RUSSIA MAKES APPEAL FOR CEASE FIRE IN KOREA

Tankers Tied Up As Iran Presses Oil Control

\$130,000 Extra Vote For Savage Harbour Channel

Word has been received by The Guardian from Mr. Thomas Kichham, M. P. for King's, that an additional \$130,000 for King's County has been included in the supplementary estimates at Ottawa for new channel improvements at Savage Harbour.

After more than twenty-five years of endeavoring to conquer the quirks of nature at Savage Harbour, it is believed by the Department of Public Works that dredging at the present time will give fishermen in that area a passage through the harbour which will stay open.

In 1922 a group of fishermen excavated, without any outside help, a channel near the West coast of the harbour, and finished it on a Saturday. On the Sunday they took their boats through it but after a heavy wind that night found the next day they were once again able to walk on dry land where the channel had been.

Three years later the Department of Public Works started dredging a 200 foot channel near the Eastern side of the harbour and finished it in August, 1927. In October of that year another storm partially filled the new channel, and it was noted later that the channel was gradually working East at the other end.

Shutdown Of Huge Refinery Is Threatened

ABADAN, Iran, June 24—(AP)—Iran threatened today to take "naval action" to stop the British tanker Dolabella which sailed with a cargo of Iranian oil but no action developed, the manager of Anglo-Iranian Oil Company said.

Two Iranian soldiers prevented the departure of another tanker, British Empress, A.I.O.C. manager A. E. C. Drake told reporters.

These were the latest developments in a dispute over oil nationalization which threatened to clog this big oil port with paralyzed shipping and perhaps force a shutdown of the billion-dollar A.I.O.C.'s huge refinery here.

First Paving Begun On Trans-Canada Highway

Paving of the Trans-Canada Highway at Bonshaw was commenced in this Province on Friday when contractors, Curran & Briggs Ltd., began to pour asphalt on the ten-mile stretch they have been working on in that area.

This is believed to be the first hard surfacing to be laid on any part of the new highway in the Dominion since the signing of the agreements.

Curran and Briggs have also been awarded contracts for paving the new highway between Kensington and New Annan, and between Wilmot and Bedouque, a total of approximately seven miles.

Suggestion Is Greeted With Degree of Caution

(By Norman Alstedder, Canadian Press Staff Writer)

UNITED NATIONS, N. Y., June 24—(CP)—Russia proposed Saturday a conference of both sides in Korea for a cease-fire, armistice and withdrawal of troops from the 38th parallel.

Jakob A. Malik, chief Soviet delegate at the United Nations, made the proposal which diplomats noted was the first Russian peace bid (mitting conditions especially favorable to Communist China).

He spoke on the weekly U. N. "Price of Peace" series, broadcast across the United States Saturday and internationally today.

U. N. Secretary-General Trygve Lie today backed up Malik's bid—virtually putting the Russian proposal on record as basis for a conditional hope for a cease-fire. Lie telephoned U. N. headquarters a statement from his home in Oslo, Norway, where he arrived Saturday on vacation. He urged negotiations for a cease-fire at the "earliest possible date."

Savage Fighting As Korean War Enters 2nd Year; No Sign Of Truce

By DON HUTH

TOKYO, June 25—(Monday)—(AP)—The Korean war today entered its second year with the opposing forces of Communism and the United Nations bitterly engaged man to man, gun to gun, and plane to plane.

Chinese Communist troops hurried Allied forces from two key hills on the central front Sunday and attempted to encircle an Allied task force in the west as the war dragged to the end of its first year.

The heaviest fighting was only 17 to 20 miles north of the 38th parallel.

In both actions Sunday, the U. S. Eighth Army's artillery laid down withering fire on the foe but Red guns roared back defiantly.

While the world weighed Russia's proposal for a cease-fire, the buds of peace were not sprouting yet on the 100-mile-long Korean battlefield.

Lt. Gen. James A. Van Fleet said his Eighth Army was operating on a "business as usual" basis. Except for a small pocket in the extreme west, his troops had driven the Communists out of South Korea.

