MERRY-GO-ROUND.—It is announced that Messrs. M. Kinross & Mutart will have their merry-go-round in operation at the Charlottetown and Summerside exhibitions.

POLICE COURT.—This forenoon the Scott Act summons against Angus Macdonald and John Collins were dismissed, and the case against James Langran was adjourned until this day week.

CHRISTIAN ENDEAVOR.—The steward's committee of the Maritime C. E. convention will meet for business in the Y. M. C. A. Parlor to-night at 8 o'clock sharp. A full attendance is requested.

No. 1 Co. G. A.—The members of No. 1 Co., Garrison Artillery, are requested to meet at the drill shed this evening at 7:30 sharp in uniform. A full attendance is particularly desired, and every member is expected to be on hand.

TELL GRAYS.—Mr. John Shields, Sea Cow Head, has shown us some stalks of cow, from a field which he sowed on the 23rd of May last, which measures 5 feet 2 1/2 inches in height. As an instance of rapid growth, this is hard to test.—Journal.

HOTEL IMPROVEMENTS.—Mr. Archibald has had the Queen Hotel improved in many ways. It is only a few weeks since he had the house hand-painted, and now he is putting in a system of electric bells. The Queen is very popular with the travelling public.

NO ONE WANTED IT.—The Central Railway property, 75 miles, two lines, one Hampton to Quaco, 36 miles, the other Norton to Chipman, 45 miles, also lands of the value of \$800,000 and two-thirds of the capital stock were offered at auction in St. John a few days ago and withdrawn as there were no bidders.

LOSS BY FIRE.—Advices from Amherst state that over one million feet of manufactured lumber at the Jozgins Mines wharf was destroyed by fire last Tuesday night. The fire is supposed to have been caused by an iron bar. The lumber was owned by J. W. Hunter, of Leamington, and was being shipped to South America. The loss is estimated at \$10,000.

PRIFY CHANGES.—On Sunday next, Aug. 24th, the Rev. W. J. Kirby, of the Upper Methodist church, exchanges pulpits with the Rev. E. C. Turner, of P. O. Hall, when Mr. Turner will preach at both services in the Upper church and Mr. Kirby will preach at Vernon River South, Mount Herbert and Pown. A special collection will be taken at each service in behalf of the circuit funds.

CATTLE POISONED.—The farmer reports that Mr. John McFarlane, of South Shore, had two young cattle poisoned recently with Paris Green. It appears that about two years ago he was using this article on his potatoes, which were in the same field, and the can with considerable Paris Green in it was taken to the fence. A few days ago the animals found it and swallowed considerable of the contents.

FUEL BETWEEN THE CARS.—When the early train was passing the cemetery this morning, a young man by the name of Nelson Gameter, of Hazel Grove, tried to board the moving train but missed his step and fell between the cars, receiving a severe wound. He was taken to Hantsport River Station and skilfully treated by Dr. Douglas. The injured man is now doing as well as can be expected.

ADDITIONS TO THE FLEET.—It is announced from Halifax that the dockyard authorities there have received notification concerning the intention of the admiralty to place more first-class warships on this station. They will be the Talbot with a crew of 437 men, the Flora with 319 men and the Renown with 704 men. The latter's tonnage is 12,350, and she will fly the flag of Admiral Fisher. She is larger than the Blake or Crescent.

THE LAST FRIEBER.—The funeral of the late Nathan Davies took place yesterday afternoon from his late residence to the People's Cemetery. The attendance of Oldfellows and citizens generally was large, testifying to the respect entertained for the deceased. The services were conducted by Rev. W. H. Warren, of Bedoupe. The pall-bearers were A. W. Stearns, J. K. Ross, R. K. Jost, Samuel McRae, J. D. Smanan and Thomas J. Harris.

