Gleaned by the Guardian Reporters

Look up the want col. for an ad. of house wanted by April 1st. The ice is still good on Stanley Bay and farmers are engaged in raising mussel mud. The W. C. T. U. will meet on Monday, April 4th, at 4 p.m. All members are earnestly invited to be present.

We are glad to learn that Mrs. Hamilton, wife of Rev. G. W. Hamilton has quite recovered for a week's severe attack of quincy. The talk to young men in the Y. M. C. on Wednesday evening will be given by Hon. D. Laird, on the "Great Northwest."

By a telegram received in this city yesterday from Brooklyn we are glad to learn that Mrs. Dr. Cramer is recovering from her illness. Mr. McEwen is still writing to the Examiner. The readers of this paper have our deepest sympathy in the dire calamity which has befallen them.

GALBRAITH'S BAND will attend the funeral of the late Judge Young today, and head the procession as a voluntary tribute of respect to the deceased. There was a fair attendance at the rink last night. The ice was in first-class order, and the Band contributed their share to the enjoyment of the evening.

Mr. McPherson, Mr. T. A. McLean, Miss Fraser, Miss Eville, Mr. Davidson, Mr. Hoertz, Rev. Mr. Carruthers, Miss Stentford and others at to-night's concert. CAPT. D. LANE, of the Rocky Point ferry boat, succeeded in making a crossing to this city Monday. The boat had to be hauled a considerable distance over the ice.

A FURNACE NOTICE.—The funeral of the late Judge Young will take place this afternoon. Services at the house at 3.30 o'clock, thence by procession and train to Sherwood cemetery.

WORTHY OF EXAMPLE.—A Catholic last week gave \$60 each to the Charlottetown and P. E. Island Hospitals, also the same amount to St. Vincent de Paul Society, St. Vincent de Paul Society desires to thank the unknown friend for so generous a gift.—Examiner. "JUDGE"—a legal gentleman long resident in Washington, said of Mrs. Hunt's address before the United States Senate Committee that it had never been surpassed in oratory by anything ever heard on the floor of the Senate or the House.—From a Washington Newspaper Correspondent.

Something should be done to put a stop to the habit of street corner loafing. Every evening, especially Sunday, dozens of young men congregate at the corners of the principal streets ostensibly for the purpose of insulting passers by. In no other city in Canada would such a state of affairs be allowed to exist.

Our local legislators do not seem in any particular hurry to get through with the business of the country. It is just one week to-day since the house opened and all that time has been spent in going through the form of replying to the speeches. The house met on Saturday and adjourned, ditto Monday. Better get a hustle on.

Rev. Mr. Harding, in his lecture last evening, in speaking of the sacredness of the marriage bond, told the following humorous anecdote: Father—Jean, and so you are going to be married? Jean—Yes father. Father—Jean, it's a solemn thing. Jean—Yes father. Father—Jean, it's a very solemn thing. Jean—Yes father, but it's a more solemn thing not to be married.

As will be seen by reference to our advertising columns the business of the Imperial Insurance, formerly represented here by Mr. F. T. Newbery, is now in the hands of Mr. Michael Treason. Mr. Treason has had a large experience in the business, and is a young man enjoying the confidence of the entire community. We have no doubt that Imperial will still continue to do a large business under his management.

LOWER MONTAGUE.—A very successful concert and pie social was held on Friday evening, 26 inst., under the auspices of Keefe Lodge, I. O. G. T., at Lower Montague, which realized quite a handsome sum in aid of the funds of the lodge. A program consisting of vocal and instrumental music, readings, recitations and dialogues in which all performed their part very creditably, was highly appreciated by a respectable and intelligent audience.—COM.

PROSECUTOR MATTHEW procured two convictions against Patrick Doyle, of Mount Stewart, on the 25th of March, for violation of the Canada Temperance Act (first offence). Doyle being present at the time of the conviction, the magistrates issued a warrant and sent him off to jail. It is to be hoped that he will not return as soon as he did on the last occasion. Other cases were up for hearing, but the witnesses failing to put in their appearance, they were adjourned for further hearing. Prosecutor Matthew informs us there is one bad dcn in Mount Stewart yet fully worse than Cleary's.

"HAPPY HOMES" was the subject of a very interesting lecture delivered Monday evening at the Christian meeting house, on George Street, by Rev. W. H. Harding of Summerside. The speaker first referred to the instinctive love of home in animals. This is especially true of man. A home is constituted by father, mother, children and surroundings. The happiness of a home depends more on the character of its occupants than on the furniture and splendor. Young men were advised to prepare the cage before securing the bird. This should be selected with regard to location, comfort, etc. Love is the most essential element in a happy home and produces a mutual desire for each other's welfare. True happiness can only be found in christian homes. The speaker pointed out the fact "that homes there are that are no homes." The principal causes of unhappy homes are interperate husbands, hot-tempered, scolding wives and distant, wayward children. Good advice was given along this line as to how happiness could be secured and maintained. The lecture was replete with amusing illustrations, which were greatly enjoyed.

More crushing evidence of square dealing. Notwithstanding the hard times Prowse Bros. have increased their business 40 per cent over last year. Low prices, good goods and extensive advertising do the work.—mch 29 31.

We are informed that the "Reminiscences," from the life of Mr. John R. es, will be put to press without delay, as he has nearly the requisite quantity of advertisements to warrant him in proceeding with the work. This little publication is a rare dastard, in which he devotes one-half the page to reading, the other half to advertising, thereby giving the reader the opportunity of perusing the advertisements in consecutive order throughout. The facts to which the Young Ladies' Journal will be read with interest by those who engaged in it, as well as by the men of today, who know of it only by hearsay. The pamphlet will be stitched in paper covers, and sold at the small sum of ten cents each.