M. and 1 P. M. Mr. W. R. Shaw, guest speaker in the evening. Everybody welcome.

Hog Production Seen Unchanged

OTTAWA, June 24—(CP)—The Agriculture Department expects about the same number of hogs to be marketed across the country this year as last, Agriculture Minister Gardiner said Saturday night during Commons study of his estimates.

He conceded that marketings currently are running about seven per cent below the same date last year, but said breeding records indicate the total for the year will be about the same.

KILLED BY MOTORCYCLE

NEWCASTLE, N. B., June 24—(CP)—Raymond LeBlanc, 30, of St. Wilfred, died in hospital here Saturday after suffering a skull fracture in a motorcycle accident near his home. He was thrown from the back of the vehicle, driven by Roger LeBlanc, when it struck loose gravel and swerved into the ditch. No inquest will be held.

Call Court Session

At The Hague, the Netherlands, World Court called an emergency session next Saturday for its judges, including a Russian, to hear Britain's application for a virtual injunction against Iran in the dispute.

Britain Friday asked the court to "indicate interim measures of protection of the rights of the Government of the United Kingdom" in Iran.

The application, made public Saturday said the matter was of "extreme urgency" because if the Iranian Government pursues its present policy the "gravest damage" is likely to be done to the A.I.O.C.

Iranian officials have been demanding that tanker captains sign receipts that they owe the Iranian Government for their oil cargoes. It was only after the

Voters Go To Polls In Four By-Elections Today

OTTAWA, June 24—(CP)—Four Federal by-elections will be held Monday to fill vacancies in the Commons.

The vacancies, caused by deaths and resignations, are in the Prince Edward Island constituency of Queens, the Ontario constituency of Waterloo South and the Manitoba constituencies of Brandon and Winnipeg South Centre.

Ten candidates are contesting the by-elections, which bring to 21 the number of such contests since the 1949 general election.

Of the 17 other by-elections, the Liberals have won eight, the Progressive Conservatives four, Independent Liberals four and Independents one. The Independent—Edgar Leduc of Montreal Jacques Cartier—has since joined the Liberal Party.

The present Commons standing: Liberal 185; Progressive Conservatives 42; C. C. F. 13; Social Credit 10; Independent Liberal four; Independent four; vacant four; total 262.

The Progressive Conservative total includes A. L. Smith, member for Calgary West, who announced last January that he planned to

15 Arrested As Airmen Battle With Zoot-Suiters

EDMONTON, June 24—(CP)—Fifteen persons are under arrest today charged with carrying offensive weapons Saturday night as the week-long feud in Edmonton between zoot-suiters and service men again flared into violence.

Police reported 11 of those arrested are airmen. Three are civilians between 18 and 21 years of age. The other person under arrest is a 52-year-old man who suffered a broken arm in Saturday night's fighting.

Police also reported no persons were injured in half a dozen scuffles between the warring parties, who travelled the streets in gangs. Earlier in the week, three airmen, one with a fractured skull, were taken to hospital.

Downtown Edmonton again was the scene of a big traffic jam as thousands of pedestrians and motorists came out in force to get a ring-side view of the war.

Police patrolled the streets in a sound truck appealing to citizens to go home.

Huge crowds surged around police and service provost men whenever they separated unruly teen-agers and service men.

Four Sent To Jail

DRUMHELLER, Alta., June 24—(CP)—Four zoot-suiters were sentenced to 30 days in Lethbridge jail Saturday, when convicted on a charge of creating a disturbance.

Sentenced were James Jenkins, Ronald Cormier, Louis Hlynsny and Thomas Devlin.

Two juveniles are to appear in court on similar charges.

According to court evidence, the youths, on their way to a dance at nearby Michichi, swerved in front of another car, forcing it to halt. They attempted to pull the driver out of the car, used abusive language and threatened to throw the motorist under the car.

New Pensions Bill Passed By Parliament Saturday

OTTAWA, June 24—(CP)—Pensions of \$40 a month for needy Canadians at age 65 and extended financial aid to the blind came close to reality at a Saturday session of Parliament.

Health Minister Martin put through all stages bills providing the old age pension at age 65 instead of 70 as at present, and a measure widening the scope of financial aid to the blind.