ENGLISH STEAMER.—We understand that one of the Furness Line steamers sailing between Halifax and London will call at Charlottetown about the first week in October, provided a sufficient cargo is offered. It is also the intention of the company to load a steamer at Swansons in Charlottetown via Halifax. Intending shippers would do well to communicate at once with Mr. W. W. Clarke, agent at Charlottetown for the Furness Steamship Line.

DEATH OF MR. GILL'S CHILD.

A Statement of the Facts in Connection Therewith. We are asked to contradict a statement contained in a paragraph which appeared in THE EXAMINER of the 10th of August, in reference to the death of the two-year old child of Mr. John Gill, Union Road. In this paragraph it is stated that the child's death was due to worm powder "inadvertently administered in larger than medicinal doses." The facts of the case, as stated to THE EXAMINER, are as follows:—

On Tuesday, the 4th of August, (quite) about this time the child was quite well, with the exception of being troubled somewhat with worms, the father asked Dr. Henderson for something to give the child for worms. On the following Friday, August 7th, a niece of Mr. Gill's, who had strolled around the shore, on her return home again, and when about an eighth of a mile from the doctor's residence the young girl, opening the paper containing the medicine, and on which there were no directions whatever to indicate its contents, noticed that it was some sort of powder. On Saturday morning the powder was given to the child at about 8 o'clock, and he then went to sleep. About an hour and a half afterwards the mother, going to wake the little fellow up, found him in a half unconscious condition.

Supposing that the powder had been too strong, an emetic was administered, which had no effect. Dr. Henderson was at once sent for, and on his arrival expressed surprise at the condition of the child. Taking from his pocket a small bottle which he had brought with him, he remarked that the medicine previously given by him to Mr. Gill's niece had been taken from this same bottle. The doctor then being asked if he thought it would be advisable to give the child an emetic, replied that "it had gone too far through the system," referring to the powder which had already been given to the child, and which he himself had given to Mr. Gill's niece. The doctor then inquired for the rest of the tablets, but on being informed that no tablets had been received, but that it was a powder, expressed astonishment at this, saying that he had never seen six tablets, wrapped in a paper, and which, he said, could hardly be cut with a knife. Sitting down to the table, he then took a tablet from the bottle he had brought with him, and testing it, found that it broke quite easily. The doctor also remarked that one of the six tablets he sent would be sufficient for a dose. Shortly after the doctor left, on his visit in the forenoon on Saturday, the child rapidly grew worse and he was again sent for but could afford no relief, the child dying about four o'clock that afternoon.

AMHERST RACES.—At Amherst yesterday, Katrina won the 225 class, with Mirna second. The best time was 2:23. Button won the 3-year old race, and Kickapoo the 4-year old. The best time in the former was 2:37, and in the latter 2:33.

THE NEW WING.—It is reported that the city to-day that the contract for the erection of the new wing to the Hospital for the Insane has been awarded to Messrs. Paquet & Godbout, of St. Hyacinthe. Que. The EXAMINER, made enquiries, however, and is assured that no action has yet been taken in the matter.

THE UNITED STATES CONSUL at RHEIMS, France, says that English horse meat is put up in cans in Holland; and after American labels are pasted on the cans, they are shipped to France and other neighboring countries. When horses in England have become so old and worn out that they are no longer of any use, they are shipped to the cannery factories in Holland. About 26,000 horses are used in this way every year. Of course, the stuff is not sold as horse meat, but as lard cannot be.

PROFESSOR ROBERTSON'S VISIT.

Prospects for Cheese and Butter—Crops and Farmsteads in the Garden of the FAIR.

