NOTICE TO WATER TAKERS OF CHARLOTTETOWN

Because of the great amount of water wasting which could seriously threaten the water supply, the Commissioners of Sewers and Water Supply for the City of Charlottetown have instituted a survey of causes of wastage, including faulty fixtures, unnecessary leakage and illegal use of water.

For the benefit of the public, we are quoting below by-laws and regulations of the Water Department.

BY-LAWS AND REGULATIONS

The following by-laws and regulations shall be considered a part of the contract with every person who uses the water, and the fact of using it shall be considered as expressing assent on the part of the user to be bound thereby:

1. All applications for service pipe and the use of water must be made at the office of the Water Commissioners on forms supplied by them, stating fully and truly the various uses to which the water is to be applied, and should it subsequently be required for other purposes, notice must be given before the desired change is made.

3. All bills for water shall be payable at the office of the Water Commissioners quarterly in advance, on the first days of January, April, July and October. If not paid within ten days, the water will be shut off and not let on again, except on payment of one dollar ($1) inaddition to the rates due.

6. All persons using water must keep the water pipes and fixtures within their premises in good repair and protected from frost, at their own expense.

7. Water-takers shall prevent all unnecessary waste, and water shall not be left running to prevent freezing. There shall be no concealment of the purposes for which water is used.

8. Any person supplied with water shall not allow another to take water from their fixtures without the written permission of the Water Commissioners.

9. No increase or extension of fixtures shall be made without written permission from the Board, and no master or journeyman plumber shall add any such extensions without first securing said permission.

12. The suitability of all fixtures, plumbing and piping will be subject to the approval of the proper officers of the Board.

16. Water-takers violating any of the by-laws of the Water Commissioners shall be liable to have their supply of water shut off until the cause of offence is removed and the payment of $1.00 is made.

17. Any person who shall violate number one, six, seven, eight, nine, twelve or thirteen of the foregoing by-laws, upon conviction before a Justice of the Peace, shall forfeit and pay a sum not exceeding ten ($10) dollars, to be recovered by and paid to the Water Commissioners, for Water Works purposes, or in default of payment be imprisoned in the jail of Queen's County for a term not exceeding ten days.

NEW YORK

NEW YORK (AP)—The stock market struggled in vain Friday to hold its ground but tumbled into a decline for the third consecutive day.

The decline wasn't as steep as in the two previous sessions.

A good flow of dividend raises and stock splits failed to provide much encouragement.

The Dow Jones average of 30 industrials dropped 3.22 at 659.72 and Standard and Poor's index of 500-stocks was off .19 at 64.10.

The Associated Press 60-stock average declined .8 at 251.1.

Volume dipped to 3,950,000 shares from 4,110,000 Thursday.

Chrystler, off 1½ at 87⅝ on 95,600 shares, led in activity. American Motors was off ⅛ to 20⅛ on 56,000 shares.

Weakness in Chrysler and American Motors was attributed in some quarters to a lower rate of automobile production this week than last week because of growing dealer inventories.

Steels, rubbers, utilities, oils and airlines were lower. Motors, aircrafts, chemicals, rails and tobaccos were mixed.

U.S. Steel and Republic Steel took fractional losses.

Walker Gooderham rose 1⅛ among Canadian issues while Hudson Bay Mining and Dome Mines each gained ⅜. International Nickel was up ⅛. Aluminium Ltd. fell ⅜, Distillers Seagrams ¼ and Canadian Pacific ⅛.

TORONTO

TORONTO (CP)—After opening on a slightly lower tone, the stock market rallied with the support of stronger banking issues to close higher in all sections Friday.

Industrials climbed 2½ points on the exchange index as all other sections rose fractionally in moderately heavy action.

Royal Bank led financial issues on the main list, rising 1¼. Bank of Montreal kept pace with a ⅞ rise and Imperial Bank of Commerce, Royal, Toronto-Dominion and Industrial acceptance all rose in a ⅛ to ½ range.

Walker-Gooderham was indicative of today's fluctuating activity as it closed ahead ¾ to 56¼ after reaching a new low of 55 near mid-day.

Building Products slumped five points to 25 at nooon, but regained some earlier losses to close down 3½ at 27½.

Other weak issues on the main list included Canadian tire, down two points to 42, and Dupont, off ¾.

On index industrials rose 2.50 to 588.69, golds .97 to 91.82, base metals .29 to 196.17 and western oils .25 to 115.47. Final volume was 3,036,000 shares compared with 2,986,000 Thursday.

Among base metals, International Nickel gained ½, Noranda ⅝ and Falconbridge ⅛.

Golds were active Friday as Hollinger was ahead ⅛ at 26 after reaching a new high of 26¼ earlier. McIntyre Porcupine rose ½ to 50.

Western oils were extremely quiet with few significant changes.
