What We Advertise We Have

BYE-ELECTIONS IN QUEBEC.

The Liberals are Somewhat Surprised.

PLANT ELECTED IN BEAUBARNOIS BY 55 MAJORITY.

Langelier Elected in Levis—Collin Elected by Reduced Majority.

(SPECIAL TO THE EXAMINER.)

MONTREAL, Dec. 20.—Four provincial bye-elections were held yesterday.

All four seats were previously held by the Government. The Conservatives succeeded in capturing one seat, Beauharnois, where Plant was elected by 55 majority.

In Levis, Langlier, Independent, was elected, defeating Boirasea, the Government candidate and Gellig, Conservative by 160 plurality.

In Missisquoi county, Collin, Liberal, was elected, defeating Come by 49 majority. In the general election McCorkell, Liberal, had a majority of 495.

In Vecheviers, Blanchard, Liberal, was re-elected.

Caper Sauce Capers.

The caper, familiar in caper sauce and used also as a garnish for salads, is imported from Spain and France. Capers are grown in Italy, but none is imported from there into this country.

Capers are sorted into four sizes, of which the smallest are known commercially as nonpareils, and the next larger as surfines. The next larger in French capers are capucines, and the largest capotes, while the next to the largest and the largest of Spanish capers are known respectively as capotes No. 1 and No. 2. The smallest capers are the most desirable and bring the most money. French capers sell for more than Spanish. Capers are imported almost wholly in bulk in kegs of 15 or 16 gallons and barrels of about 40 gallons in brine or vinegar. A few capers are imported in glass, but they are mostly put up in this country. Capers grow on a bush.—New York Sun.

Royal Hotel Keepers.

The king of Wurttemberg may be regarded as a hotel keeper as well as a monarch. This has long been a tradition in his family, but not until lately was it discovered by the rulers of the beautiful little German kingdom how profitable innkeeping can become. When Peter the Great was traveling incognito through Europe, he refused to stop anywhere but at an inn. To circumvent this whim the then king of Wurttemberg put a tavern sign outside one of the royal palaces and, dressed as an innkeeper, himself welcomed the czar. This royal personage's descendant now owns two large hotels, from which he is said to derive a revenue equaling \$50,000 a year.