At the fall session the Government will bring in legislation providing for a Federal pensions to all Canadians at age 70 without the means test, payments to begin Jan. 1, 1952.

The pensions legislation now goes to the Senate.

The lowered limit on old age pensions was welcomed by all parties but there was argument for abolition of the means test which

No Case of Swine Disease Here

"There has never been a known case of infectious atrophic Rhinitis (swine disease) in this province," stated Mr. H. W. Clay, Senior Livestock Fieldman with the Dominion Department of Agriculture, last night as he discussed the outbreak among swine in the United States as reported in Friday's Guardian.

"There is one way in which this deadly swine disease may be prevented here, he said, and that is to avoid importing outside breeding stock.

He stated that there had been serious outbreaks of rhinitis in Western and Central Canada and said that one of the reasons why Island sales have been easily made is that swine in the Province have not been affected.

He regretted that the disease had spread rapidly through some of the best hog raising areas in the U. S. A. The disease makes pigs sneeze and causes certain bones of the animals face to disintegrate. There is no known cure for it.

The American Veterinary Medical Association has stated that it is becoming a serious menace to the swine industry in the U. S. A.

Rinfret Heckled In Toronto By Postal Employees

TORONTO, June 24—(CP)—Postmaster-General Rinfret was sharply heckled today at a meeting of Toronto district postal employees.

The meeting, which grew heated at times, unanimously voted an eight-point resolution calling, among other things, for a 40-hour, five-day week and an "adequate" cost-of-living bonus, retroactive to last Dec. 1.

The Postmaster-General outlined economy measures taken by the Department and thanked employees for the extra efforts they had made in handling service with a reduced staff.

"Ah, drop dead," interjected an unidentified person from the floor.

Mr. Rinfret retorted that his own working hours for a time had stretched from 9 A.M. to anywhere from 2 to 4 A.M. the following day. He now was working "only" 15 hours a day.

The Federal Cabinet Minister was repeatedly heckled during his speech, in which he pleaded for "partnership" in the postal service. He silenced one persistent heckler by saying: "If you have a speech to make, will you please, make it from the platform."

Sees Russia Balking As Arms Arsenal For China

TOKYO, June 24—(AP)—Gen. Matthew B. Ridgway said today he does not believe Russia has any intention of supplying Chinese Communists the arms and equipment they would need to win the war in Korea.

The commander-in-chief of the United Nations forces in Korea did not mention the Russians by name in a formal statement marking the first anniversary of the war. He referred to Russia as the professed "friend and ally" of the Chinese.

Ridgway said Russia's supply of adequate arms "would build up in Communist China a military power which could effectively prevent the domination and eventual absorption of Manchuria by that 'friend and ally.'"

"Surely the Chinese Communist leaders do not believe that their 'friend' would permit this to happen... surely the Chinese people, with their great common sense, must see things in their true light."

Ridgway said that "it must be clear to them (the Chinese Reds)

Good Success In Air Exercises

NEWBURGH, N. Y., June 24—(AP)—The Eastern Air Defence force wound up a three-day, 19-state test today with emphasis on the need for army, navy and civil observer co-operation in air defence.

"We do not claim that radar and fighters would stop every attacking aircraft before it reaches its target," Maj. Gen. Frederic H. Smith, Jr., E.A.D.F. commander, said in an evaluation of the problem issued at his Stewart Air Force base headquarters.

Because of the bad weather Saturday, many "attacking" bombers flew in at low levels, below the range of radar, he said, showing the "need" for the 200,000-man ground observer corps.

Smith said the army's anti-aircraft guns are needed for "close-in" defence at important centres, while the heavy simulated air attack from the sea "emphasized a requirement for assistance of navy radar and fighters."

Rotary Club Plans Sessions At Amherst

AMHERST, N. S., June 24—(CP)—Delegates from 49 Rotary Clubs in the Maritimes, Newfoundland, and Northern Maine, will hold their District 284th annual assembly here tomorrow.

District Governor Edwin C. Johnston, Charlottetown, will preside at the one-day session.

