Mount Mellick Farmers' Club.

The Mount Mellick Farmers' Club, which met at Mr. A. Boswell's, on Thursday last, and which has been in a semi-dormant condition for some time past, has, through the exertions of some leading members, been resuscitated, and is again on the high road to prosperity.
After viewing the farm and stock of our worthy President, we were invited to spend the remainder of the evening at his house, where we were hospitably entertained. After the usual business in connection with the Club was disposed of, and the rendition of several anecdotes, the meeting dispersed, to meet on the third Thursday in August, at Mr. Delhanty's, when we hope all will make it a point to attend and aid in the success of the meeting. It has a good effect in favoring farm life for one to make himself active in public affairs. The mind is made active by contact with others, and thus leads him to go to work on the problem of the better ways of carrying out the farm business.
