## Eggplant Delicious Served Hot Or Cold

By IDA BAILEY ALLEN

"I'd like to cook a wider variety of vegetables, especially eggplant," writes one of our readers. "Please tell me whether it should be peeled, whether it is necessary to press out the juice by weighting it down and whether the seeds should be removed."

"What a lot of 'whethers!' madame," remarked the chef. "If that lady follows them all she won't have any eggplant left," he added with a chuckle.

"But a generation ago, eggplants were always peeled, salted and the liquid pressed out, chef," I replied. "Evidently this home-maker vaguely remembers the way she saw it prepared as a child. However, the seeds always have been left in."

**LOST NUTRITIVE VALUES**

"Today we never press out the juice as it means lost nutritive values. We often leave on the skin when eggplant is broiled or fried; always, when it is stuffed and baked."

"Eggplant itself is very low in calories. It is only when fried or prepared with considerable fat that it tends to 'put on weight.'"

"In the Near East," commented the chef, "eggplant is often pureed to serve hot as a vegetable or cold as an hors d'oeuvre. Either way, it is delicious."

**Eggplant puree:** Broil 1 (1½ lb.) eggplant until the skin is cracked. Turn often. Peel. Mash the pulp. Add 1 tsp.

salt, 4 tbsp. lemon juice, 2 ½ tsp. olive oil and 1 c. fine-chopped toasted almonds, pine-nut, or sesame seeds. Dust with parsley.

Serve hot as a vegetable or cold as an hors d'oeuvre.

**Eggplant Francaise:** In France, a favorite light entree consists of stewed eggplant served on big croutons.

Peel, slice and boil 2 medium eggplants 15 min. in salted water. Drain.

Rub a saucepan with a cut section of garlic. Add the eggplant, 2 tsp. butter or margarine, 1 tsp. anchovy paste, 1 minced onion, the juice 1 lemon, 1 c. stewed or canned tomatoes and 1 tsp. each minced parsley, chervil and celery. Simmer 10 min. Spoon over large hot croutons.

**Tomorrow's Dinner:** Chilled pineapple juice, southern stewed chicken, yellow rice, eggplant puree, hot wax bean salad, green tomato mincemeat pie, coffee, tea or milk; all measurements are level; recipes proportioned to serve 4 to 6.

**Green tomato mincemeat pie** (Old-fashioned as a wood-burning stove): Line a 9-in. pie plate with American pie pastry rolled a scant ¼-in. thick. Fill with 2½ c. green tomato mincemeat. Dot with ½ tsp. butter or margarine. Cover with criss-cross strips of pastry.

Bake 15 min. in a hot oven 400 degrees F.; then for 20 min. at 375 degrees F.

**Green tomato mincemeat:**

Wash and dry 2 lbs. green tomatoes. Chop and drain thoroughly. Add 2 c. water. Bring to boiling point; drain.

Add fresh water, boil and drain a second time.

Blend with 2 lbs. chopped not-peeled apples, 1½ lbs. raisins, ¼ lb. chopped beef suet, 1½ tsp. salt, ¼ tsp. each ground cinnamon and nutmeg, the grated rind and juice of 3 lemons and 3½ c. brown sugar. Simmer 1 hr.

Transfer to sterilized hot jars and seal.

It was decided to use "Missions are Changing as our study for this year. Several copies were sold to members for their instruction.