PROFESSOR ROBERTSON, Agricultural and Dairy Commissioner, left for Quebec and Ontario by way of Summerside this morning. To a representative of THE EXAMINER he said that accompanied by Mr. Dillon he had driven over 250 miles since he landed on Friday evening. Twenty of the cheese factories and two butter factories were inspected. At all of the factories, except two of the smallest ones, larger quantities of cheese and butter are now being made than last year. He estimates the production of cheese on the Island at 2000 boxes more than last season. The price is advancing and the demand in Great Britain is active. The quality of the cheese made in July is satisfactory—anything better than any previous year. In reply to a question about winter butter-making he said the outlook for finest cream butter is good. The position of Canadian Creamery on the English markets is improving every year. The central creamery at Charlottetown will be run from October onwards; and probably a creamery at New Perth also. The turnout of butter during the winter at the two places should be about \$30,000 worth at least. For the first time since co-operative dairying was begun there is plenty of fodder for cattle—plenty for feed and for bedding.

Asked as to the appearance of the fruit and crops as seen on his journey, he said it was beautiful and the crops were heavy. His words were, "I never traveled through a more lovely and lovable country. The fields are burdened with the luxuriance of growth. Oats, wheat and barley promise prodigious yields, and fields so free from weeds, with a few exceptions, I have never seen elsewhere on this continent. Fine cozy farm buildings, lustrous with whitewash and hopeful content, adorn many scenes where beauty and fruitfulness join in rich variety. The oft-repeated title 'The Garden of the Gulf' has been used of late years with a glint of poetic exaggeration and compliment; but this year it falls short of truthful description." The people of the Island should now, says Professor Robertson, make up for growing with as much enthusiasm as they have put into the dairying movement. They can make as great a success of it in a few years.

PERSONAL.

Miss Alice McRae, of Pictou, N. S., is here on a visit to her brother, Mr. Percy B. McRae.

Mr. Sanford Fleming, C. M. G., and Principal Grant, who came out from England together, were in Ottawa yesterday.

Mr. W. J. McGowan, of the Intercolonial Railway, Moncton, is in the city. His many friends will be pleased to see him looking so hale and hearty after his journey abroad.

Dr. McLellan, of Souris, is in town to-day en route to Ottawa to attend the big C. M. B. A. Convention. On his way Dr. McLellan will take in the meeting of the Medical Association, Montreal. Dr. McLellan will leave to-morrow morning. He will be accompanied by Mr. S. Blanchard, who will represent Branch 216, as announced yesterday.

Rev. A. E. Burke, of Alberton, and Rev. D. J. G. Macdonald, of Summerside, will be among the delegates from this province to the C. M. B. A. Convention at Ottawa.

Oliver Howard, St. John James E. Macdonald, Pictou; John M. McLeod, New Bedford, Mass., and G. L. Hanson, Truro, registered at the Queen last evening. The arrivals today included: N. B. Wright and E. Boswell, Victoria; A. J. Campbell, St. Thomas, Ont.

The Right Hon. Sir John Monson, British ambassador at Vienna, has been appointed British ambassador at Paris, in succession to the Marquis of Dufferin, whose term of service expires.

The school commissioners, after mature consideration, have accepted the application of Mr. P. Duchemin, B. A., of Charlottetown, to fill the vacancy on the Academy staff, caused by the resignation of Mr. C. L. Moore. Mr. Duchemin has been highly recommended and will no doubt fill the position successfully.

The following were registered at the Hotel Duquesne to-day: J. W. Robertson, Ottawa; M. Levi, Montreal; Miss Pyke, Halifax; J. D. Lord and wife, Boston; E. Elias and wife, New York; Mr. and Mrs. R. CURE FOR DROPSY. Only a Positive Symptom—Not a Disease of Itself—Cured by Dodd's Kidney Pills.

CAMPBELLFORD (Special), Aug. 17.—An unlooked for and remarkable recovery from advanced stage of dropsy is just made public here. It is the case of Mrs. John Weese, wife of the widely known vesting stage proprietor, whose life, for months, had been despaired of. From the accumulated water peculiar to this disease she became so helpless as to be unable to drag one foot after the other. She now appears on the street and says she is as well as ever in her life; and claims that after all other means had failed, she thanks Dodd's Kidney Pills for her unexpected cure.
