# MIGHTY MERCURY TRUCKS

## Introducing for '59

**LIGHT DUTY SIX OR V-8**

New payoff-proved Mercury Light Duties are here with many new improvements, modern advancements. Both Six and V-8 engines run best on lower-priced, regular gasoline. Handsome new styling combines with Mercury's big capacities to give you trucks that look like a million, yet work for pennies. An industry-new seat covering wears twice as long as former fabrics. New Multi-Drive Merc-O-Matic provides two automatic driving ranges for all conditions. New power transfer differential helps prevent bogging down in mud, snow or on ice. Your Mercury Truck dealer has the full story.

**MEDIUM DUTY SIX OR V-8**

'59 Mercury Medium Duties offer you payoff-proved economy, power and comfort in conventional, tilt cab and school bus models. But '59's story doesn't end there. They're new from modern grille to far more durable seat covering materials. New improvements in both Six and V-8 engines give you full short-stroke power from lower-priced, regular gasoline. A new internal shoe parking brake, standard on all Mercury Medium Duties, gives nearly 50% greater holding ability. These are just a few of the payoff-proved features that make Mercury Trucks Canada's best buys for profitable medium duty trucking.

**HEAVY AND SUPER DUTY V-8**

'59 Mercury Trucks give you more of what you want for Heavy and Super Duty operations. These payoff-proved giants in conventional, tilt cab and tandem models feature Mercury's rugged V-8 engines. And they run best on lower-priced, regular gasoline. A wide range of transmissions includes the fully automatic Transmatic and the 8-Speed Roadranger. New rear axles and lower rear axle ratios give you top capacity and economy. Cabs feature stronger construction, heavier sheet metal reinforcements and longer wearing seat fabrics. Get the full story from your Mercury Truck dealer.