CHICAGO, June 24—(AP)—A new law and a new judge gave new warning Saturday to dope peddlers—George Gilbreath, 50, was banished to prison for 25 years to life. He was found guilty of selling two capsules of heroin for \$3 to Phillip Petress, 15, May 6 three days after the new law against narcotics sales to minors was enacted.

One Canadian Among 40 Killed In African Crash

MONROVIA, Liberia, June 24—(AP)—Twenty-eight bodies so far have been hauled from the charred wreckage of Pan American's four-engine Constellation today and carried to the tiny Lutheran mission station of Sanyeh for burial.

No survivors were found among the 31 passengers and nine crew members who crashed against a jungle mountainside early Friday during a rainy-season flight from Johannesburg, South Africa, to New York.

(Among the passengers listed was William Ross Storey, an executive of the Ford Motor Company of Canada at Windsor, Ont. He was recently appointed manager of the company's overseas operations and was on a trip to South America and Britain.)

A rescue party that reached the scene early today found burned bodies and wreckage strewn over a hillside 1,600 feet high, close to the St. Paul River, about 50 miles northeast of this Liberian capital and 13 miles from the nearest passable road.

Except for the crew, identified by their uniforms, the bodies could not be identified here.

Besides the bodies, 60 headloads—the load one native can carry on his head—of baggage, airmail and diplomatic pouches were recovered. Burial of the bodies was authorized at the village, a collection of about 300 huts.

Burial rites will be performed tomorrow by Father Mullins, a Roman Catholic, the Lutheran missionary, Rev. L. T. Bowers of the nearby Totota station, and possibly Methodist, Baptist and other Protestant ministers.

Mr. Walter LePage Heads Maritime Region Jaycees

Mr. Walter LePage, Charlottetown, was elected President of the Maritime Region Junior Chamber of Commerce here Saturday morning as the Jaycees wound up their three day convention in the Island capital.

Mr. LePage defeated Mr. Lyman Purnell of Lancaster, N. B. in a ballot vote for the presidency. Another nominee, Mr. Arnold Ferguson of Bathurst, N. B. withdrew before the election due to pressure of business.

Mr. Jack Morris of Charlottetown was elected vice-president for Prince Edward Island. Mr. Stewart Russell, Moncton, was elected vice-president for New Brunswick and Mr. Arthur Cooke, Halifax, vice-president for Nova Scotia.

Mr. LePage, the son of Mr. W. R. LePage, Charlottetown, and is branch manager of the LePage Shoe Company. He is a former student of Mount Allison University and is very well known in athletic circles, being a track, basketball and football star.

Following the election a meeting of the new executive was held. Mr. Bob Younker, Charlottetown, was elected regional secretary and another Charlottetown man, Mr. Fred Pound, was elected regional secretary and credentials chairman.

Other officers elected were: Regional tourist chairman, Mr. Arthur Wallace, Moncton; regional public relations chairman, Mr. Lyman Purnell, Lancaster, N. B.; regional oratorical chairman, Mr. Ronald Rhymer, Dartmouth, N. S.; constitution committee, Messrs. Lyman Purnell and George Piercey, Halifax.

A fall conference will be held in Saint John on September 8. At that time it will likely be decided where next year's convention will be held.

On Saturday afternoon the delegates and their wives went on a tour of the north side of the Province. They were guests of the P. E. I. Harness Racing Association at the races Saturday night.

The delegates were highly pleased with the manner in which the convention was conducted and were warm in their praise

of general chairman Jack Morris and his committee.

HALIFAX, June 24—(CP)—Official forecasts issued tonight by the Dominion Public Weather Office here and valid until midnight Monday.

SYNOPSIS:
A disturbance over the Great Lakes is moving towards Eastern Quebec and will cause rain over the northern regions Monday. Elsewhere in the district here will be variable cloudiness and the weather will continue warm.

REGIONAL FORECASTS:
Prince Edward Island—Variable cloudiness. Continuing warm. Light winds low and high at Charlottetown 55 and 75.

High tide today at 3:27 A. M. and 3:10 P. M.
Sun rises at 4:27 A. M. and sets at 8:08 P. M.
Summerside tide eighteen minutes later than Charlottetown.
