THE ANGLO-AMERICAN UNITY

A Grand Celebration in London.

THE SUBJECT DISCUSSED AT THE THANKSGIVING BANQUETS

Notable Speeches by Sir Edwin Arnold and Mr. Henry White.

[SPECIAL TO THE EXAMINER.]

LONDON, Nov. 25.—The Thanksgiving banquet of the United States representatives in London last evening was a glorification of Anglo-American friendship.

Three hundred United States people and their English guests sat at table, under the entwined flags of the two nations.

Two notable speeches were made, one by Mr. Henry White, the United States Charge D'Affairs, the other by Sir Edwin Arnold who was supposed to be nearly at the point of death from paralysis, but who dragged himself into the banquet hall against the orders of his physicians, leaning on the arm of his Japanese wife and supported by a cane.

Big Bequests.

BOSTON, November 22.—The late Edward Austin, of this city, gave, according to his will, which was filed for probate in the Suffolk probate office to-day, \$1,000,000 in public bequests. The gifts are as follows: To the New England Trust Co. \$100,000 in trust. The income is to be paid "To needy aged men and women who have been in better circumstances in earlier life, but have come to want in old age." To Harvard college \$500,000. The interest is to be applied to "Needy, meritorious students and teachers to assist them in payment of their studies." To the Massachusetts institute of technology, \$400,000; to Radcliffe college \$30,000; to Roanoke college, \$30,000; to the Tuskegee normal and industrial school, \$30,000; to the bacteriological seminary of the Harvard medical school, \$10,000.

Spain vs. The States.

LONDON, Nov. 24.—The Madrid correspondent of the Daily Mail says: The ministers deny that the Americans have offered Spain equal commercial privileges in the Philippines. They declare on the contrary, that the United States commissioners have only offered to negotiate, after a peace treaty has been signed, a special commercial treaty with regard to Spanish commerce. The Americans have demanded Young Island, in the Caroline group, as a coaling and cable station. The remains of Christopher Columbus, on arrival, will be deposited in a special monument at Sevilla.

Rumor and the Dreyfus Case.

LONDON, Nov 24.—The Paris correspondent of the St. James Gazette asserts that he has learned from an exceptionally well informed source that the mysterious document in the Dreyfus case, on the strength of which successive ministers of war have upheld the condemnation of the prisoner, was a letter from Gen. Baron Fredericze, Russian military attache in Paris. The letter is dated from Berlin, and is addressed to the French military authorities. It says that the traitor who was responsible for the sale of military secrets was a certain Captain Dreyfus. Subsequently Baron Fredericze ascertained that he had been grossly deceived by an agent of Esterhazy or Col. Henry, who were anxious to fix the guilt on Dreyfus in order to avert suspicion from themselves.

"I am informed," the correspondent says, "that Mme. Dreyfus is now in possession of a letter from Baron Fredericze which admits his error." The existence of this letter is said to have influenced the court of cassation to make light of the evidence given by the four ex-ministers of war who testified to their belief in Dreyfus' guilt.

SIMLA, Nov. 24.—The mad fakir, who, with six hundred men has been threatening to cross the Swat frontier has retired, but the British military authorities are continuing their precautions. General Lockhart has gone to the frontier.

Domville's Predictions.

TORONTO, Nov 23.—The Evening Telegram's London cable says: Col. Domville, M.P., for King's, N B, in the Dominion Parliament, was interviewed today. He said the Canadian government would propose a state aided railway from Skagway via Dalton trail to Selkirk and Dawson, and predicts that the government will either reduce or remove altogether the royalty tax.

A Denial.

SIR.—The recent "White Sands controversy," published in your late issues of the Examiner has given rise to some erroneous conjecturing, respecting the author of the article in question. Certain individuals having accused me of being the author I beg to inform them that I am neither the author or an accomplice, and deny being in any wise implicated in the matter. Therefore I do not wish to be suspected or blamed for that of which I am innocent.

PECULIAR REMEDY

Something About the New Discovery for Curing Dyspepsia.

The Rev. F. I. Bell, a highly esteemed minister residing in Weedsport, Cayuga Co., N. Y., in a recent letter writes as follows: "There has never been anything that I have taken that has relieved the Dyspepsia from which I have suffered for ten years except the new remedy called Stuart's Dyspepsia Tablets. Since taking them I have had no distress at all after eating and again after long years CAN SLEEP WELL. Rev. F. I. Bell, Weedsport, N. Y., formerly, Idalia, Colo."

