted in future, the doom of the Institute is sealed.

Temperance.—On Monday last, the Rev. J. B. Strong delivered, by request, an eloquent and impressive Lecture on Temperance, in the vestry of the Wesleyan Chapel in this Town. The Rev. gentleman—himself a thorough *cold water* man—in the course of his lecture, adduced a great variety of striking, if not startling facts, which could not fail to *tell* powerfully on the minds of his crowded and attentive audience.

Coroner's Inquest.—An inquest was held before Daniel Hodgson, Esq., Coroner, on Monday morning last, at the Covehead Road, on view of the body of Patrick Murphy, shoemaker, of that place. It appeared that the deceased, on returning home from town on Wednesday evening last, while attempting to cross from the Union-road to his house, had missed his way, having been found in the woods, after diligent search, on Sunday last. From the marks which were observable in the snow, it was evident that the deceased, who was upwards of seventy years of age, after wandering about for a considerable time, must, through cold and fatigue, have laid down and perished.—Verdict accordingly. He was a native of the County of Wexford, Ireland, has resided on this Island for the last twenty-two years, during which time his character was that of an honest and industrious man.—*News.*

Accident.—An infant child of Mr. Edmunds, Coachmaker, Kent Street, aged 8 months, was severely scalded on the morning of Tuesday last, while the family were taking breakfast, in consequence of its taking a sudden spring towards the fire from a chair in which it had been placed, and its upsetting in the act a pot of hot tea. The poor little sufferer is so much injured about the face and breast that fears are entertained that it will scarcely survive the effects of the accident.—*Gaz.*

To the Editor of the Colonial Herald.

Sir; A Meeting of the Constituency of Princetown and Royalty, called for the puspose of meeting their Representatives, before they should proceed to Charlottetown, was held at the Upper School House of the Royalty, on Monday, the 18th current. Robert Hyndman, Esq., being called to the chair, and Mr. Edward Blanchard being nominated Secretary, the following Resolutions were passed:

Moved by Mr. John Owen, seconded by W. Clark, Esq., and Resolved, unanimously—

That this meeting regards the Bill introduced into the House of Assembly last winter, intituled *An Act to provide a remedy against Electoral Districts, for damage done to property within them by riotous assemblies, and for defraying expenses incurred from impeding the service af legal process*, as false in its premises; implying that the inhabitants of this Island are prone to seditious and tumultuous assemblages, and beyond the controul of the usual means for preserving the peace; whereas no such "riotous assemblies" ever take place in this Island; and that they furthermore consider the power which it places in the hands of the Magistracy as highly unconstitutional and dangerous, and that its operation would be oppressive and unjust, and calculated to promote the disorders which it proposes to prevent.

A number of gentlemen spoke to this Resolution, all of whom scouted the idea of tumultuous and riotous meetings being held in the Colony. It also appeared to be the opinion of the meeting that this Bill was framed with a view to gull the Imperial Government into the belief that the Island was in a state of insubordination to the Law, in order to give a color to the Governor's conduct in sending troops to the East Point, where the Law was not in any way resisted, as appears from the proceedings of the Georgetown Court, when the Crown Officers, with all their exertions, could not procure a Bill to be brought in by the Grand Jury against the traversers or so-called rioters or rebels. It was also observed, that if the Governor becomes a proprietary agent, he ought to be paid by the proprietors, and that in so doing he disgraces his office. The Towns and Royalties being omitted in the Bill, was thought to be caused by the fact, that the majority and their friends hold large possessions in those places, which they were afraid would be mulcted, in case the Bill went into a Law.

Moved by W. Clark, Esq., seconded by Mr. Alex. Stewart, and Resolved, unanimously—

That to continue in the House of Assembly any member who has forfeited his seat, by the acceptance of an office of emolument under the Government, would not only be a violation of the law, but also a sacrifice of the trust reposed by the people in their representatives, and that the members for this Royalty are expected to use their endeavours for carrying out the intention of the law in such cases made and provided.

Mr. Montgomery, the only Member of the House present, observed that if this Resolution had not been mooted, it was his firm intention to have acted up to the principle of it. As it had happened, however, he was proud that his constituents approved of the course which he had intended to adopt. Many other gentlemen spoke to the Resolution, and deprecated, in the strongest manner, any attempt which might be made by those who had been appointed to office under the Government to retain at the same time those offices and their seats in the House.

Moved by Mr. Alex. Stewart, seconded by Mr. W. Clark, junior,

That the Representatives of this Royalty are expected by their constituents, in the discharge of their legislative duties, to support liberal political principles, and especially to use their utmost exertions to have the Government of this colony administered on the responsible system at present in use in the other British American provinces.

The peculiarly unfortunate state of this Colony was remarked upon, inasmuch as in it voters are often driven to the Hustings and compelled to vote against their consciences, which they often do with tears in their eyes, to save, perhaps, their only cow, and to prevent themselves and families being turned into the street—the only alternative often offered being, "Either vote for my candidate, or I will distrain to-morrow, and re-enter upon your farm as soon as the Law will allow me." In those circumstances it was urged that it is the imperious duty of the liberal part of the Representatives to strain every nerve to carry out the above Resolution. One or two gentlemen objected to this Resolution, on the ground that it was rather premature; but the principle was concurred in unanimously.

