FAST ACTION AT S'SIDE

Hoop fans saw a lot of fast action Friday when girls teams from Summerside High and Queen Charlotte High clashed in a struggle at Civic Auditorium. After a tight battle the western lassies came out on the long end of a 26-20 score.

New Grocery Store Site Okayed By Town Council

SUMMERSIDE BUREAU OF THE GUARDIAN

The Summerside Town Council last evening approved a special building permit for the firm of Mark Gaudet and Sons to construct a new $75,000.00 retail grocery store on the property of the estate of John Williams, bounded by Granville, Carvell, and Arcona Steets. The plans submitted for approval by the council indicated that the building will be 62 x 120 feet in size, a one storey structure with brick facing and modern plate glass front and entrance, and the area will have paved parking facilities to accommodate 75 to 100 cars.

Councillor Clark said he had hoped that this area would have become a building site for private homes, but along with all the other councillors approved the building permit as a definite improvement to the site which has long been a vacant lot.

CHANGE SYSTEM

The collection of water and sewerage accounts was brought in line with the method used by the electric light department when the by-law was amended so that water service may be shut off to any account which has not been paid within 40 days, and service will not be restored except on payment of two dollars in addition to the overdue water charge.

Instead of the previous three month billing, all bills for water will now be payable every two months in advance on the first day of January, March, May, July, September and November, except where water meters are in use, and in these cases the meter accounts will be payable on the 10th day of each of the above months.

OFFICIALS APPOINTED

Election officials appointed for the civic election to be held on February 24th, were approved by the council as follows:

East Ward at poll No. 1, Harrison Bell, returning officer; Walter Duggan, poll clerk; Samuel Gallant, doorkeeper.

East Ward, poll no. 2, Keir Duggan, returning officer; and Jack Schurman, poll clerk.

Center ward, Wesley MacPhee, returning officer; Alyre Arsenault, poll clerk; and Henry Bernard, doorkeeper.

West Ward, poll no. 1, William Corney, returning officer; George Olscamp, poll clerk; and Edmund Doucette, Doorkeeper.

West Ward, poll no. 2, Verno Arsenault, returning office, Edgar Houghton, poll clerk; and Theodore Bernard, doorkeeper.

A by-law regulating the carrying charges on capital expenditures and depreciation on water and sewerage system was enacted so that the water and sewerage department be charged the total cost including depreciation and carrying charges on the portion of debentures issued by the town to cover capital expenditures made by the water and sewerage department to December 31, 1957, and that these costs be reflected in the operations of the department's financial statement for the year ending December 31st, 1958, with this practice of accounting to be continued each year in future.

Mayor W.A. Currie presided at the meeting and all councillors were present with the exception of Councillor Fred L. Arsenault.

An application was received by the council from Donald Lefurgey for the position of Summerside recreation supervisor for the months of July and August with request for consideration for this position if it should not be filled by the previous supervisor Johnny Carroll.

MORE POWER

Councillor Dr. H. E. Clark in his report as chairman of the electric light department noted an increase of more than 14 percent in the demand for electricity last month, and felt that this was at least due in part to the lower rates which became effective the first of this year.

Councillor MacCausland reported that the auditors are completing work on the annual statement of revenue and expenditure for 1958 which would be made at a meeting of the council on Thursday night.

Councillor Robert Dewar reported considerable trouble in the water and sewerage work due to cold weather which had affected some sewers and fire hydrants, and he commended Alfred Groom for locating two serious breaks in a six-inch water main which had affected water pressure in the lower part of the town.

He reported that the cost of the pump head recently purchased for the Harvard Street well and flown from California to Summerside had been $575.00, but the company had paid $32.74 air freight to New York, which reduced the cost to $542.26.

Air express from New York to Summerside had been $152.24. Canadian import duty had been $124.88, and sales tax amounted to $67.99, which town manager Joseph Brophy said he believed could be refunded to the town.

Mrs. H. O'Brien Funeral Held

The funeral of Mrs. H. O'Brien was held from her home in Alberton to the Sacred Heart Church Monday morning. Requiem High Mass was celebrated by Rev. Phelan McKenna. Seated in the sanctuary were Rev. M. J. Rooney and Rev. N. Gallant. Two grand nephews, Donnie O'Brien and Delbert O'Brien, were servers of the mass.

Pallbearers were six nephews Leigh O'Brien, Gerald O'Brien, Ivan O'Brien, Alfred Foley, Ray Foley and Gerald Redmond.

Flower bearers were Larry Profit, Alton O'Brien, Herbert Leavitt, Everett Shea, Perley Hardy, Brydon Smith and Alexander (Sandy) McIsaac.

Mayor Currie New Manager Of New Investment Office

SUMMERSIDE—W.A. Currie, mayor of Summerside yesterday became manager of an investment office, opened Monday in Summerside by F.J. Brennan and Co. Ltd., investment sercurities.

Mr. Currie, while remaining as secretary and manager of the board of directors of the firm of R.T. Holman Ltd. is retiring from active employment with this firm with whom he has been associated for a few weeks short of 25 years.

Mr. Currie, retiring on the firm's early retirement plan, becomes the ninth person to retire under this plan since it was adopted by the company a few years ago.

After service with the Canadian Bank of Commerce in Montague and Charlottetown, Mr. Currie joined the Holman firm more than 24 years ago as accountant and credit manager. In 1946 he became secretary of the firm, and later in the same year was appointed to the board of directors, and since 1957 the past year has been their public relations officer.

Mr. Currie's retirement from the Holman firm became effective Monday. He will be tendered a reception Wednesday by the company in respect of the occasion.

The new Ivestment Office is located in the new MacArthur building facing Water Street on the south east corner of the second floor of the building. Already direct teletype communication with the Montreal and Toronto markets, has been set up assuring up to the minute quotations and prompt finalizing of transactions.

Mr. Currie who is now in his second term as mayor of Summerside, was twice elected to this office by acclamation.

Mr. and Mrs. Currie reside on Cedar Street in Summerside, and they have a family of three married daughters.

A past president of the P.E.I. Liberal Association, Mr. Currie has been active in service club work with the Summerside Y's Men's Club, the Summerside Kinsmen Club and is an honorary member of the Rotary Club, Curling Club and RCAF Wing Association.

He has been actively connected for many years with the Canadian Red Cross with whom he has served as Summerside chairman of war service and blood donor campaigns.

SAVE AS YOU GO!

IT'S THE MOST MODERN SIX ON WHEELS

One of the best things about the '59 Meteor is the fact that you don't have to skimp to *save*. Here is the most beautiful Meteor ever built, the luxurious new Montcalm . . . a classic car in every sense of the word. And the beauty of it is that you can *save money* by owning it!

The reason, of course, is Canada's most modern six-cylinder engine—the Econ-O-Fuel Six. *Years* ahead of the rest, it has the extra sparkle of modern *short-stroke* design. And you don't save *just* because it's a six. You save because it's *designed* to economize—to give top performance on *regular* gas—and better mileage, too!

Performance *plus* economy—that's a mighty fine way to save. And there are others: every Meteor offers you a *standard* oil filter that extends oil life up to 4,000 miles. An *aluminized* muffler, too, that lasts twice as long. And Canada's newest, simplest and *lowest-priced* automatic—Meteor's two-speed Econ-O-Matic drive. Isn't it time *you* started saving? WEIGH THE FACTS—Meteor versus "the rest"—at your Meteor dealer's soon.

Certain features illustrated or mentioned are standard on some models, optional at extra cost on others.