Stuart's Dyspepsia Tablets is a remarkable remedy, not only because it is a certain cure for all forms of indigestion, but because it seems to act as thoroughly in old chronic cases of dyspepsia as well as in mild attacks of indigestion or biliousness. A person has dyspepsia simply because the stomach is overworked, all it wants is a harmless, vegetable remedy to digest the food and thus give it the much needed rest.

This is the secret of the success of this peculiar remedy. No matter how weak or how much disordered the digestion may be, Stuart's Dyspepsia Tablets will digest the food whether the stomach works or not. New life and energy is given not only to the stomach but to every organ and nerve in the body. A trial of this splendid medicine will convince the most skeptical that Dyspepsia and all stomach troubles can be cured. The tablets are prepared by the Stuart Chemical Co., of Marshall, Mich., but so popular has the remedy become that Stuart Dyspepsia Tablets can now be obtained at any drug store at 50 cents per package. Send for book on stomach diseases free.

The Carlists Reported to be Smuggling Rifles.

[SPECIAL TO THE EXAMINER.]

LONDON, Nov. 25th.—The correspondent of the Daily Mail says: "The Spanish Cabinet will take the final decision to-day, Friday, but it is agreed in principle to (authorize) Senor Monteo Rioe, President of the Spanish Commission, to sign a peace treaty, although the Commissioners may be instructed to insist upon its ratification by Cortes.

It is believed that this decision will create a disturbance in domestic affairs. It is reported that the Carlists have smuggled 12,000 rifles across the frontier.

MR. A. N. McNEILL

Chief Clerk of Department of Indian Affairs.

The Ottawa Citizen reviews briefly the life of Mr. A. N. McNeill, formerly of Charlottetown. After referring to his early life in this city and relating the cause of his death the Citizen says: In 1863 he joined the royal navy, and served on the North American and West Indian stations, in England and in the South Pacific for a number of years. In 1864 he went through the yellow fever epidemic in Bermuda, during which 65 out of 150 men aboard his ship, the Terror, died. He was aboard the flagship Topaze in 1865 at the time of the bombardment of Callao, the port of Lima, by the Spaniards. Mr. McNeill also served under Admiral Milne on the flagship Nile, and on the Royal Adelaide, under Captain Beauchamp Seymour, the hero of Alexandria, now Lord Alcester. In 1867 he passed his examination for the rank of paymaster; obtaining a first class certificate, and in 1871 he retired from the service with the rank of assistant paymaster, commencing his pay.

On his return to Prince Edward Island he was appointed assistant clerk of the House of Assembly, and for a time was acting chief clerk.

In March, 1873, he came to this city, and was appointed to a position in the Department of Agriculture. Later he was transferred to the office of the clerk of the crown in chancery, and in 1874 was made corresponding clerk of the Department of Indian Affairs, and last year was promoted to the rank of chief clerk and assistant secretary of that department.

Mr. McNeill was a member of the Anglican church, and for some years took an active part in church work. To his zeal and effort belong the credit of raising the necessary funds for the erection and completion of St. Stephen's church at Britannia, which is an ornament to that summer resort, and will stand as a monument to his memory. Mr. McNeill had control for five months of Hintouburg mission after the death of the Rev. Mr. Jemmett. He also took services at Cantley, Bearbrook, Vars and Canaan. Mr. McNeill married in 1873, Elizabeth, only daughter of the late Edward Humphreys, L. L. D., of Boston, who with five children, survives him.

A Demon Abroad.

A despatch from Lunenburg, N S, to the Halifax Herald states that Cornelius Silver, of Maitland, in that country, was in town last week and tells a story equaling anything ever heard, for down-right cussedness. The moneys sent by us to civilize and christianize the heathen, could be well spent in a community where there are men so depraved as to be guilty of committing a crime such as here related. Mr Silver, on going to his barn on Tuesday morning, discovered that during the night four cows, one horse and several calves had died. The only animals living in his barn were his oxen, which were still lying down. On going to their manger boxes he found a powder mixed with the feed, which, on being examined proved to be paris green. The oxen were worked hard the day before and it is supposed that after being fed they had laid down and had not yet got up when Mr. Silver came in the stable in the morning. This saved the oxen, but the other cattle had died from poison mixed with the food by some wretch, who, under the cover of darkness, had crept into the barn. To have put a torch to the house and barn and added murder to his crime would have completed the job that such a demon is thoroughly capable of. Mr. Silver has a suspicion who it might be and it is hoped he may be successful in bringing the demon to justice.