Moved by Mr. W. Clark, junior, seconded by Mr. James Montgomery—

That as Mr. Beairsto, one of the Representatives for the Royalty, is not at this Meeting, and is absent, as is believed, upon official duty, that the Secretary do furnish him with a copy of the proceedings.

Resolved, That the proceedings of this Meeting be forwarded to the *Colonial Herald* and *Palladium*, Newspapers, with a respectful request that they will give them insertion.

Mr. Montgomery having taken the chair, the thanks of the Meeting were given to Mr. Hyndman, for his manly and independent conduct in the chair.

By order of the Meeting,

E. S. BLANCHARD, Secretary.

The following Testimonial is one of many thousands addressed to Messrs. Rowland and Son, 20, Hatton Garden, London, whose Advertisement appears in another column.

Gentlemen.—I consider it almost an imperative duty to state the valuable efficacy of your most excellent Macassar Oil. For the last fifteen years I have been bald, occasioned by a most dreadful fever whilst in India. I have used almost every means to procure a head of hair again, but all my efforts seemed fruitless, until, accidentally, a friend advised the use of your valuable Hair Restorer—(I can give it no better name,) and, after using a 3s 6d. bottle, every symptom of a new head of hair began to show itself, to the joy, not only of myself, but my children. I resolved on having another, and obtained a 7s. bottle, and, before the whole of which was used, I had, and have now, as handsome a head of hair as ever man enjoyed, and I earnestly recommend all who have not tried this most excellent Oil, will not fail to do so.

I am, Sirs,

Your most grateful and obedient servant,

J. WALKER, Colonel.

Sufferings of Polish Captives in Siberia.—"Ah!" observed the General Kosinski to Sir R. Wilson, "they may talk of the hardships of the French in their retreat from Moscow, but *ours*, driven over a thousand Leagues, with our wives and children, were infinitely more deplorable! We were parched with thirst, half-famished; our feet were covered with blisters, and our limbs rigid. Those whose knapsacks contained "Holloway's Ointment" and "Pills" were indeed fortunate! Their wounds were healed, and the alterative and tonic properties of the pills kept up their strength. I recommend these specifics for all disorders: they are attended with the most astonishing success; and in rheumatism, cancer, paralysis, gout, wounds of all kinds, scrofula, &c., their efficiency, both in Poland and Russia, cannot be too highly appreciated.

N. B. General Kosinski having escaped from Siberia is now in England.

Ship News.

Halifax, Dec. 5.—Cleared. Schr. *Abeona*, Macinnis, and *Jessie*, Ferguson, P. E. Island, with cargoes.

St. John's, N. F., Dec. 5.—Wreck of the Schooner Morning Star.—This vessel sailed from Prince Edward Island on the 10th ult., laden with potatoes, oats, and lumber, bound for this port. The weather was exceedingly boisterous until the 16th of the month, when the wind sprung up from the N. E., blowing heavily, and the vessel made Cape Pine, with loss of sails. Put the vessel off the land until the 21st, when the reckoning was to the Eastward of the Banks. After that, attempted to get in with the land, the weather moderate, and the wind for the most part N. N. E., until about 11 p. m., on Saturday last, when the schooner was found to be in the midst of breakers; and the crew having been compelled to abandon the vessel, and having rowed for about five hours, the weather thick and foggy, succeeded in scrambling up the rocks, about the North head of Bay Bulls, and were providentially saved.

Arrived at Bay Fortune, on the 19th inst., the Schr. *Elizabeth*, Pigot, Master, from St. John's, Newfoundland, 4½ days, with 4 cabin and 50 steerage passengers; and Goods, to J. Dingwell, Esq.

MARRIED.

On the 19th inst. by the Rev. J. B. Strong, Mr. Edmund Nelson, of Crapaud, to Miss Frances Wilson, of the same place.

DIED,

On Wednesday last, Charlotte, wife of the Rev. John Shaw, Baptist Missionary, Three Rivers, and fifth daughter of the late W. Dockendorff, Esq., York River.

This morning, after a lingering illness, Margaret, third daughter of Mr. Thomas Foster, Covehead, aged 23 years.

To Correspondents.

A few days since we received a Communication from D. Maclean, Esq., purporting to be a reply to our observations of last week, but abounding in so many gross personalities, and couched in such discourteous language, that we conceive we should be doing injustice to ourselves were we to give it publicity in our columns. As, however, it will most likely occupy a place in the columns of Mr. Maclean's *pet* Journal ere long, we shall defer offering any remarks, in reply, until then. In the meantime, we can assure Mr. Maclean, that we have no controversy—we wish to have none—with him, on this or any other subject. Our opinion of his abilities as an *orator* or *public speaker*—not as a *politician*—has been fairly, fearlessly and candidly given; and if he, or any one else, see sufficient cause to differ with us on this subject, he has, of course, a perfect right to do so.

House of Assembly,

23d December, 1843.

Ordered, That the above Resolution be inserted in each of the Newspapers published in Charlottetown.