Dr. Kendrick's White Liniment cures and relieves Rheumatism and Neuralgia.

THE EXERCISES in connection with the Literary Department of the Epworth League, on Monday evening, were of a highly interesting character. After the opening music by the choir, a paper on "Boston" was read by Miss Alice Macintosh in a very pleasing manner. A choice selection of classical music was given by Miss Ella McMurray. The principal feature of the evening was a highly interesting paper read by Mrs. Richard Goff, descriptive of a tour through the principal countries of Europe, France, Germany, Austria, Germany, Belgium and Holland were also given in a pleasing manner.

Y. W. C. A.—The annual meeting of the Young Women's Christian Association was held in the lecture room of the Y. M. C. A., on Saturday afternoon, March 26th, Mrs. Heard presiding. The meeting was opened with reading of scripture and prayer. After the report of the Recording Secretary and Treasurer were read and adopted, plans of work for the coming year were freely discussed. One prominent feature of this Society's work is giving letters of introduction to young women seeking employment in Boston or New York, where they are aided by kindred associations in finding respectable employment. The following officers were chosen for the ensuing year:—

President.—Mrs. Hensley. Vice-presidents.—Mrs. Smallwood, Mrs. James DesBrisay.

Executive committee.—Mrs. Hamlyn, Mrs. Heard, Mrs. Coffin, Mrs. Brooks, Miss Sullis, Miss Davis. Corresponding Secretary.—Mrs. Hensley. Recording Secretary.—Miss Clark. Treasurer.—Miss Doull.

THE DISCIPLES of Christ opened a fine house for worship in New Glasgow, on Sunday, 20th March. Notwithstanding the storm there was a good attendance in the morning. In the afternoon and evening the house was packed. The preaching was done by Rev. W. H. Harding, of Summerside, and both deserve credit for the enterprise and desire to advance the Kingdom of the Master.

BOSTON MARKETS.—Our advices for March 24th state:—The produce and provision market is still dull though steady prices prevail. There is no change worth mentioning since last week. Prices are as follows: Dairy produce. Western creamery butter, 28c; imitation creamery, 25c; factory, 21 to 22c; northern creamery, 20c; New York and Vermont dairy, 23 to 25c; eastern creamery, 25 to 28c; cheese, north-rn full creams, 12 1/2 to 13c; fair to good, 9 to 12c; western, 12c; sage, 13 to 13 1/2c. There is no improvement to note in the horse market. There is a fair business doing, but prices are low and unsatisfactory. One auctioneer disposed of 41 head this week at an average of \$100 each. These, of course, were second-hand horses and suitable for working and driving. Fifty head of western horses brought about \$125 each. There is a fair trade in nice horses, one pair bringing \$332, but these were of excellent stock and mated. Maine horses are arriving this week and commanding only fair prices.

THE ladies of the Baptist Church Sewing Circle will hold a pie social and entertainment to-night in Ludlow Hall. Great preparations are being made, and no doubt the affair will prove a success.

DURING the special services held in Lower Free-town Hall, we learn that a meeting was held last Thursday afternoon, in which about all present took part, a fact which is suggestive of the deep interest manifest.

It is to be deplored that peaceful citizens are obliged, while returning from Divine Worship, Saturday evening, to listen to profane recitations as they pass by those who congregate at different points and use such language in loud and heated arguments.

MR. JOHN CLAY, teacher of the young ladies class in the Presbyterian Sunday school of this town, was the recipient, last Saturday evening, of an elegant Silver Cup, presented by the members of the class, as a mark of the high degree of esteem in which he is held.

MAGISTRATES COURT.—Mrs. Cairns, of Cape Traverse, was up Saturday before D. Montgomery, J. P., and L. Morris, J. P., charged with second violation of the C. T. A. and fined \$100. The witnesses on the case gave their testimony in a remarkably straightforward manner.

MONDAY, 4th APRIL,

At the uniform price of \$3.00 per acre.

Only one-tenth of the purchase money required down. A payment of \$48.00 will secure a farm of 160 acres; the balance of the purchase money is payable in nine annual instalments; interest six per cent. The usual regulations regarding mineral and other rights remain in force with respect to these lands.

EDMONTON LANDS.—The lands in the Edmonton District will be sold by Auction at Edmonton on 3rd May.

The Government give one quarter section (160 acres) free to every bona fide settler. A second quarter section can be pre-empted by deferred payments.

The Canada Northwest has the most productive soil in the world. Its wheat fetches the highest price; its live cattle are admitted to the English markets, while United States cattle are not. There is a market for the farmer at every station; and there are schools and churches wherever there are settlers. It is not subject to drought nor floods, to grasshoppers or to cyclones or tornadoes. Ask any Canadian Pacific Railway agent for books and maps concerning it; ask for "Farming and Ranching in Western Canada," or the "Free Farms" map, or "Actual Experience," and read the testimony of men who have gone there from Eastern Canada. Young women are in great demand; they find occupation as domestics directly they arrive, and readily get married to prosperous young farmers. Young men or young women can start life there almost without money. They make the money there; an independence is gained in a very few years by the thrifty.

The old settlers of Prince Edward Island should use their influence with the young men who intend emigrating to keep them within the Dominion, where they are offered better advantages than in the United States and do not lose their nationality.
